1. Summary of Significant Accounting Policies

(a) Basis of Presentation: Our unaudited consolidated financial statements include the accounts of Willis Lease Finance Corporation and its subsidiaries ("we" or the "Company") and have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission for reporting on Form 10-Q. Pursuant to such rules and regulations, certain information and note disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. The accompanying unaudited interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto, together with Management's Discussion and Analysis of Financial Condition and Results of Operations, contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments (consisting of only normal and recurring adjustments) necessary to present fairly our financial position as of September 30, 2012 and December 31, 2011, and the results of our operations for the nine months ended September 30, 2012 and 2011, and our cash flows for the nine months ended September 30, 2012 and 2011. The results of operations and cash flows for the period ended September 30, 2012 are not necessarily indicative of the results of operations or cash flows which may be reported for the remainder of 2012.

Management considers the continuing operations of our company to operate in one reportable segment.

(b) Fair Value Measurements:

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs, to the extent possible. The standard describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value which are the following:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Assets and Liabilities Measured and Recorded at Fair Value on a Recurring Basis

We terminated six interest rate swaps with a notional value of $215.0 million on September 17, 2012. The originally specified hedged forecasted transactions were terminated upon the closing of Willis Engine Securitization Trust II ("WEST II") on September 17, 2012. The effective portion of the loss on these cash flow hedges was $10.1 million and was reclassified out of accumulated other comprehensive income and recorded in earnings for the three months ended September 30, 2012. As of September 30, 2012, we have one interest rate swap remaining under our revolving credit facility.

We measure the fair value of our interest rate swap of $100.0 million (notional amount) based on Level 2 inputs, due to the usage of inputs that can be corroborated by observable market data. We estimate the fair value of derivative instruments using a discounted cash flow technique. Fair value may depend on the credit rating and risk of the counterparties of the derivative contracts. We have interest rate swap agreements which have a cumulative net liability fair value of $2.1 million and $12.3 million as of September 30, 2012 and December 31, 2011, respectively. For the nine months ended September 30, 2012 and September 30, 2011, $6.0 million and $8.8 million, respectively, were realized as interest expense on the Consolidated Statements of Income (Loss).

The following table shows by level, within the fair value hierarchy, the Company's assets and liabilities at fair value as of September 30, 2012 and December 31, 2011:

	Assets and (Liabilities) at Fair Value							
	September 30, 2012				December 31, 2011			
	Total	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3
	(in thousands)							
Liabilities under derivative instruments	$ (2,115)	$ —	$ (2,115)	$ —	$ (12,341)	$ —	$ (12,341)	$ —
Total	$ (2,115)	$ —	$ (2,115)	$ —	$ (12,341)	$ —	$ (12,341)	$ —

During the nine months ended September 30, 2012 and December 31, 2011, all hedges were effective and no ineffectiveness was recorded in earnings.

Assets Measured and Recorded at Fair Value on a Nonrecurring Basis

We determine the fair value of long-lived assets held and used, such as Equipment held for operating lease and Equipment held for sale, by reference to independent appraisals, quoted market prices (e.g. an offer to purchase) and other factors.

The following table shows by level, within the fair value hierarchy, the Company's assets measured at fair value on a nonrecurring basis as of September 30, 2012 and 2011, and the losses recorded during the three and nine months ended September 30, 2012 and 2011 on those assets:

	Assets at Fair Value (in thousands)				Total Losses Three Months Ended September 30, 2012	Total Losses Nine Months Ended September 30, 2012
	Total	Level 1	Level 2	Level 3	(in thousands)	
Balance at September 30, 2012						
Equipment held for sale	$ 8,117	$ —	$ 7,580	$ 537	$ 2,474	$ 2,756
Total	$ 8,117	$ —	$ 7,580	$ 537	$ 2,474	$ 2,756

	Assets at Fair Value (in thousands)				Total Losses Three Months Ended September 30, 2011	Total Losses Nine Months Ended September 30, 2011
	Total	Level 1	Level 2	Level 3	(in thousands)	
Balance at September 30, 2011						
Equipment held for sale	$ 4,501	$ —	$ 4,169	$ 332	$ 2,306	$ 2,306
Total	$ 4,501	$ —	$ 4,169	$ 332	$ 2,306	$ 2,306

At September 30, 2012, the Company used Level 2 inputs and, due to a portion of the valuations requiring management judgment due to the absence of quoted market prices, Level 3 inputs to measure the fair value of engines that were held as inventory not consigned to third parties. The fair values of the assets held for sale categorized as Level 3 were determined based on the net book value at September 30, 2012. An impairment charge is recorded when the carrying value of the asset exceeds its fair value. An asset write-down of $0.3 million was recorded in the three months ended March 31, 2012 based on a comparison of the asset net book values with the proceeds expected from the sale of engines. A further asset write-down of $2.5 million was recorded in the three months ended September 30, 2012, based upon a comparison of the asset net book values with the revised net proceeds expected from part sales arising from consignment of the engines. An asset write-down of $2.3 million was recorded in the three and nine months ended September 30, 2011, based upon a comparison of the asset net book values with the revised net proceeds expected from part sales arising from consignment of the engines.

2. Management Estimates

These consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

The preparation of consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an ongoing basis, we evaluate our estimates, including those related to residual values, estimated asset lives, impairments and bad debts. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Management believes that the accounting policies on revenue recognition, maintenance reserves and expenditures, useful life of equipment, asset residual values, asset impairment and allowance for doubtful accounts are critical to the results of operations.

If the useful lives or residual values are lower than those estimated by us, upon sale of the asset a loss may be realized. Significant management judgment is required in the forecasting of future operating results, which are used in the preparation of projected undiscounted cash-flows and should different conditions prevail, material impairment write-downs may occur.

3. Commitments, Contingencies, Guarantees and Indemnities

Our principal offices are located in Novato, California. We occupy space in Novato under a lease that expires September 30, 2018. The remaining lease rental commitment is approximately $3.3 million. Equipment leasing, financing, sales and general administrative activities are conducted from the Novato location. We also sub-lease office and warehouse space for our operations at San Diego, California. This lease expires October 31, 2013 and the remaining lease commitment is approximately $0.2 million. We also lease office and warehouse space in Shanghai, China. The office lease expires December 31, 2012 and the warehouse lease expires July 31, 2017 and the remaining lease commitments are approximately $16,000 and $28,000, respectively. We also lease office and living space in London, United Kingdom. The office space lease expires December 18, 2012 and the living space lease expires January 3, 2013 and the remaining lease commitments are approximately $33,000 and $61,000, respectively. We also lease office space in Blagnac, France. The lease expires December 31, 2012 and the remaining lease commitment is approximately $4,000. We lease office space in Dublin, Ireland. The lease expires May 15, 2017 and the remaining lease commitment is approximately $0.2 million.

We have made purchase commitments to secure the purchase of four engines and related equipment for a gross purchase price of $38.5 million, for delivery in 2012 to 2015. As of September 30, 2012, non-refundable deposits paid related to these purchase commitments were $1.4 million. In October 2006, we entered into an agreement with CFM International (“CFM”) to purchase new spare aircraft engines. The agreement specifies that, subject to availability, we may purchase up to a total of 45 CFM56-7B and CFM56-5B spare engines over a five year period, with options to acquire up to an additional 30 engines. Our outstanding purchase orders with CFM for three engines represent deferral of engine deliveries originally scheduled for 2009 and are included in our commitments to purchase in 2013 to 2015.

4. Investments

On May 25, 2011, we entered into an agreement with Mitsui & Co., Ltd. to participate in a joint venture formed as a Dublin-based Irish limited company, Willis Mitsui & Company Engine Support Limited (“WMES”) for the purpose of acquiring and leasing IAE V2500-A5 and General Electric CF34-10E jet engines. Each partner holds a fifty percent interest in the joint venture. The initial capital contribution by the Company for its investment in WMES was $8.0 million. The Company provided the initial lease portfolio by transferring seven V2500 engines to the joint venture in June 2011. In addition, the Company made $1.0 million and $3.8 million capital contributions to WMES in the six months ended December 31, 2011 and nine months ended September 30, 2012, respectively, for the purchase of six engines, increasing the number of engines in the lease portfolio to thirteen. The $12.8 million of capital contributions has been partially offset by $3.6 million, resulting in a net investment of $9.4 million. The $3.6 million reduction in investment represents 50% of the $7.2 million gain related to the sale by the Company of the seven engines to WMES.

WMES has a loan agreement with JA Mitsui Leasing, Ltd. which provides a credit facility of up to $180.0 million to support the funding of future engine acquisitions. Funds are available under the loan agreement through March 31, 2013. WMES also established a separate credit facility for $8.0 million to fund the purchase of an engine, which is repayable over the 7 year term of the facility. Our investment in the joint venture is $9.4 million as of September 30, 2012.

We hold a fifty percent membership interest in a joint venture, WOLF A340, LLC, a Delaware limited liability company, (“WOLF”). On December 30, 2005, WOLF completed the purchase of two Airbus A340-313 aircraft from Boeing Aircraft Holding Company for a purchase price of $96.0 million.

The purchase was funded by four term notes with one financial institution totaling $76.8 million, with interest payable at one-month LIBOR plus 1.0% to 2.5% and maturing in 2013. These aircraft are currently on lease to Emirates until March and May 2013. Our investment in the joint venture is $10.1 million and $9.8 million, respectively, as of September 30, 2012 and 2011.

5. Long Term Debt

At September 30, 2012, notes payable consists of loans totaling $690.0 million, payable over periods of fifteen months to ten years with interest rates varying between approximately 2.71% and 5.50% (excluding the effect of our interest rate derivative instruments). At September 30, 2012, we had a revolving credit facility totaling $430.0 million with $159.0 million in funds available to us.

Our significant debt instruments are discussed below:

At September 30, 2012, we had a $430.0 million revolving credit facility to finance the acquisition of aircraft engines for lease as well as for general working capital purposes. We closed on this facility on November 18, 2011 and the proceeds of the facility, net of $3.3 million in debt issuance costs, were used to pay off the balance remaining from our prior revolving facility. On September 7, 2012, we increased this revolving credit facility to $430.0 million from $345.0 million. As of September 30, 2012, $159.0 million was available under this facility. The revolving credit facility ends in November 2016. Based on the Company's debt to equity ratio of 2.82 as calculated under the terms of the revolving credit facility at June 30, 2012, the interest rate on this facility is LIBOR plus 2.50% as of September 30, 2012. Under the revolving credit facility, all subsidiaries except WEST II jointly and severally guarantee payment and performance of the terms of the loan agreement. The guarantee would be triggered by a default under the agreement.

On September 17, 2012, we closed an asset-backed securitization ("ABS") through a newly-created, bankruptcy-remote, Delaware statutory trust, WEST II, of which the Company is the sole beneficiary. WEST II issued and sold $390 million aggregate principal amount of Class 2012-A Term Notes (the "Notes") and received $384.9 million in net proceeds. We used these funds, net of transaction expenses and swap termination costs in conjunction with our revolving credit facility, to pay off the prior WEST notes totaling $435.9 million. At closing, 22 engines were pledged as collateral on a net basis from WEST to the Company's revolving credit facility, which provided the remaining funds to pay off the WEST notes.

The assets and liabilities of WEST II will remain on the Company's balance sheet. A portfolio of 79 commercial jet aircraft engines and leases thereof secures the obligations of WEST II under the ABS. The Notes have no fixed amortization and are payable solely from revenue received by WEST II from the engines and the engine leases, after payment of certain expenses of WEST II. The Notes bear interest at a fixed rate of 5.50% per annum. The Notes may be accelerated upon the occurrence of certain events, including the failure to pay interest for five business days after the due date thereof. The Notes are expected to be paid in 10 years. The legal final maturity of the Notes is September 15, 2037.

In connection with the transactions described above, effective September 17, 2012, the Servicing Agreement and Administrative Agency Agreement previously filed by the Company as exhibits to, and described in, its Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2005 relating to WEST were terminated. The Company entered into a Servicing Agreement and Administrative Agency Agreement with WEST II to provide certain engine, lease management and reporting functions for WEST II in return for fees based on a percentage of collected lease revenues and asset sales. Because WEST II is consolidated for financial statement reporting purposes, all fees eliminate upon consolidation.

As a result of this transaction the Company recorded a loss on extinguishment of debt and derivative instruments of $15.4 million in the three months ended September 30, 2012 as a result of the write-off of $5.3 million of unamortized debt issuance costs and unamortized note discount associated with the full repayment of WEST notes on September 17, 2012 and the termination of interest rate swaps totaling $10.1 million.

At September 30, 2012, $390.0 million of WEST II term notes were outstanding. The assets of WEST II are not available to satisfy our obligations or any of our affiliates other than obligations specific to WEST II. WEST II is consolidated for financial statement presentation purposes. WEST II's ability to make distributions and pay dividends to the Company is subject to the prior payments of its debt and other obligations and WEST II's maintenance of adequate reserves and capital. Under WEST II, cash is collected in a restricted account, which is used to service the debt and any remaining amounts, after debt service and defined expenses, are distributed to the Company. Additionally, a portion of maintenance reserve payments and all lease security deposits are accumulated in restricted accounts and are available to fund future maintenance events and to secure lease payments, respectively. Cash from maintenance reserve payments are held in the restricted cash account equal to the maintenance obligations projected for the subsequent six months, and are subject to a minimum balance of $9.0 million.

On September 28, 2012, we closed on a term loan for a five year term totaling $8.7 million. Interest is payable monthly at a fixed rate of 5.50% and principal is paid quarterly. The loan is secured by one engine. The funds were used to purchase the engine secured under the loan.

On September 30, 2011, we closed on a term loan for a three year term totaling $4.0 million. Interest is payable at a fixed rate of 3.94% and principal and interest is paid monthly. The loan is secured by our corporate aircraft. The funds were used to refinance the loan for our corporate aircraft. The balance outstanding on this loan is $2.7 million as of September 30, 2012.

On January 11, 2010, we closed on a term loan for a four year term totaling $22.0 million. Interest is payable at a fixed rate of 4.50% and principal and interest is paid quarterly. The loan is secured by three engines. The funds were used to pay down our revolving credit facility. The balance outstanding on this facility is $17.7 million as of September 30, 2012.

The Company and its subsidiaries are required to comply with various financial covenants such as minimum tangible net worth, maximum balance sheet leverage and various interest coverage ratios. The Company also has certain negative financial covenants such as liens, advances, change in business, sales of assets, dividends and stock repurchase. These covenants are tested quarterly and the Company was in full compliance with all covenant requirements at September 30, 2012.

At September 30, 2012, we are in compliance with the covenants specified in the revolving credit facility Credit Agreement, including the Interest Coverage Ratio requirement of at least 2.25 to 1.00, and the Total Leverage Ratio requirement to remain below 4.50 to 1.00. At September 30, 2012, the Company's calculated Minimum Consolidated Tangible Net Worth exceeded the minimum required amount of $178.9 million. As defined in the revolving credit facility Credit Agreement, the Interest Coverage Ratio is the ratio of Earnings before Interest, Taxes, Depreciation and Amortization and other one-time charges (EBITDA) to Consolidated Interest Expense and the Total Leverage Ratio is the ratio of Total Indebtedness to Tangible Net Worth. At September 30, 2012, we are in compliance with the covenants specified in the WEST II indenture and servicing agreement.

At September 30, 2012 and 2011, one-month LIBOR was 0.21% and 0.24%, respectively.

The following is a summary of the aggregate maturities of notes payable at September 30, 2012:

Year Ending December 31,	**(in thousands)**
2012	$ 4,053
2013	19,237
2014	36,160
2015	20,934
2016 (includes $271.0 million outstanding on revolving credit facility)	293,216
Thereafter	316,441
	$ 690,041

6. Derivative Instruments

As discussed in Note 5, we terminated six interest rate swaps with a notional value of $215.0 million on September 17, 2012. The originally specified hedged forecasted transactions were terminated upon the closing of WEST II on September 17, 2012. The effective portion of the loss on these cash flow hedges was $10.1 million and was reclassified out of accumulated other comprehensive income and recorded in earnings for the three months ended September 30, 2012. As of September 30, 2012, we have one interest rate swap remaining under our revolving credit facility.

We hold one interest rate derivative instrument to mitigate exposure to changes in interest rates, in particular one-month LIBOR, with $271.0 million of our borrowings at September 30, 2012 at variable rates. As a matter of policy, we do not use derivatives for speculative purposes. At September 30, 2012, we were a party to one interest rate swap agreement with a notional outstanding amount of $100.0 million with a remaining term of fourteen months and a fixed rate of 2.10%. The net fair value of the swaps at September 30, 2012 was negative $2.1 million, representing a net liability for us. The amount represents the estimated amount we would be required to pay if we terminated the swaps.

The Company estimates the fair value of derivative instruments using a discounted cash flow technique and, as of September 30, 2012, has used creditworthiness inputs that can be corroborated by observable market data evaluating the Company's and counterparties' risk of non-performance. Valuation of the derivative instruments requires certain assumptions for underlying variables and the use of different assumptions would result in a different valuation. Management believes it has applied assumptions consistently during the period. We apply hedge accounting and account for the change in fair value of our cash flow hedges through other comprehensive income for all derivative instruments.

Based on the implied forward rate for LIBOR at September 30, 2012, we anticipate that net finance costs will be increased by approximately $1.5 million for the 12 months ending September 30, 2013 due to the interest rate derivative contract currently in place.

Fair Values of Derivative Instruments in the Consolidated Balance Sheets

The following table provides information about the fair value of our derivatives, by contract type:

Our derivatives are designated in a cash flow hedging relationship with the effective portion of the change in fair value of the derivative reported in the cash flow hedges subaccount of accumulated other comprehensive income.

Effect of Derivative Instruments on Cash Flow Hedging

The following tables provide additional information about the financial statement effects related to our cash flow hedges for the three and nine months ended September 30, 2012 and 2011:

* These amounts are shown net of $1.9 million and $2.6 million of interest payments reclassified to the income statement during the three months ended September 30, 2012 and 2011, respectively.

** These amounts are shown net of $6.2 million and $8.3 million of interest payments reclassified to the income statement during the nine months ended September 30, 2012 and 2011, respectively.

The effective portion of the change in fair value on a derivative instrument designated as a cash flow hedge is reported as a component of accumulated other comprehensive income and is reclassified into earnings in the period during which the transaction being hedged affects earnings or it is probable that the forecasted transaction will not occur. The ineffective portion of the hedges is recorded in earnings in the current period. However, these are highly effective hedges and no significant ineffectiveness occurred in either period presented.

As discussed above, we terminated six interest rate swaps with a notional value of $215.0 million on September 17, 2012. The originally specified hedged forecasted transactions were terminated upon the closing of WEST II on September 17, 2012. The effective portion of the loss on these cash flow hedges was $10.1 million and was reclassified out of accumulated other comprehensive income and recorded in earnings for the three months ended September 30, 2012.

Counterparty Credit Risk

The Company evaluates the creditworthiness of the counterparties under its hedging agreements. The swap counterparty for the interest rate swap in place at September 30, 2012 is a large financial institution in the United States that possesses an investment grade credit rating. Based on this rating, the Company believes that the counterparty is currently creditworthy and that their continuing performance under the hedging agreement is probable, and has not required the counterparty to provide collateral or other security to the Company. As of September 30, 2012, no hedging agreements exist under which the counterparties would owe the Company compensation upon termination due to their failure to perform under the applicable agreements.

7. Stock-Based Compensation Plans

Our 2007 Stock Incentive Plan (the 2007 Plan) was adopted on May 24, 2007. Under this 2007 Plan, a total of 2,000,000 shares are authorized for stock based compensation in the form of either restricted stock or stock options. There have been 1,616,156 shares of restricted stock awarded to date. Two types of restricted stock were granted in 2009: 10,000 shares vesting over 4 years and 18,220 shares vesting on the first anniversary date from date of issuance. Two types of restricted stock were granted in 2010: 190,375 shares vesting over 4 years and 21,635 shares vesting on the first anniversary date from date of issuance. Two types of restricted stock were granted in 2011: 324,924 shares vesting over 4 years and 22,100 shares vesting on the first anniversary date from date of issuance. Two types of restricted stock were granted in 2012: 171,000 vesting over 4 years and 28,040 vesting on the first anniversary date from date of issuance. The fair value of the restricted stock awards equaled the stock price at the date of grants. There were 33,043 shares of restricted stock awards granted in 2007 that were canceled during 2008. There were 27,477 shares granted between 2008 and 2011 that were cancelled in 2011. There were 8,988 shares granted between 2010 and 2012 that were cancelled in 2012. All shares have reverted to the share reserve and are available for issuance at a later date, in accordance with the 2007 Plan.

Our accounting policy is to recognize the associated expense, net of forfeiture of such awards on a straight-line basis over the vesting period. Approximately $2.3 million in stock compensation expense was recorded in the nine months ended September 30, 2012. The stock compensation expense related to the restricted stock awards will be recognized over the average remaining vesting period of 2.3 years and totals $6.5 million. At September 30, 2012, the intrinsic value of unvested restricted stock awards issued through September 30, 2012 is $7.8 million. The 2007 Plan terminates on May 24, 2017.

In the nine months ended September 30, 2012, 232,314 options under the 1996 Stock Options/Stock Issuance Plan were exercised. There are 211,267 stock options remaining under the 1996 Stock Options/Stock Issuance Plan which have an intrinsic value of $0.9 million.

8. Income Taxes

Income tax expense for the nine months ended September 30, 2012 and 2011 was $0.4 million and $9.3 million, respectively. The effective tax rate for the nine months ended September 30, 2012 and 2011 was 149.4% and 46.2%, respectively. The Company records tax expense or benefit for unusual or infrequent items discretely in the period in which they occur. Our loss on debt extinguishment and derivatives termination resulted in a $5.3 million tax benefit in the period, significantly reducing our effective tax rate in the third quarter. The Company experienced a higher effective tax rate during 2011 primarily as a result of the tax consequences of the transfer of engines to WMES, which required recognition of $1.3 million tax expense on the entire gain, while only 50% of the gain was recorded for book purposes given our ongoing ownership interest in WMES (see Note 4). Our tax rate is subject to change based on changes in the mix of assets leased to domestic and foreign lessees, the proportions of revenue generated within and outside of California, the amount of executive compensation exceeding $1.0 million as defined in IRS code 162(m) and numerous other factors, including changes in tax law.

9. Related Party and Similar Transactions

Island Air: Charles F. Willis, IV, our CEO and Chairman of our Board of Directors and the owner of approximately 31% of our common stock, owns Hawaii Island Air, Inc., a Delaware Corporation ("Island Air"). The independent members of our Board of Directors approve transactions between the Company and Island Air. When Mr. Willis acquired Island Air in 2004, the net book value of the assets leased by the Company to Island Air prior to his acquisition was $14.8 million. Shortly thereafter, the Company leased an aircraft already in its portfolio to Island Air, increasing assets under lease to $16.9 million. As of September 30, 2012, Island Air leased two DeHaviland DHC-8-100 aircraft and six spare engines from the Company. The aircraft and engines on lease to Island Air had a net book value of $2.4 million at September 30, 2012.

Beginning in 2006, Island Air experienced cash flow difficulties, which affected their payments to the Company, due to a fare war commenced by a competitor, their dependence on tourism which had suffered from the difficult economic environment as well as volatile fuel prices. As a result, the Company granted lease rent deferrals which were accounted for as a reduction in lease revenue in the applicable periods. Because of the question regarding collectability of amounts due under these leases, lease rent revenue for these leases was recorded on a cash basis until such time as collectability was reasonably assured. Effective as of May 3, 2011 the Company entered into a Settlement Agreement with Island Air that was contingent upon Island Air obtaining similar concessions from their other major creditors, which Island Air obtained. Under the settlement, the Company forgave $1.8 million of overdue rent and late charges, representing approximately 65% of the $2.9 million then due to us from Island Air and Island Air agreed to pay the remaining $1.1 million as follows: $0.1 million on signing and $1.0 million over 60 months at 5% interest. A note receivable in the amount of $1.0 million and offsetting reserve were established with revenue being recorded as cash is collected, with $0.14 million received in the nine months ended September 30, 2012. As of September 30, 2012, Island Air is one month in arrears and the principal amount owing under the note is $0.7 million.

Effective January 2, 2011, the Company converted the operating leases with Island Air to a finance lease, with a principal amount of $7.0 million which included bargain purchase options for the equipment at the end of the lease term. However, for accounting purposes, due to the past experience with this lessee, the finance lease is being accounted for as an operating lease with the assets under lease remaining on the balance sheet and lease rent revenue being recorded as cash is received. Island Air paid its monthly lease payments from the inception date of the finance lease through April 2012 in the aggregate amount of $1.9 million.

On September 28, 2012, through a lease amendment, Island Air exercised its purchase option for one of the airframes under the finance lease, sold it to an unrelated third party for $0.64 million, and paid the proceeds from that sale to the Company, which were applied to satisfy $0.60 million in past due rents under the finance lease with the remaining proceeds applied to the principal owing under the finance lease. For accounting purposes, the Company applied $0.1 million of the payment to the net book value of the sold assets and removed it from the books. The remaining $0.54 million will be recognized as lease rent revenue on a straight-line basis over the remaining term of the lease agreement. As of September 30, 2012, the principal amount owing under the finance lease was $5.0 million. Island Air has an agreement with the same third-party to sell the remaining two airframes covered by the finance lease in 2013, which sales would further reduce the amount owing under the finance lease by $1.4 million. Any payments received from the sale of these airframes will be accounted for as a recovery of the net book value of the airframe with any excess recorded as lease rent revenue over the remaining lease term.

On October 24, 2012 the Company purchased one DeHaviland DHC-8-100 aircraft from Island Air for $2.3 million and leased it back to Island Air under an operating lease for twenty four months at a monthly rent of $46,800 per month plus maintenance reserves. In connection with this transaction, Mr. Willis made a capital contribution of a $0.65 million airframe to Island Air.

On November 8, 2012 the Company entered into an agreement with Island Air for the re-purchase of five engines covered by the finance lease. The agreement provides that on delivery of these engines by Island Air in compliance with the terms of the agreement, the Company will purchase such engines for an aggregate purchase price of $1.0 million and apply the net purchase price to Island Air's obligations to the Company, reducing the principal amount owing under the finance lease. Following the sale of the five engines and the remaining two airframes, the balance owing by Island Air under the finance lease will be $2.6 million with the assets under lease having a net book value of $0.6 million.

Including the recent sale and leaseback and following Island Air's sale of the five engines to us and its contemplated sale of the remaining two airframes to an unrelated third-party described above, the net book value of assets under lease to Island Air would be $2.9 million.

J.T. Power: The Company entered into two Consignment Agreements dated January 22, 2008 and November 17, 2008, with J.T. Power, LLC ("J.T. Power"), an entity whose sole shareholder, Austin Willis, is the son of our Chief Executive Officer, and directly and indirectly, a shareholder and a Director of the Company. According to the terms of the Consignment Agreement, J.T. Power was responsible to market and sell parts from the teardown of four engines with a book value of $5.2 million. During the nine months ended September 30, 2012, sales of consigned parts were $14,700. Under these agreements, J.T. Power provided a minimum guarantee of net consignment proceeds of $4.0 million as of February 22, 2012. Based on current consignment proceeds, J.T. Power was obligated to pay $1.3 million under the guarantee in February 2012. On March 7, 2012, this guarantee was restructured as follows - quarterly payments of $45,000 over five years at an interest rate of 6% with a balloon payment at the end of this five year term. The Agreement provides an option to skip one quarterly payment and apply it to the balloon payment at an interest rate of 12%. The quarterly payment of $45,000 was received for the period ended June 30, 2012 and September 30, 2012.

On July 31, 2009, the Company entered into Consignment Agreements with J.T. Power, without guaranties of consignment proceeds, in which they are responsible to market and sell parts from the teardown of one engine with a book value of $23,000. During the nine months ended September 30, 2012, sales of consigned parts were $54,200.

On July 27, 2006, the Company entered into an Aircraft Engine Agency Agreement with J.T. Power, in which the Company will, on a non-exclusive basis, provides engine lease opportunities with respect to available spare engines at J.T. Power. J.T. Power will pay the Company a fee based on a percentage of the rent collected by J.T. Power for the duration of the lease including renewals thereof. The Company earned no revenue during the nine months ended September 30, 2012 under this program.

10. Fair Value of Financial Instruments

The carrying amount reported in the consolidated balance sheets for cash and cash equivalents, restricted cash, operating lease related receivable, notes receivable and accounts payable approximates fair value because of the immediate or short-term maturity of these financial instruments.

The carrying amount of the Company's outstanding balance on its notes payable as of September 30, 2012 was estimated to have a fair value of approximately $691.7 million based on the fair value of estimated future payments calculated using the prevailing interest rates. There have been no changes in our valuation technique during the nine months ended September 30, 2012. The fair value of the Company's notes payable at September 30, 2012 would be categorized as Level 3 of the fair value hierarchy. The carrying value of the Company's outstanding balance on its notes payable was $690.0 million as of September 30, 2012.

11. Subsequent Event

On November 2, 2012, the Company redeemed all outstanding shares of its 9% Series A Cumulative Redeemable Preferred Stock (Nasdaq: WLFCP) for $34,750,000 in cash. The redemption price was $10.00 per Series A Share. Accrued dividends of $147,687 were also paid on the redemption date.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

Our core business is acquiring and leasing, primarily pursuant to operating leases, commercial aircraft engines and related aircraft equipment; and the selective purchase and sale of commercial aircraft engines (collectively "equipment").

Critical Accounting Policies and Estimates

There have been no material changes to our critical accounting policies and estimates from the information provided in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations Critical Accounting Policies and Estimates included in our 2011 Form 10-K.

Results of Operations

Three months ended September 30, 2012, compared to the three months ended September 30, 2011*:*

Lease Rent Revenue. Lease rent revenue for the three months ended September 30, 2012 decreased 13% to $23.0 million from $26.5 million for the comparable period in 2011. This decrease primarily reflects lower portfolio utilization in the current period and a decrease in the average size of the lease portfolio, which translated into a lower amount of equipment on lease. The average net book value of lease equipment for the three months ended September 30, 2012 and 2011 was $973.3 million and $998.0 million, respectively, a decrease of 2.5%. The average utilization for the three months ended September 30, 2012 and 2011 was 82% and 86%, respectively. At September 30, 2012 and 2011, respectively, approximately 83% and 86% of equipment held for lease by book value was on-lease.

During the three months ended September 30, 2012, we added $25.0 million of equipment and capitalized costs to the lease portfolio. During the three months ended September 30, 2011, we added $21.3 million of equipment and capitalized costs to the lease portfolio.

Maintenance Reserve Revenue. Our maintenance reserve revenue for the three months ended September 30, 2012 increased 18.9% to $10.7 million from $9.0 million for the comparable period in 2011. The increase was due to higher maintenance reserve revenues recognized related to the termination of long term leases in the current period as well as higher revenues generated for engines on short term leases, for which usage was higher in the three months ended September 30, 2012 than in the year ago period.

Gain on Sale of Leased Equipment. During the three months ended September 30, 2012, we sold three engines, an airframe and other related equipment generating a net gain of $0.6 million. During the three months ended September 30, 2011, we sold seven engines and other related equipment generating a net gain of $3.6 million.

Other Income. Our other income generally consists of management fee income and lease administration fees. Other income increased to $3.3 million from $0.4 million for the comparable period in 2011 primarily due to the recording of a gain of $2.0 million related to the receipt of an engine in exchange for an engine that was damaged while under lease. Other income also increased in the current period due to an increase in the number of engines managed, an increase in engine purchase arrangement fees and the recording of a gain of $0.2 million related to the settlement of an insurance claim in the current period for a casualty loss on a leased engine.

Depreciation Expense. Depreciation expense increased 11.5% to $13.9 million for the three months ended September 30, 2012 from the comparable period in 2011, due to changes in estimates of useful lives and residual values on certain older engine types. As of July 1, 2012, we adjusted the depreciation for certain older engine types within the portfolio, with the result being an increase of $1.3 million for the three months ended September 30, 2012. The net effect of the change in depreciation estimate is a reduction in net income of $0.8 million or $0.09 in diluted earnings per share for the three months ended September 30, 2012 over what net income would have otherwise been had the change in depreciation estimate not been made.

Write-down of Equipment. Write-down of equipment to its estimated fair value totaled $2.5 million and $2.3 million in the three months ended September 30, 2012 and 2011, respectively. A write-down of $1.2 million was recorded in the three months ended September 30, 2012 to adjust the carrying value of engine parts held on consignment for which market conditions for the sale of parts has changed. A further write-down of $1.3 million was recorded in the three months ended September 30, 2012 due to a management decision to consign three engines for part out and sale. A write-down of $2.3 million was recorded in the three months ended September 30, 2011 to adjust the carrying value of engine parts held on consignment for which market conditions for the sale of parts has changed.

General and Administrative Expenses. General and administrative expenses decreased 16.0% to $7.3 million for the three months ended September 30, 2012, from the comparable period in 2011, due primarily to a decrease in employee bonus related to the Company's financial results.

Technical Expense. Technical expenses consist of the cost of engine repairs, engine thrust rental fees, outsourced technical support services, engine storage and freight costs. These expenses increased 54.4% to $2.0 million for the three months ended September 30, 2012, from the comparable period in 2011 due mainly to increased engine maintenance costs due to higher repair activity ($0.2 million), increased technical service expenses ($0.2 million) and increased engine storage and freight expenses ($0.3 million).

Net Finance Costs. Net finance costs include interest expense, interest income and net loss on debt extinguishment and derivatives termination. Interest expense decreased 15.2% to $7.5 million for the three months ended September 30, 2012, from the comparable period in 2011, due primarily to a decrease in the notional value of swaps in place from September 30, 2011 to 2012, which were at a higher rate than the prevailing interest rates on our debt. Notes payable balance at September 30, 2012 and 2011, was $690.0 million and $684.1 million, respectively, an increase of 0.9%. As of September 30, 2012, $271.0 million of our debt is tied to one-month U.S. dollar LIBOR which increased from an average of 0.22% for the three months ended September 30, 2011 to an average of 0.23% for the three months ended September 30, 2012 (average of month-end rates). As of September 30, 2012 and 2011, one-month LIBOR was 0.21% and 0.24%, respectively.

To mitigate exposure to interest rate changes, we have entered into interest rate swap agreements. As of September 30, 2012, such swap agreements had notional outstanding amounts of $100.0 million with a remaining term of fourteen months and a fixed rate of 2.10%. As of September 30, 2011, such swap agreements had notional outstanding amounts of $375.0 million, remaining terms of between six and forty-three months and fixed rates of between 2.10% and 5.05%. In the three months ended September 30, 2012 and 2011, $1.8 million and $2.6 million was realized through the income statement as an increase in interest expense, respectively, as a result of these swaps.

We recorded a loss on extinguishment of debt and derivative instruments of $15.4 million in the three months ended September 30, 2012 as a result of the write-off of $5.3 million of unamortized debt issuance costs and unamortized note discount associated with the full repayment of WEST notes on September 17, 2012 and the termination of interest rate swaps totaling $10.1 million. Upon the closing of WEST II on September 17, 2012, at which time the WEST floating rate debt was fully repaid, six interest rate swaps with a notional value of $215.0 million that were assigned to the WEST debt were terminated. The effective portion of the loss on these cash flow hedges was $10.1 million and was reclassified out of accumulated other comprehensive income and recorded in earnings for the three months ended September 30, 2012.

Interest income for the three months ended September 30, 2012, decreased to $0.02 million from $0.04 million for the three months ended September 30, 2011, due to a decrease in deposit balances.

Income Tax Expense. Income tax (benefit) expense for the three months ended September 30, 2012 and 2011 was ($3.5) million and $3.8 million, respectively. The effective tax rate for the three months ended September 30, 2012 and 2011 was 32.6% and 62.4%, respectively. The Company records tax expense or benefit for unusual or infrequent items discretely in the period in which they occur. Our loss on debt extinguishment and derivatives termination resulted in a $5.3 million tax benefit in the current period, significantly reducing our effective tax rate in the third quarter. The Company experienced a higher effective tax rate during 2011 primarily as a result of the tax consequences of the transfer of engines to WMES, which required recognition of $1.3 million tax expense on the entire gain, while only 50% of the gain was recorded for book purposes given our ongoing ownership interest in WMES (see Note 4). Our tax rate is subject to change based on changes in the mix of assets leased to domestic and foreign lessees, the proportions of revenue generated within and outside of California, the amount of executive compensation exceeding $1.0 million as defined in IRS code 162(m) and numerous other factors, including changes in tax law.

***Nine months ended September 30, 2012, compared to the nine months ended September 30, 2011**:*

Lease Rent Revenue. Lease rent revenue for the nine months ended September 30, 2012 decreased 10.7% to $70.9 million from $79.4 million for the comparable period in 2011. This decrease primarily reflects lower portfolio utilization in the current period and a decrease in the average size of the lease portfolio, which translated into a lower amount of equipment on lease. The average net book value of lease equipment for the nine months ended September 30, 2012 and 2011 was $973.4 million and $1,005.8 million, respectively, a decrease of 3.2%. The average utilization for the nine months ended September 30, 2012 and 2011 was 82% and 86%, respectively. At September 30, 2012 and 2011, approximately 83% and 86%, respectively, of equipment held for lease by book value was on-lease.

During the nine months ended September 30, 2012, we added $49.4 million of equipment and capitalized costs to the lease portfolio. During the nine months ended September 30, 2011, we added $93.6 million of equipment and capitalized costs to the lease portfolio.

Maintenance Reserve Revenue. Our maintenance reserve revenue for the nine months ended September 30, 2012 increased 4.9% to $28.7 million from $27.3 million for the comparable period in 2011. The increase was due to higher maintenance reserve revenues generated for engines on short term leases, for which usage was higher in the nine months ended September 30, 2012 than in the year ago period, partially offset by a lower number of long term leases terminating in the current period.

Gain on Sale of Leased Equipment. During the nine months ended September 30, 2012, we sold twelve engines, one aircraft, one airframe and other related equipment generating a net gain of $4.6 million. During the nine months ended September 30, 2011, we sold eleven engines and other related equipment generating a net gain of $11.2 million.

Other Income. Our other income generally consists of management fee income and lease administration fees. Other income increased to $4.3 million from $1.0 million for the comparable period in 2011 primarily due to the receipt of an engine at its fair value which had been acquired from the lessee in the period in exchange for an engine that was damaged while under lease. Other income also increased in the current period due to an increase in the number of engines managed, an increase in engine purchases arrangement fees and the recording of a gain of $0.2 million related to the settlement of an insurance claim in the current period of a casualty loss on a leased engine.

Write-down of Equipment. Write-down of equipment to its estimated fair values totaled $2.8 million and $2.3 million in the nine months ended September 30, 2012 and 2011, respectively. A write-down of $0.3 million was recorded in the three months ended March 31, 2012 related to the sale of two engines in April 2012 for which the net book value exceeded the proceeds from sale. A write-down of $1.2 million was recorded in the three months ended September 30, 2012 to adjust the carrying value of engine parts held on consignment for which market conditions for the sale of parts has changed. A further write-down of $1.3 million was recorded in the three months ended September 30, 2012 due to a management decision to consign 3 engines for part out and sale in which the asset net book value exceeds the expected proceeds from consignment. A write-down of $2.3 million was recorded in the three months ended September 30, 2011 to adjust the carrying value of engine parts held on consignment for which market conditions for the sale of parts has changed.

General and Administrative Expenses. General and administrative expenses decreased 2.9% to $25.3 million for the nine months ended September 30, 2012, from the comparable period in 2011, due primarily to a decrease in employee bonus related to the Company's financial results.

Technical Expense. Technical expenses consist of the cost of engine repairs, engine thrust rental fees, outsourced technical support services, sublease rental expense, engine storage and freight costs. These expenses decreased 17.8% to $4.7 million for the nine months ended September 30, 2012, from the comparable period in 2011 due mainly to a decrease in engine maintenance costs due to lower repair activity ($0.8 million), lower engine thrust rental fees due to a decrease in the number of engines being operated at higher thrust levels under the CFM thrust rental program ($0.3 million) and decreased sub-lease rental expense resulting from the termination of a sublease rental program in September 2011 ($0.3 million). The decreases are partially offset by an increase in the current period in storage expenses ($0.4 million).

Net Finance Costs. Net finance costs include interest expense, interest income and net loss on debt extinguishment and derivative termination. Interest expense decreased 16.0% to $22.6 million for the nine months ended September 30, 2012, from the comparable period in 2011, due primarily to a decrease in the notional value of swaps in place from 2011 to 2012 and a decrease in the average debt outstanding. The average Notes payable balance for the three months ended September 30, 2012 and 2011was $696.5 million and $722.6 million, respectively, representing a decrease of 3.6%. Notes payable balance at September 30, 2012 and 2011, was $690.0 million and $684.1 million, respectively, an increase of 0.9%. As of September 30, 2012, $271.0 million of our debt is tied to one-month U.S. dollar LIBOR which increased from an average of 0.22% for the nine months ended September 30, 2011 to an average of 0.24% for the nine months ended September 30, 2012 (average of month-end rates). At September 30, 2012 and 2011, one-month LIBOR was 0.21% and 0.24%, respectively.

To mitigate exposure to interest rate changes, we have entered into interest rate swap agreements. As of September 30, 2012, such swap agreements had notional outstanding amounts of $100.0 million with a remaining term of fourteen months and a fixed rate of 2.10%. As of September 30, 2011, such swap agreements had notional outstanding amounts of $375.0 million, remaining terms of between six and forty-three months and fixed rates of between 2.10% and 5.05%. In the nine months ended September 30, 2012 and 2011, $6.0 million and $8.8 million was realized through the income statement as an increase in interest expense, respectively, as a result of these swaps.

We recorded a loss on extinguishment of debt and derivative instruments of $15.4 million in the three months ended September 30, 2012 as a result of the write-off of $5.3 million of unamortized debt issuance costs and unamortized note discount associated with the full repayment of WEST notes on September 17, 2012 and the termination of interest rate swaps totaling $10.1 million. Upon the closing of WEST II on September 17, 2012, at which time the WEST floating rate debt was fully repaid, six interest rate swaps with a notional value of $215.0 million that were assigned to the WEST debt were terminated. The effective portion of the loss on these cash flow hedges was $10.1 million and was reclassified out of accumulated other comprehensive income and recorded in earnings for the three months ended September 30, 2012.

Interest income for the nine months ended September 30, 2012, decreased to $0.08 million from $0.1 million for the nine months ended September 30, 2011, due to a decrease in deposit balances.

Income Tax Expense. Income tax expense for the nine months ended September 30, 2012 and 2011 was $0.4 million and $9.3 million, respectively. The effective tax rate for the nine months ended September 30, 2012 and 2011 was 149.4% and 46.2%, respectively. The Company records tax expense or benefit for unusual or infrequent items discretely in the period in which they occur. Our loss on debt extinguishment and derivatives termination resulted in a $5.3 million tax benefit in the current period, significantly reducing our effective tax rate in the third quarter. The Company experienced a higher effective tax rate during 2011 primarily as a result of the tax consequences of the transfer of engines to WMES, which required recognition of $1.3 million tax expense on the entire gain, while only 50% of the gain was recorded for book purposes given our ongoing ownership interest in WMES (see Note 4). Our tax rate is subject to change based on changes in the mix of assets leased to domestic and foreign lessees, the proportions of revenue generated within and outside of California, the amount of executive compensation exceeding $1.0 million as defined in IRS code 162(m) and numerous other factors, including changes in tax law.

Recent Accounting Pronouncements

In November 2011, the FASB issued Accounting Standards Update (“ASU”) No. 2011-11, “Balance Sheet Disclosures about Offsetting Assets and Liabilities” (“ASU 2011-11”). This ASU requires companies to provide information about trading financial instruments and related derivatives in expanded disclosures. This ASU is the result of a joint project conducted by the FASB and the IASB to enhance disclosures and provide converged disclosures about financial instruments and derivative instruments that are either offset on the statement of financial position or subject to an enforceable master netting arrangement or similar agreement, irrespective of whether they are offset on the statement of financial position. The guidance provided in ASU 2011-11 is effective for interim and annual period beginning on or after January 1, 2013 and should be applied retrospectively. We do not expect the adoption of this ASU to have a material impact on our Consolidated Financial Statements.

In December 2011, the FASB issued Accounting Standards Update (“ASU”) No. 2011-12, “Comprehensive Income Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items Out of Accumulated Other Comprehensive Income in Accounting Standards Update No. 2011-05” (“ASU 2011-12”). This ASU defers only those changes in ASU 2011-05 that relate to the presentation of reclassification adjustments. The amendments are being made to allow the Board time to re-deliberate whether to present on the face of the financial statements the effects of reclassifications out of accumulated other comprehensive income on the components of net income and other comprehensive income for all periods presented. All other requirements in ASU 2011-05 are not affected by this ASU, including the requirement to report comprehensive income either in a single continuous financial statement or in two separate but consecutive financial statements. The guidance provided in ASU 2011-12 is effective for interim and annual period beginning on or after December 15, 2011 and should be applied retrospectively. The adoption of this ASU did not have a material impact on our Consolidated Financial Statements.

Liquidity and Capital Resources

We finance our growth through borrowings secured by our equipment lease portfolio. Cash of approximately $537.7 million and $74.4 million, in the nine-month periods ended September 30, 2012 and 2011, respectively, was derived from this activity. In these same time periods, $567.9 million and $122.4 million, respectively, was used to pay down related debt. Cash flow from operating activities was $53.9 million and $56.3 million in the nine-month periods ended September 30, 2012 and 2011, respectively.

At September 30, 2012, $0.7 million in cash and cash equivalents and restricted cash were held in foreign subsidiaries. We do not intend to repatriate the funds held in foreign subsidiaries to the United States. In the event that we decide to repatriate these funds to the United States, we would be required to accrue and pay taxes upon the repatriation.

Our primary use of funds is for the purchase of equipment for lease. Purchases of equipment (including capitalized costs) totaled $46.9 million and $92.9 million for the nine-month periods ended September 30, 2012 and 2011, respectively.

Cash flows from operations are driven significantly by payments received under our lease agreements, which comprise lease revenue, security deposits and maintenance reserves, and are offset by general and administrative expenses and interest expense. Note that cash received from maintenance reserve arrangements for some of our engines on lease are restricted per our WEST II debt agreement. Cash from WEST II engine maintenance reserve payments, that can be used to fund future maintenance events, are held in the restricted cash account equal to the maintenance obligations projected for the subsequent six months, and are subject to a minimum balance of $9.0 million. The lease revenue stream, in the short-term, is at fixed rates while part of our debt is at variable rates. If interest rates increase, it is unlikely we could increase lease rates in the short term and this would cause a reduction in our earnings. Revenue and maintenance reserves are also affected by the amount of equipment off lease. Approximately 83%, by book value, of our assets were on-lease at September 30, 2012 compared to 86% at September 30, 2011 and the average utilization rate for the nine months ended September 30, 2012 was 82% compared to 86% in the prior year. If there is any increase in off-lease rates or deterioration in lease rates that are not offset by reductions in interest rates, there will be a negative impact on earnings and cash flows from operations.

At September 30, 2012, Notes payable consists of loans totaling $690.0 million, payable over periods of fifteen months to ten years with interest rates varying between approximately 2.71% and 5.50% (excluding the effect of our interest rate derivative instruments).

Our significant debt instruments are discussed below:

At September 30, 2012, we had a $430.0 million revolving credit facility to finance the acquisition of aircraft engines for lease as well as for general working capital purposes. We closed on this facility on November 18, 2011 and the proceeds of the new facility, net of $3.3 million in debt issuance costs, was used to pay off the balance remaining from our prior revolving facility. On September 7, 2012, we increased this revolving credit facility to $430.0 million from $345.0 million. As of September 30, 2012, $159.0 million was available under this facility. The revolving credit facility ends in November 2016. Based on the Company's debt to equity ratio of 2.82 as calculated under the terms of the revolving credit facility at June 30, 2012, the interest rate on this facility is LIBOR plus 2.50% as of September 30, 2012. Under the revolving credit facility, all subsidiaries except WEST II jointly and severally guarantee payment and performance of the terms of the loan agreement. The guarantee would be triggered by a default under the agreement.

On September 17, 2012, we closed an asset-backed securitization ("ABS") through a newly-created, bankruptcy-remote, Delaware statutory trust, WEST II, of which the Company is the sole beneficiary. WEST II issued and sold $390 million aggregate principal amount of Class 2012-A Term Notes (the "Notes") and received $384.9 million in net proceeds. We used these funds, net of transaction expenses and swap termination costs in conjunction with our revolving credit facility, to pay off the prior WEST notes totaling $435.9 million. At closing, 22 engines were pledged as collateral on a net basis from WEST to the Company's revolving credit facility, which provided the remaining funds to pay off the WEST notes.

The assets and liabilities of WEST II will remain on the Company's balance sheet. A portfolio of 79 commercial jet aircraft engines and leases thereof secures the obligations of WEST II under the ABS. The Notes have no fixed amortization and are payable solely from revenue received by WEST II from the engines and the engine leases, after payment of certain expenses of WEST II. The Notes bear interest at a fixed rate of 5.50% per annum. The Notes may be accelerated upon the occurrence of certain events, including the failure to pay interest for five business days after the due date thereof. The Notes are expected to be paid in 10 years. The legal final maturity of the Notes is September 15, 2037.

In connection with the transactions described above, effective September 17, 2012, the Servicing Agreement and Administrative Agency Agreement previously filed by the Company as exhibits to, and described in, its Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2005 relating to WEST were terminated. The Company entered into a Servicing Agreement and Administrative Agency Agreement with WEST II to provide certain engine, lease management and reporting functions for WEST II in return for fees based on a percentage of collected lease revenues and asset sales. Because WEST II is consolidated for financial statement reporting purposes, all fees eliminate upon consolidation.

As a result of this transaction the Company recorded a loss on extinguishment of debt and derivative instruments of $15.4 million in the three months ended September 30, 2012 as a result of the write-off of $5.3 million of unamortized debt issuance costs and unamortized note discount associated with the full repayment of WEST notes on September 17, 2012 and the termination of interest rate swaps totaling $10.1 million.

At September 30, 2012, $390.0 million of WEST II term notes were outstanding. The assets of WEST II are not available to satisfy our obligations or any of our affiliates other than the obligations specific to WEST II. WEST II is consolidated for financial statement presentation purposes. WEST II's ability to make distributions and pay dividends to the Company is subject to the prior payments of its debt and other obligations and WEST II's maintenance of adequate reserves and capital. Under WEST II, cash is collected in a restricted account, which is used to service the debt and any remaining amounts, after debt service and defined expenses, are distributed to the Company. Additionally, a portion of maintenance reserve payments and all lease security deposits are accumulated in restricted accounts and are available to fund future maintenance events and to secure lease payments, respectively. Cash from maintenance reserve payments are held in the restricted cash account equal to the maintenance obligations projected for the subsequent six months, and are subject to a minimum balance of $9.0 million.

On September 28, 2012, we closed on a term loan for a five year term totaling $8.7 million. Interest is payable monthly at a fixed rate of 5.50% and principal is paid quarterly. The loan is secured by one engine. The funds were used to purchase the engine secured under the loan.

On September 30, 2011, we closed on a term loan for a three year term totaling $4.0 million. Interest is payable at a fixed rate of 3.94% and principal and interest is paid monthly. The loan is secured by our corporate aircraft. The funds were used to refinance the loan for our corporate aircraft. The balance outstanding on this loan is $2.7 million as of September 30, 2012.

On January 11, 2010, we closed on a term loan for a four year term totaling $22.0 million. Interest is payable at a fixed rate of 4.50% and principal and interest is paid quarterly. The loan is secured by three engines. The funds were used to pay down our revolving credit facility. The balance outstanding on this facility is $17.7 million as of September 30, 2012.

At September 30, 2012 and December 31, 2011, we had revolving credit facilities totaling $430.0 million and $345.0 million, respectively. At September 30, 2012 and December 31, 2011, respectively, $159.0 million and $117.0 million were available under these facilities.

As of September 30, 2012 and 2011, one-month LIBOR was 0.21% and 0.24%, respectively.

Virtually all of the above debt is subject to our ongoing compliance with the covenants of each financing, including debt/equity ratios, minimum tangible net worth and minimum interest coverage ratios, and other eligibility criteria including customer and geographic concentration restrictions. In addition, under these facilities, we can typically borrow 70% to 83% of an engine's net book value and approximately 70% of spare part's net book value. Therefore we must have other available funds for the balance of the purchase price of any new equipment to be purchased or we will not be permitted to draw on these facilities. The facilities are also cross-defaulted against other facilities. If we do not comply with the covenants or eligibility requirements, we may not be permitted to borrow additional funds and accelerated payments may become necessary. Additionally, much of the above debt is secured by engines to the extent that engines are sold, repayment of that portion of the debt could be required.

At September 30, 2012, we are in compliance with the covenants specified in the revolving credit facility Credit Agreement, including the Interest Coverage Ratio requirement of at least 2.25 to 1.00, and the Total Leverage Ratio requirement to remain below 4.50 to 1.00. At September 30, 2012, the Company's calculated Minimum Consolidated Tangible Net Worth exceeded the minimum required amount of $178.9 million. As defined in the revolving credit facility Credit Agreement, the Interest Coverage Ratio is the ratio of Earnings before Interest, Taxes, Depreciation and Amortization and other one-time charges (EBITDA) to Consolidated Interest Expense and the Total Leverage Ratio is the ratio of Total Indebtedness to Tangible Net Worth. At September 30, 2012, we are in compliance with the covenants specified in the WEST II indenture and servicing agreement.

Approximately $18.1 million of our debt is repayable during the next 12 months. Such repayments consist of scheduled installments due under term loans. Repayments are funded by the use of unrestricted cash reserves and from cash flows from ongoing operations. The table below summarizes our contractual commitments at September 30, 2012:

		Payment due by period (in thousands)			
	Total	Less than 1 Year	1-3 Years	3-5 Years	More than 5 Years
Long-term debt obligations	$ 690,041	$ 18,104	$ 56,948	$ 322,197	$ 292,792
Interest payments under long-term debt obligations	193,259	29,876	55,256	43,785	64,342
Operating lease obligations	3,786	868	1,251	1,108	559
Purchase obligations	37,132	19,044	18,088	—	—
Interest payments under derivative rate instruments	2,232	1,912	320	—	—
Total	$ 926,450	$ 69,804	$ 131,863	$ 367,090	$ 357,693

We have estimated the interest payments due under long-term debt by applying the interest rates applicable at September 30, 2012 to the remaining debt, adjusted for the estimated debt repayments identified in the table above. Actual interest payments made will vary due to changes in the rates for one-month LIBOR.

We have made purchase commitments to secure the purchase of four engines and related equipment for a gross purchase price of $38.5 million for delivery in 2012 to 2015. As at September 30, 2012, non-refundable deposits paid related to this purchase commitment were $1.4 million. In October 2006, we entered into an agreement with CFM International ("CFM") to purchase new spare aircraft engines. The agreement specifies that, subject to availability, we may purchase up to a total of 45 CFM56-7B and CFM56-5B spare engines over a five year period, with options to acquire up to an additional 30 engines. Our outstanding purchase orders with CFM for three engines represent deferral of engine deliveries originally scheduled for 2009 and are included in our commitments to purchase in 2013 to 2015.

We entered into a lease effective November 1, 2007 for our offices in Novato, California that covers approximately 18,375 square feet of office space. This lease was amended on January 6, 2012 to cover an additional 2,159 square feet of office space. The total remaining rent commitment is approximately $3.3 million and expires September 30, 2018. The sub-lease of our premises in San Diego, California expires in October 2013. This lease expires October 31, 2013 and the remaining lease commitment is approximately $0.2 million. We also lease office and warehouse space in Shanghai, China. The office lease expires December 31, 2012 and the warehouse lease expires July 31, 2017 and the remaining lease commitments are approximately $16,000 and $28,000, respectively. We also lease office and living space in London, United Kingdom. The office space lease expires December 18, 2012 and the living space lease expires January 3, 2013 and the remaining lease commitments are approximately $33,000 and $61,000, respectively. We also lease office space in Blagnac, France. The lease expires December 31, 2012 and the remaining lease commitment is approximately $4,000. We lease office space in Dublin, Ireland. The lease expires May 15, 2017 and the remaining lease commitment is approximately $0.2 million.

We believe our equity base, internally generated funds and existing debt facilities are sufficient to maintain our level of operations for the next twelve months. A decline in the level of internally generated funds, such as could result if the amount of equipment off-lease increases or there is a decrease in availability under our existing debt facilities, would impair our ability to sustain our level of operations. If we are not able to access additional capital, our ability to continue to grow our asset base consistent with historical trends will be impaired and our future growth limited to that which can be funded from internally generated capital.

Management of Interest Rate Exposure

We terminated six interest rate swaps with a notional value of $215.0 million on September 17, 2012. The originally specified hedged forecasted transactions were terminated upon the closing of WEST II on September 17, 2012. The effective portion of the loss on these cash flow hedges was $10.1 million and was reclassified out of accumulated other comprehensive income and recorded in earnings for the three months ended September 30, 2012.

At September 30, 2012, $271.0 million of our borrowings are on a variable rate basis at various interest rates tied to one-month LIBOR. Our equipment leases are generally structured at fixed rental rates for specified terms. Increases in interest rates could narrow or result in a negative spread, between the rental revenue we realize under our leases and the interest rate that we pay under our borrowings. We have entered into an interest rate derivative instrument to mitigate our exposure to interest rate risk and not to speculate or trade in these derivative products. We currently have one interest rate swap agreement which has a notional outstanding amount of $100.0 million, with a remaining term of fourteen months and a fixed rate of 2.10%. The fair value of the swap at September 30, 2012 was negative $2.1 million, representing a net liability for us.

We record derivative instruments at fair value as either an asset or liability. We use derivative instruments (primarily interest rate swaps) to manage the risk of interest rate fluctuation. While substantially all our derivative transactions are entered into for the purposes described above, hedge accounting is only applied where specific criteria have been met and it is practicable to do so. In order to apply hedge accounting, the transaction must be designated as a hedge and the hedge relationship must be highly effective. The hedging instrument's effectiveness is assessed utilizing regression analysis at the inception of the hedge and on at least a quarterly basis throughout its life. All of the transactions that we have designated as hedges are accounted for as cash flow hedges. The effective portion of the gain or loss on a derivative instrument designated as a cash flow hedge is reported as a component of other comprehensive income and is reclassified into earnings in the period during which the transaction being hedged affects earnings. The ineffective portion of these hedges flows through earnings in the current period. The hedge accounting for these derivative instrument arrangements increased interest expense by $6.0 million and $8.8 million for the nine months ended September 30, 2012 and September 30, 2011, respectively. This incremental cost for the swaps effective for hedge accounting was included in interest expense for the respective periods. For further information see Note 6 to the unaudited consolidated financial statements.

We will be exposed to risk in the event of non-performance of the interest rate derivative instrument counterparties. We anticipate that we may hedge additional amounts of our floating rate debt during the next year.

Related Party and Similar Transactions

Island Air: Charles F. Willis, IV, our CEO and Chairman of our Board of Directors and the owner of approximately 31% of our common stock, owns Hawaii Island Air, Inc., a Delaware Corporation ("Island Air"). The independent members of our Board of Directors approve transactions between the Company and Island Air. When Mr. Willis acquired Island Air in 2004, the net book value of the assets leased by the Company to Island Air prior to his acquisition was $14.8 million. Shortly thereafter, the Company leased an aircraft already in its portfolio to Island Air, increasing assets under lease to $16.9 million. As of September 30, 2012, Island Air leased two DeHaviland DHC-8-100 aircraft and six spare engines from the Company. The aircraft and engines on lease to Island Air had a net book value of $2.4 million at September 30, 2012.

Beginning in 2006, Island Air experienced cash flow difficulties, which affected their payments to the Company, due to a fare war commenced by a competitor, their dependence on tourism which had suffered from the difficult economic environment as well as volatile fuel prices. As a result, the Company granted lease rent deferrals which were accounted for as a reduction in lease revenue in the applicable periods. Because of the question regarding collectability of amounts due under these leases, lease rent revenue for these leases was recorded on a cash basis until such time as collectability was reasonably assured. Effective as of May 3, 2011 the Company entered into a Settlement Agreement with Island Air that was contingent upon Island Air obtaining similar concessions from their other major creditors, which Island Air obtained. Under the settlement, the Company forgave $1.8 million of overdue rent and late charges, representing approximately 65% of the $2.9 million then due to us from Island Air and Island Air agreed to pay the remaining $1.1 million as follows: $0.1 million on signing and $1.0 million over 60 months at 5% interest. A note receivable in the amount of $1.0 million and offsetting reserve were established with revenue being recorded as cash is collected, with $0.14 million received in the nine months ended September 30, 2012. As of September 30, 2012, Island Air is one month in arrears and the principal amount owing under the note is $0.7 million.

Effective January 2, 2011, the Company converted the operating leases with Island Air to a finance lease, with a principal amount of $7.0 million which included bargain purchase options for the equipment at the end of the lease term. However, for accounting purposes, due to the past experience with this lessee, the finance lease is being accounted for as an operating lease with the assets under lease remaining on the balance sheet and lease rent revenue being recorded as cash is received. Island Air paid its monthly lease payments from the inception date of the finance lease through April 2012 in the aggregate amount of $1.9 million.

On September 28, 2012, through a lease amendment, Island Air exercised its purchase option for one of the airframes under the finance lease, sold it to an unrelated third party for $0.64 million, and paid the proceeds from that sale to the Company, which were applied to satisfy $0.60 million in past due rents under the finance lease with the remaining proceeds applied to the principal owing under the finance lease. For accounting purposes, the Company applied $0.1 million of the payment to the net book value of the sold assets and removed it from the books. The remaining $0.54 million will be recognized as lease rent revenue on a straight-line basis over the remaining term of the lease agreement.

As of September 30, 2012, the principal amount owing under the finance lease was $5.0 million. Island Air has an agreement with the same third-party to sell the remaining two airframes covered by the finance lease in 2013, which sales would further reduce the amount owing under the finance lease by $1.4 million. Any payments received from the sale of these airframes will be accounted for as a recovery of the net book value of the airframe with any excess recorded as lease rent revenue over the remaining lease term.

On October 24, 2012 the Company purchased one DeHaviland DHC-8-100 aircraft from Island Air for $2.3 million and leased it back to Island Air under an operating lease for twenty four months at a monthly rent of $46,800 per month plus maintenance reserves. In connection with this transaction, Mr. Willis made a capital contribution of a $0.65 million airframe to Island Air.

On November 8, 2012 the Company entered into an agreement with Island Air for the re-purchase of five engines covered by the finance lease. The agreement provides that on delivery of these engines by Island Air in compliance with the terms of the agreement, the Company will purchase such engines for an aggregate purchase price of $1.0 million and apply the net purchase price to Island Air's obligations to the Company, reducing the principal amount owing under the finance lease. Following the sale of the five engines and the remaining two airframes, the balance owing by Island Air under the finance lease will be $2.6 million with the assets under lease having a net book value of $0.6 million.

Including the recent sale and leaseback and following Island Air's sale of the five engines to us and its contemplated sale of the remaining two airframes to an unrelated third-party described above, the net book value of assets under lease to Island Air would be $2.9 million.

J.T. Power: The Company entered into two Consignment Agreements dated January 22, 2008 and November 17, 2008, with J.T. Power, LLC ("J.T. Power"), an entity whose sole shareholder, Austin Willis, is the son of our Chief Executive Officer, and directly and indirectly, a shareholder and a Director of the Company. According to the terms of the Consignment Agreement, J.T. Power was responsible to market and sell parts from the teardown of four engines with a book value of $5.2 million. During the nine months ended September 30, 2012, sales of consigned parts were $14,700. Under these agreements, J.T. Power provided a minimum guarantee of net consignment proceeds of $4.0 million as of February 22, 2012. Based on current consignment proceeds, J.T. Power was obligated to pay $1.3 million under the guarantee in February 2012. On March 7, 2012, this guarantee was restructured as follows - quarterly payments of $45,000 over five years at an interest rate of 6% with a balloon payment at the end of this five year term. The Agreement provides an option to skip one quarterly payment and apply it to the balloon payment at an interest rate of 12%. The quarterly payment of $45,000 was received for the period ended June 30, 2012 and September 30, 2012.

On July 31, 2009, the Company entered into Consignment Agreements with J.T. Power, without guaranties of consignment proceeds, in which they are responsible to market and sell parts from the teardown of two engines with a book value of $23,000. During the nine months ended September 30, 2012, sales of consigned parts were $54,200.

On July 27, 2006, the Company entered into an Aircraft Engine Agency Agreement with J.T. Power, in which the Company will, on a non-exclusive basis, provides engine lease opportunities with respect to available spare engines at J.T. Power. J.T. Power will pay the Company a fee based on a percentage of the rent collected by J.T. Power for the duration of the lease including renewals thereof. The Company earned no revenue during the nine months ended September 30, 2012 under this program.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Our primary market risk exposure is that of interest rate risk. A change in the LIBOR rates would affect our cost of borrowing. Increases in interest rates, which may cause us to raise the implicit rates charged to our customers, could result in a reduction in demand for our leases. Alternatively, we may price our leases based on market rates so as to keep the fleet on-lease and suffer a decrease in our operating margin due to interest costs that we are unable to pass on to our customers. As of September 30, 2012, $271.0 million of our outstanding debt is variable rate debt. We estimate that for every one percent increase or decrease in interest rates on our variable rate debt (net of derivative instruments), annual interest expense would increase or decrease $1.7 million (in 2011, $3.2 million per annum).

We hedge a portion of our borrowings, effectively fixing the rate of these borrowings. This hedging activity helps protect us against reduced margins on longer term fixed rate leases. Based on the implied forward rates for one-month LIBOR, we expect interest expense will be increased by approximately $6.4 million for the year ending December 31, 2012, as a result of our hedges. Such hedging activities may limit our ability to participate in the benefits of any decrease in interest rates, but may also protect us from increases in interest rates. Furthermore, since lease rates tend to vary with interest rate levels, it is possible that we can adjust lease rates for the effect of change in interest rates at the termination of leases. Other financial assets and liabilities are at fixed rates.

We are also exposed to currency devaluation risk. During the nine months ended September 30, 2012, 87% of our total lease revenues came from non-United States domiciled lessees. All of our leases require payment in U.S. dollars. If these lessees' currency devalues against the U.S. dollar, the lessees could potentially encounter difficulty in making their lease payments.

Our largest customer accounted for approximately 10.0% and 12.7% of total lease rent revenue during the nine months ended September 30, 2012 and 2011, respectively. No other customer accounted for greater than 10% of total lease rent revenue during these periods.

Item 4. Controls and Procedures

(a) *Evaluation of disclosure controls and procedures.* Based on management's evaluation (with the participation of our Chief Executive Officer (CEO) and Chief Financial Officer (CFO)), as of the end of the period covered by this report, our CEO and CFO have concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)), are effective to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms, and is accumulated and communicated to management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Inherent Limitations on Controls

Management, including the CEO and CFO, does not expect that our disclosure controls and procedures will prevent or detect all error and fraud. Any control system, no matter how well designed and operated, is based upon certain assumptions and can provide only reasonable, not absolute, assurance that its objectives will be met. Further, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, within the Company have been detected. The design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs.

(b) *Changes in internal control over financial reporting.* There has been no change in our internal control over financial reporting during our fiscal quarter ended September 30, 2012 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

(n) For purposes of determining the balance of amounts credited to and/or deposited in an Account, the "value" of Permitted Account Investments deposited in and/or credited to an Account shall be the lower of the acquisition cost thereof and the then fair market value thereof and the "value" of Dollars and cash equivalents of Dollars (other than cash equivalents of Dollars included in the definition of Permitted Account Investments) shall be the face value thereof.

Section 1.03 Compliance Certificates and Opinions. Upon any application or request by the Issuer to the Trustee to take any action under any provision of this Indenture, the Issuer shall furnish to the Trustee an Officer's Certificate stating that, in the opinion of the signers thereof, all conditions precedent, if any, provided for in this Indenture relating to the proposed action have been complied with, and an Opinion of Counsel stating that, in the opinion of such counsel, all such conditions precedent, if any, have been complied with, except that in the case of any such application or request as to which the furnishing of such documents is specifically required by any provision of this Indenture relating to such particular application or request, no additional certificate or opinion need be furnished.

Every certificate or opinion with respect to compliance with a condition or covenant provided for in this Indenture or any indenture supplemental hereto shall include:

(a) a statement that each individual signing such certificate or opinion has read such covenant or condition and the definitions in this Indenture relating thereto;

(b) a brief statement as to the nature and scope of the examination or investigation upon which the statements or opinions contained in such certificate or opinion are based;

(c) a statement that, in the opinion of each such individual, he has made such examination or investigation as is necessary to enable him to express an informed opinion as to whether or not such covenant or condition has been complied with; and

(d) a statement as to whether, in the opinion of each such individual, such condition or covenant has been complied with.

Section 1.04 Acts of Holders. (a) Any direction, consent, waiver or other action provided by this Indenture in respect of the Notes to be given or taken by Holders may be embodied in and evidenced by one or more instruments of substantially similar tenor signed by such Holders in person or by an agent or proxy duly appointed in writing; and, except as herein otherwise expressly provided, such action shall become effective when such instrument or instruments are delivered to the Trustee, to each Rating Agency where it is hereby expressly required pursuant to this Indenture and to the Issuer. Such instrument or instruments (and the action embodied therein and evidenced thereby) are herein sometimes referred to as the "Act" of the Holders signing such instrument or instruments. Proof of execution of any such instrument or of a writing appointing any such agent shall be sufficient for any purpose under this Indenture and conclusive in favor of the Trustee or the Issuer, if made in the manner provided in this Section.

(b) The fact and date of the execution by any Person of any such instrument or writing may be proved by the certificate of any notary public or other officer of any jurisdiction authorized to take acknowledgments of deeds or administer oaths that the Person executing such instrument acknowledged to him the execution thereof, or by an affidavit of a witness to such execution sworn to before any such notary or such other officer and where such execution is by an officer of a corporation or association, trustee of a trust or member of a partnership, on behalf of such corporation, association, trust or partnership, such certificate or affidavit shall also constitute sufficient proof of his authority.

The fact and date of the execution of any such instrument or writing, or the authority of the Person executing the same, may also be proved in any other reasonable manner which the Trustee deems sufficient.

(c) In determining whether the Holders have given any direction, consent, request, demand, authorization, notice, waiver or other Act (a "Direction"), under this Indenture, Notes owned by the Issuer or any Affiliate of the Issuer shall be disregarded and deemed not to be Outstanding for purposes of any such determination. In determining whether the Trustee shall be protected in relying upon any such Direction, only Notes which a Responsible Officer of the Trustee actually knows to be so owned shall be so disregarded. Notwithstanding the foregoing, (i) if any such Person owns 100% of the Notes Outstanding, such Notes shall not be so disregarded as aforesaid, and (ii) if any amount of Notes so owned by any such Person have been pledged in good faith, such Notes shall not be disregarded as aforesaid if the pledgee establishes to the satisfaction of the Trustee the pledgee's right so to act with respect to such Notes and that the pledgee is not the Issuer or any Affiliate of the Issuer.

(d) The Issuer may at its option, by delivery of Officers' Certificates to the Trustee, set a record date other than the Record Date to determine the Holders in respect of the Notes entitled to give any Direction in respect of such Notes. Such record date shall be the record date specified in such Officer's Certificate which shall be a date not more than 30 days prior to the first solicitation of Holders in connection therewith. If such a record date is fixed, such Direction may be given before or after such record date, but only the Holders of record at the close of business on such record date shall be deemed to be Holders for the purposes of determining whether Holders of the requisite proportion of Outstanding Notes have authorized or agreed or consented to such Direction, and for that purpose the Outstanding Notes shall be computed as of such record date; *provided* that no such Direction by the Holders on such record date shall be deemed effective unless it shall become effective pursuant to the provisions of this Indenture not later than one year after the record date.

(e) Any Direction or other action by the Holder of any Note shall bind the Holder of every Note issued upon the transfer thereof or in exchange therefor or in lieu thereof, whether or not notation of such action is made upon such Note.

ARTICLE II

THE NOTES

Section 2.01 Authorized Amount; Terms; Form; Execution and Delivery. (a) The Outstanding Principal Balance of the Notes which may be authenticated and delivered from time to time under this Indenture shall not exceed the initial Outstanding Principal Balance set forth for the Notes in the definition thereof or, with respect to any Refinancing Notes, authorized in a Trustee Resolution. All Notes (other than Notes issued in replacement or substitution therefor) shall be issued at the same time and no additional Notes shall be issued under this Indenture; *provided* that Refinancing Notes may be issued in connection with a Refinancing of the Initial Notes or a refinancing of any previously issued Refinancing Notes and any Refinancing Notes may be reopened, without the consent of any Holder, for the issuance of additional Refinancing Notes, subject in all cases to Sections 2.10 and 5.02 and any other applicable provision of this Indenture.

The Initial Notes issuable hereunder on the Initial Closing Date shall be issued in a single class of Notes. The Initial Notes shall be designated the "Class 2012-A Term Notes." There shall only be a single class of Notes outstanding at any time under this Indenture.

Interest at the Applicable Rate of Interest shall accrue on any Floating Rate Notes from the relevant Closing Date and shall be computed for each Interest Accrual Period on the basis of a 360-day year and the actual number of days elapsed in such Interest Accrual Period on the Outstanding Principal Balance of such Notes on the first day of such Interest Accrual Period. Interest at the Applicable Rate of Interest shall accrue on any Fixed Rate Notes from the relevant Closing Date and shall be computed for each Interest Accrual Period on the basis of a 360-day year consisting of twelve 30-day months.

In addition, Step-Up Interest shall accrue on the Initial Notes from the Expected Final Payment Date and shall be computed for each applicable Interest Accrual Period on the basis of a 360-day year consisting of twelve 30-day months.

Any amount of interest or Redemption Premium on any Notes not paid when due shall, to the fullest extent permitted by applicable law, bear interest at an interest rate per annum equal to the Applicable Rate of Interest for such Notes from the date when due until such amount is paid or duly provided for, payable on the next succeeding Payment Date, subject to the availability of the Available Collections therefor in accordance with the priority of payments under Section 3.09.

(b) There shall be issued and delivered and authenticated on the relevant Closing Date, to each of the Holders, Notes in the principal amounts and maturities and bearing the interest rates, in each case substantially in the form set forth in Exhibit A-1 or A-2 (as applicable) to this Indenture or in any indenture supplemental hereto, with such appropriate insertions, omissions, substitutions and other variations as are required or permitted by this Indenture, and may have such letters, numbers or other marks of identification and such legends or endorsements printed, lithographed or engraved thereon, as may be required to comply with the rules of any securities exchange on which such Notes may be listed or to conform to any usage in respect thereof, or as may, consistently herewith, be prescribed by the Signatory Trustee executing such Notes, such determination by the Signatory Trustee to be evidenced by his or her execution of the Notes.

Definitive Notes shall be printed, lithographed or engraved or produced by any combination of these methods or may be produced in any other manner permitted by the rules of any securities exchange on which the Notes may be listed, all as determined by the Signatory Trustee executing such Notes, as evidenced by his or her execution of such Notes.

Notes offered and sold in reliance on Rule 144A shall be issued initially in the form of one or more permanent Global Notes in registered form without interest coupons and with such applicable legends as are provided for in Section 2.02, substantially in the form set forth in Exhibit A-1 or A-2 (as applicable) to this Indenture or in any indenture supplemental hereto (each, a "Rule 144A Global Note") registered in the name of Cede & Co., as nominee of DTC duly executed by the Issuer and authenticated by and deposited with the Trustee as custodian for and on behalf of the Depositary. The aggregate principal amount of each Rule 144A Global Note may from time to time be increased or decreased by adjustments made by the Trustee on the applicable Global Note or on the records of the Trustee as hereinafter provided in accordance with the instructions of the Depositary.

Notes offered and sold in offshore transactions in reliance on Regulation S shall be issued initially in the form of one or more permanent Global Notes in registered form without interest coupons and with such applicable legends as are provided for in Section 2.02, substantially in the form set forth in Exhibit A-1 or A-2 (as applicable) to this Indenture or in any indenture supplemental hereto (each, a "Regulation S Global Note"), registered in the name of Cede & Co., as nominee of DTC, duly executed by the Issuer and authenticated by and deposited with the Trustee as custodian for and on behalf of the Depositary.

The aggregate principal amount of each Regulation S Global Note may from time to time be increased or decreased by adjustments made by the Trustee on the applicable Global Note or on the records of the Trustee as hereinafter provided.

Notes offered and sold to institutional "accredited investors" as defined in Rule 501(1), (2), (3) or (7) of Regulation D of the Securities Act shall be issued in registered form as Definitive Notes without interest coupons duly executed by the Issuer and authenticated by the Trustee, substantially in the form set forth in Exhibit A-1 or A-2 (as applicable) to this Indenture or any indenture supplement thereto.

(c) On the date of any Refinancing, the Issuer shall issue and deliver as provided in Section 2.10 an aggregate principal amount of Refinancing Notes having the maturities and bearing the interest rates and such other terms authorized by one or more Trustee Resolutions or in any indenture supplemental hereto providing for the issuance of such Notes or specified in the form of such Notes, in each case in accordance with Section 2.10.

(d) [Reserved].

(e) The Notes shall be executed on behalf of the Issuer by the manual or facsimile signature of a Signatory Trustee.

(f) Each Note bearing the manual or facsimile signatures of any individual who was at the time such Note was executed a Signatory Trustee shall bind the Issuer, notwithstanding that any such individual has ceased to hold such office prior to the authentication and delivery of such Notes or any payment thereon.

(g) At any time and from time to time after the execution of any Notes, the Issuer may deliver such Notes to the Trustee for authentication and, subject to the provisions of clause (h) below, the Trustee shall authenticate such Notes by manual or facsimile signature upon receipt by it of an Officer's Certificate of the Issuer certifying that all conditions precedent in connection with the issuance of such Notes have been satisfied and directing the Trustee to authenticate such Notes. The Notes shall be authenticated on behalf of the Trustee by any Responsible Officer of the Trustee.

(h) No Note shall be entitled to any benefit under this Indenture or be valid or obligatory for any purpose, unless it shall have been executed on behalf of the Issuer as provided in clause (e) above and authenticated by or on behalf of the Trustee as provided in clause (g) above. Such signatures shall be conclusive evidence that such Note has been duly executed and authenticated under this Indenture. Each Note shall be dated the date of its authentication.

(i) The Issuer shall execute and the Trustee shall, in accordance with this Section 2.01(i) and at the written direction of the Issuer, authenticate the Global Notes and retain the Global Notes as custodian for and on behalf of the Depositary. Upon deposit with the Trustee of each Global Note authenticated by the Trustee, the Depositary shall credit, on its internal system, the respective principal amounts of individual Beneficial Interests to the accounts of the beneficial owners thereof or their respective custodians or nominees who have accounts with DTC. Ownership of Beneficial Interests will be limited to Participants or persons who hold Beneficial Interests through Participants. Ownership of Beneficial Interests will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC (with respect to interests of Participants) and the records of Participants (with respect to interests of persons other than Participants).

Participants shall have no rights either under this Indenture with respect to any Beneficial Interest in a Global Note held on their behalf by the Depositary. The Depositary may be treated by the Issuer, the Trustee and any agent of the Issuer or the Trustee as the absolute owner of such Global Note for all purposes whatsoever (except to the extent otherwise provided herein). Notwithstanding the foregoing, nothing herein shall prevent the Issuer, the Trustee or any agent of the Issuer or the Trustee from giving effect to any written certification, proxy or other authorization furnished by the Depositary or impair, as between the Depositary and its Participants, the operation of customary practices of DTC governing the exercise of the rights of an owner of a Beneficial Interest in any Global Note. The Depositary, as a Holder, may grant proxies and otherwise authorize any person, including its Participants and persons that may hold interests through Participants, to take any action which a Holder is entitled to take under this Indenture or the Notes.

Section 2.02 Restrictive Legends. (a) Each Global Note and, except as provided in Section 2.12(f), each Definitive Note (and all Notes issued in exchange therefor or upon registration of transfer or substitution thereof), except as provided in Section 2.12(f), shall bear the following legends (in addition to any other applicable legends or restrictions) on the face thereof:

NEITHER THIS NOTE, NOR ANY INTEREST HEREIN HAS BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR WITH ANY SECURITIES REGULATORY AUTHORITY IN ANY JURISDICTION AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCE. BY ITS ACQUISITION HEREOF, THE HOLDER OR BENEFICIAL OWNER OF AN INTEREST HEREIN (i) REPRESENTS THAT (A) IT IS A "QUALIFIED INSTITUTIONAL BUYER" (A "QUALIFIED INSTITUTIONAL BUYER") AS DEFINED IN RULE 144A ("RULE 144A") UNDER THE SECURITIES ACT AND HAS ACQUIRED THIS NOTE OR AN INTEREST HEREIN IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A, (B) IT IS AN INSTITUTIONAL "ACCREDITED INVESTOR" AS DEFINED IN RULE 501(a)(1), (2), (3) OR (7) OF REGULATION D ("REGULATION D") UNDER THE SECURITIES ACT (COLLECTIVELY, AN "INSTITUTIONAL ACCREDITED INVESTOR") WHO, PRIOR TO ITS PURCHASE OF THIS NOTE OR AN INTEREST HEREIN, SHALL HAVE SIGNED AN AGREEMENT IN THE FORM OF EXHIBIT I TO THE TRUST INDENTURE (THE "INDENTURE") DATED AS OF SEPTEMBER 14, 2012 AMONG WILLIS ENGINE SECURITIZATION TRUST II (THE "ISSUER"), DEUTSCHE BANK TRUST COMPANY AMERICAS, AS TRUSTEE AND OPERATING BANK, WILLIS LEASE FINANCE CORPORATION, AS ADMINISTRATIVE AGENT AND CRÉDIT AGRICOLE CORPORATE AND INVESTMENT BANK, AS THE INITIAL LIQUIDITY FACILITY PROVIDER OR (C) IT IS NOT A U.S. PERSON (WITHIN THE MEANING OF THE SECURITIES ACT) AND IS ACQUIRING THIS NOTE OR AN INTEREST HEREIN IN AN OFFSHORE TRANSACTION IN COMPLIANCE WITH REGULATION S ("REGULATION S") UNDER THE SECURITIES ACT; (ii) AGREES THAT IT WILL NOT RESELL OR OTHERWISE TRANSFER THIS NOTE OR AN INTEREST HEREIN EXCEPT (A) TO THE ISSUER OR ITS AFFILIATE (AS DEFINED IN RULE 501(b) OF REGULATION D), (B) TO AN INSTITUTIONAL ACCREDITED INVESTOR WHO, PRIOR TO ITS PURCHASE OF THIS NOTE OR AN INTEREST HEREIN, SHALL HAVE SIGNED AN AGREEMENT IN THE FORM OF EXHIBIT I TO THE INDENTURE, (C) TO A QUALIFIED INSTITUTIONAL BUYER IN COMPLIANCE WITH RULE 144A, (D) IN AN OFFSHORE TRANSACTION IN COMPLIANCE WITH RULE 904 OF REGULATION S, (E) PURSUANT TO AN EXEMPTION FROM REGISTRATION IN ACCORDANCE WITH RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE), OR (F) PURSUANT TO ANOTHER AVAILABLE EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT AND, IN EACH OF THE CASES (A) THROUGH (F) ABOVE, IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE IN THE UNITED STATES OR ANY OTHER APPLICABLE JURISDICTION; AND (iii) AGREES THAT IT WILL DELIVER TO EACH PERSON TO WHOM THIS NOTE OR AN INTEREST HEREIN IS TRANSFERRED A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND.

IF THE PROPOSED TRANSFER IS PURSUANT TO AN EXEMPTION FROM REGISTRATION IN ACCORDANCE WITH RULE 144 UNDER THE SECURITIES ACT OR PURSUANT TO ANOTHER AVAILABLE EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OTHER THAN RULE 144A OR REGULATION S UNDER THE SECURITIES ACT, THE HOLDER MUST, PRIOR TO SUCH TRANSFER, FURNISH TO THE TRUSTEE AND THE ISSUER SUCH CERTIFICATIONS, LEGAL OPINIONS OR OTHER INFORMATION AS EITHER OF THEM MAY REASONABLY REQUIRE TO CONFIRM THAT SUCH TRANSFER IS BEING MADE PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT. AS USED HEREIN, THE TERMS "OFFSHORE TRANSACTION", "UNITED STATES" AND "U.S. PERSONS" HAVE THE MEANINGS GIVEN TO THEM BY REGULATION S. THE INDENTURE CONTAINS A PROVISION REQUIRING THE REGISTRAR TO REFUSE TO REGISTER ANY TRANSFER OF THIS NOTE OR AN INTEREST HEREIN IN VIOLATION OF THE FOREGOING RESTRICTIONS.

BY ITS ACQUISITION OR ACCEPTANCE OF THIS NOTE OR ANY INTEREST HEREIN, THE HOLDER WILL BE DEEMED TO HAVE REPRESENTED, WARRANTED AND AGREED (OR IN THE CASE OF A DEFINITIVE NOTE WILL BE REQUIRED TO REPRESENT, WARRANT AND AGREE) THAT EITHER: (A) NO ASSETS OF (I) AN EMPLOYEE BENEFIT PLAN SUBJECT TO TITLE I OF THE U.S. EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AS AMENDED ("**ERISA**"), (II) A PLAN DESCRIBED IN SECTION 4975(E)(1) OF THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE "**CODE**"), (III) A PLAN, ACCOUNT OR ARRANGEMENT (SUCH AS A GOVERNMENTAL, CHURCH OR NON-U.S. PLAN) THAT IS SUBJECT TO ANY FEDERAL, STATE, LOCAL OR OTHER U.S. LAW THAT IS SUBSTANTIALLY SIMILAR TO SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE ("**SIMILAR LAW**") OR (IV) AN ENTITY WHOSE UNDERLYING ASSETS ARE DEEMED TO INCLUDE ASSETS OF ANY SUCH EMPLOYEE BENEFIT PLAN, PLAN, ACCOUNT OR ARRANGEMENT, HAVE BEEN USED TO ACQUIRE OR HOLD THIS NOTE OR ANY INTEREST HEREIN; OR (B) THE ACQUISITION AND HOLDING OF THIS NOTE OR ANY INTEREST HEREIN BY THE HOLDER DO NOT AND WILL NOT CONSTITUTE OR RESULT IN A NON-EXEMPT PROHIBITED TRANSACTION UNDER SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE OR A VIOLATION OF ANY SIMILAR LAW, AS APPLICABLE.

(b) Each Global Note (except as provided in Section 2.12(f)) shall also bear the following legend on the face thereof:

UNLESS THIS NOTE IS PRESENTED BY AN AUTHORIZED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY, A NEW YORK CORPORATION ("**DTC**"), TO THE TRUSTEE OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND ANY NOTE ISSUED IN EXCHANGE FOR THIS NOTE IS REGISTERED IN THE NAME OF CEDE & CO., OR IN SUCH OTHER NAME AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC (AND ANY PAYMENT HEREON IS MADE TO CEDE & CO. OR TO SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL INASMUCH AS THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

TRANSFERS OF THIS NOTE SHALL BE LIMITED TO TRANSFERS IN WHOLE, BUT NOT IN PART, TO NOMINEES OF DTC OR TO A SUCCESSOR THEREOF OR SUCH SUCCESSOR'S NOMINEE AND TRANSFERS OF PORTIONS OF THIS NOTE SHALL BE LIMITED TO TRANSFERS MADE IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH ON THE REVERSE HEREOF.

(c) Each Regulation S Global Note (except as provided in Section 2.12(f)) shall, in addition to the legends specified in Sections 2.02(a) and 2.02(b), bear the following legend on the face thereof:

PRIOR TO THE EXPIRATION OF A RESTRICTED PERIOD ENDING ON THE EXPIRATION OF THE "**40-DAY DISTRIBUTION COMPLIANCE PERIOD**" (AS DEFINED IN RULE 903(B)(2) OF REGULATION S) OR SUCH LATER DATE AS THE ISSUER MAY NOTIFY TO THE TRUSTEE, THIS NOTE, OR ANY BENEFICIAL INTEREST HEREIN, MAY NOT BE RESOLD OR OTHERWISE TRANSFERRED EXCEPT (A) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 904 OF REGULATION S, (B) TO AN INSTITUTIONAL ACCREDITED INVESTOR WHO, PRIOR TO ITS PURCHASE OF THIS NOTE, SHALL HAVE SIGNED AN AGREEMENT IN THE FORM OF EXHIBIT I TO THE INDENTURE OR (C) TO A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A AND (D) IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES OR ANY OTHER APPLICABLE JURISDICTION.

(d) Each Definitive Note (except as provided in Section 2.12(f)) shall also bear the following legend on the face thereof:

IN CONNECTION WITH ANY TRANSFER, THE HOLDER WILL DELIVER TO THE REGISTRAR SUCH CERTIFICATES AND OTHER INFORMATION AS IT MAY REASONABLY REQUIRE TO CONFIRM THAT THE TRANSFER COMPLIES WITH THE FOREGOING RESTRICTIONS AND THE OTHER RESTRICTIONS CONTAINED IN THE INDENTURE.

Section 2.03 Registrar and Paying Agent. (a) There shall at all times be maintained (i) an office or agency in the location set forth in Section 12.05 where Notes may be presented or surrendered for registration of transfer or for exchange (the "Registrar"), (ii) an office or agency in the location set forth in Section 12.05, where Notes may, to the extent required hereunder, be presented for payment (each, a "Paying Agent") and (iii) an office or agency where notices and demands in respect of the payment of such Notes may be served. For so long as the Notes are listed on any stock exchange, the Issuer shall appoint and maintain a Paying Agent and a listing agent in the jurisdiction in which such stock exchange is located. The Issuer shall cause the Registrar (acting as agent of the Issuer, solely for U.S. federal income tax purposes) to keep a register of each registered holder of each Note, of the increase and decrease thereof, and of their transfer and exchange, as well as the Outstanding Principal Balance of each Outstanding Note (which, absent manifest error, shall be prima facie evidence of the Outstanding Principal Balance thereof (the "Register"). Written notice of any change of location of such office or agency shall be given by the Trustee to the Issuer and the Holders. In the event that no such office or agency shall be maintained or no such notice of location or of change of location shall be given, presentations and demands may be made and notices may be served at the Corporate Trust Office of the Trustee, who shall act as the Registrar.

(b) Each Authorized Agent shall be a bank or trust company organized and doing business under the laws of the United States of America or any state or territory thereof or of the District of Columbia, with a combined capital and surplus of at least $75,000,000 (or having a combined capital and surplus in excess of $5,000,000 and the obligations of which, whether now in existence or hereafter incurred, are fully and unconditionally Guaranteed by a corporation organized and doing business under the laws of the United States of America, any state or territory thereof or of the District of Columbia and having a combined capital and surplus of at least $75,000,000) and shall be authorized under the laws of the United States of America or any state or territory thereof to exercise corporate trust powers, subject to supervision by federal or state authorities (such requirements, the "Eligibility Requirements"). The Trustee shall initially be a Paying Agent and Registrar hereunder with respect to the Notes.

(c) Any corporation into which any Authorized Agent may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, consolidation or conversion to which any Authorized Agent shall be a party, or any corporation succeeding to the corporate trust business of any Authorized Agent, shall be the successor of such Authorized Agent hereunder, if such successor corporation is otherwise eligible under this Section, without the execution or filing of any paper or any further act on the part of the parties hereto or such Authorized Agent or such successor corporation.

(d) Any Authorized Agent may at any time resign by giving Written Notice of resignation to the Trustee and the Issuer. The Issuer may, and at the request of the Trustee shall, at any time terminate the agency of any Authorized Agent by giving Written Notice of termination to such Authorized Agent and to the Trustee. Upon the resignation or termination of an Authorized Agent or if at any time any such Authorized Agent shall cease to be eligible under this Section (when, in either case, no other Authorized Agent performing the functions of such Authorized Agent shall have been appointed by the Trustee), the Issuer shall promptly appoint one or more qualified successor Authorized Agents, reasonably satisfactory to the Trustee, to perform the functions of the Authorized Agent which has resigned or whose agency has been terminated or who shall have ceased to be eligible under this Section. The Issuer shall give Written Notice of any such appointment made by it to the Trustee; and in each case the Trustee shall mail notice of such appointment to all Holders as their names and addresses appear on the Register.

(e) The Issuer agrees to pay, or cause to be paid, from time to time to each Authorized Agent reasonable compensation for its services and to reimburse it for its reasonable expenses to be agreed to pursuant to separate agreements with each such Authorized Agent.

Section 2.04 Paying Agent to Hold Money in Trust. The Trustee shall require each Paying Agent other than the Trustee to agree in writing that all moneys deposited with any Paying Agent for the purpose of any payment on the Notes shall be deposited and held in trust for the benefit of the Holders (with regard to payments on the Notes), subject to the provisions of this Section. Moneys so deposited and held in trust shall constitute a separate trust fund for the benefit of the Holders with respect to which such money was deposited.

The Trustee may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, direct any Paying Agent to pay to the Trustee all sums held in trust by such Paying Agent; and, upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such money.

Section 2.05 Method of Payment. (a) On each Payment Date, the Trustee shall, or shall instruct a Paying Agent to, pay, to the extent of the Available Collections therefor transferred to a Note Account, to the Holders all principal, Redemption Price or Outstanding Principal Balance of, and interest on, the Notes; *provided*, that in the event and to the extent receipt of any payment is not confirmed by the Trustee or Paying Agent by 1:00 p.m. (New York City time) on such Payment Date or any Business Day thereafter, distribution thereof shall be made on the Business Day following the Business Day such payment is received.

(b) Payments on a Payment Date with respect to (i) any Notes in the form of Global Notes shall be made by wire transfer to or as instructed by the Depositary (which such instructions shall be delivered at least five (5) Business Days before the applicable Payment Date) so long as it is the Holder thereof and (ii) Notes in the form of Definitive Notes shall be made by check mailed to each Holder of a Definitive Note determined on the applicable Record Date, at its address appearing in the Register; alternatively, Holders of Definitive Notes, upon application in writing to the Trustee, not later than the applicable Record Date, may have such payment made by wire transfer to an account designated by such Holder at a financial institution in New York, New York; *provided* that, Holders of Definitive Notes having an aggregate principal amount of not less than $1,000,000 shall have such payment made by wire transfer to an account designated by such Holder at a financial institution in New York, New York. The final payment with respect to any Global Note or Definitive Note, however, shall be made only upon presentation and surrender of such Note by the Holder or its agent at the Corporate Trust Office or agency of the Trustee or Paying Agent specified in the notice given by the Trustee or Paying Agent with respect to such final payment. The Trustee or Paying Agent shall mail such notice of the final payment of each Note to the Holder thereof, specifying the date and amount of such final payment, no later than five (5) Business Days prior to such final payment.

(c) Any and all payments and deposits required to be made under this Indenture or the Notes by the Issuer to or for the benefit of a Holder shall, except as otherwise required by applicable law, be made free and clear of and without deduction for any and all present or future Taxes and all liabilities with respect thereto, now or hereafter imposed, levied, collected, withheld or assessed by any governmental authority.

(d) Each Holder not organized under the laws of the United States or a state thereof shall, to the extent that it is entitled to receive payments under this Indenture without deduction or withholding of any United States federal income taxes (other than withholding Taxes), provide an original IRS Form W-8ECI, IRS Form W-8BEN, IRS Form W-9 or any other information and documentation that may be necessary in order to obtain such exemption.

(e) If a payment made to the Initial Liquidity Facility Provider under the Indenture would be subject to United States withholding tax imposed by FATCA, such Initial Liquidity Facility Provider shall deliver to the Administrative Agent and the Issuer, at the time or times prescribed by law or at such time or times reasonably requested by the Administrative Agent or Issuer, such documentation as may be necessary to determine that such Initial Liquidity Facility Provider has complied with FATCA or to determine the extent to which such Initial Liquidity Facility Provider is subject to withholding under FATCA.

Section 2.06 Minimum Denomination. The Notes shall be issued and may be transferred or exchanged only in minimum denominations of $200,000 and integral multiples of $1,000 in excess thereof.

Section 2.07 Transfer and Exchange; Cancellation. (a) Certain Transfers and Exchanges. Transfer of any Global Note shall be by delivery. The Issuer agrees with the Depositary that a Global Note and the corresponding Beneficial Interests therein shall only be transferred in the circumstances described in this Indenture. All Global Notes will be exchanged by the Issuer for Notes in definitive registered form substantially as set forth in Exhibit A-1 or A-2 (as applicable) to this Indenture (each, a "Definitive Note") if (i) the Depositary notifies the Issuer or the Trustee in writing that it is no longer willing or able to properly discharge its responsibilities as depositary with respect to the Global Notes and a successor depositary is not appointed by the Depositary at the request of the Issuer within 90 days of such notice or (ii) after the occurrence of an Event of Default with respect to the Notes the owners of Beneficial Interests representing an aggregate of not less than 51% of the aggregate Outstanding Principal Balance of the Notes advise the Issuer, the Trustee and the Depositary through the Participants in writing that the continuation of a book-entry system through DTC (or a successor thereto) is no longer in the best interests of such owners. Upon surrender to the Trustee of the Global Notes, accompanied by registration instructions from the Holder of such Global Note as provided in this Indenture, the Issuer shall issue and, upon written instructions of the Issuer, the Trustee shall authenticate and deliver Definitive Notes to the owners of Beneficial Interests therein.

None of the Issuer, the Paying Agent or the Trustee shall be liable for any delay in delivery of such registration instructions and may conclusively rely on, and shall be fully protected in relying on, such registration instructions as provided in accordance with the terms of this Indenture. Upon the issuance of Definitive Notes, the Trustee shall recognize the Persons in whose name the Definitive Notes are registered in the Register as Holders hereunder. Neither the Issuer nor the Trustee shall be liable if the Trustee or the Issuer is unable to appoint a successor to DTC.

The transfer and exchange of Beneficial Interests in Global Notes shall be effected through DTC, in accordance with this Indenture and the Applicable Procedures of DTC therefor. The transfer and exchange of Beneficial Interests shall be subject to restrictions on transfer comparable to those set forth in Section 2.12 and elsewhere herein. The Trustee shall have no obligation to ascertain DTC's compliance with any such restrictions on transfer or exchange.

Any Beneficial Interest in one of the Global Notes that is transferred to a Person who will hold such Beneficial Interest in the form of an interest in another Global Note will, upon transfer, cease to be an interest in such first Global Note and become an interest in such other Global Note and, accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to Beneficial Interests in such other Global Note for as long as it holds such an interest therein.

Global Notes may also be exchanged or replaced, in whole or in part, as provided in Section 2.08. Every Note authenticated and delivered in exchange for, or in lieu of, a Global Note or any portion thereof pursuant to Section 2.08 shall be authenticated and delivered in the form of, and shall be, a Global Note in registered form. A Global Note may not be exchanged for another Note other than as provided in Sections 2.07(a) and 2.08.

(b) Transfer and Exchange of Definitive Notes. A Holder may transfer a Definitive Note only by written application to the Registrar stating the name of the proposed transferee and otherwise complying with the terms of this Indenture. No such transfer shall be effected until, and such transferee shall succeed to the rights of a Holder only upon, final acceptance and registration of the transfer by the Registrar in the Register.

Prior to the due presentment for registration of transfer of a Definitive Note, the Issuer and the Trustee may deem and treat the applicable registered Holder as the absolute owner and Holder of such Definitive Note for the purpose of receiving payment of all amounts payable with respect to such Definitive Note and for all other purposes and shall not be affected by any Written Notice to the contrary. The Registrar (if different from the Trustee) shall promptly notify the Trustee and the Trustee shall promptly notify the Issuer of each request for a registration of transfer of a Definitive Note.

When Definitive Notes are presented to the Registrar with a request to register their transfer or to exchange them for an equal principal amount of Definitive Notes of other authorized denominations, the Registrar shall register the transfer or make the exchange as requested if its requirements for such transactions are met (including, in the case of a transfer, that such Definitive Notes are accompanied by a completed Transfer Notice in the form attached to such Definitive Notes duly executed by the Holder thereof (or by an attorney who is authorized in writing to act on behalf of the Holder) and by an agreement in the form of Exhibit I hereto duly executed by the transferee of such Definitive Notes). To permit registrations of transfers and exchanges, the Issuer shall execute and the Trustee shall, upon the written order of the Issuer, authenticate Definitive Notes. Except as set forth in Sections 2.08 and 2.09, no service charge shall be made for any registration of transfer or exchange of any Definitive Notes.

The Registrar shall not be required to exchange or register the transfer of any Definitive Notes as above provided during the 15-day period preceding the Final Maturity Date of any such Notes or during the period after the first mailing of any notice of Redemption of Notes to be redeemed. The Registrar shall not be required to exchange or register the transfer of any Definitive Notes that have been selected, called or are being called for Redemption except, in the case of any Definitive Notes where notice has been given that such Definitive Notes are to be redeemed in part, the portion thereof not so to be redeemed.

(c) Cancellation. The Issuer at any time may deliver Notes to the Trustee for cancellation. Each Registrar and Paying Agent shall forward to the Trustee any Notes surrendered to them for transfer, exchange, payment or purchase. The Trustee and no one else shall cancel and destroy in accordance with its customary practices in effect from time to time any such Notes, together with any other Notes surrendered to it for registration of transfer, exchange or payment. The Issuer may not issue new Notes (other than Refinancing Notes issued in connection with any Refinancing) to replace Notes it has redeemed, paid or delivered to the Trustee for cancellation.

Section 2.08 Mutilated, Destroyed, Lost or Stolen Notes. If any Definitive Note or Global Note shall become mutilated, destroyed, lost or stolen, the Issuer shall, upon the written request of the Holder thereof and presentation of such Note or satisfactory evidence of destruction, loss or theft thereof to the Trustee or Registrar, issue, and the Trustee shall authenticate and the Trustee or Registrar shall deliver in exchange therefor or in replacement thereof, a new Definitive Note or Global Note, payable to such Holder in the same principal amount, of the same maturity, with the same payment schedule, bearing the same interest rate and dated the date of its authentication. If the Definitive Note or Global Note being replaced has become mutilated, such Note shall be surrendered to the Trustee or the Registrar and forwarded to the Issuer by the Trustee or the Registrar. If the Definitive Note or Global Note being replaced has been destroyed, lost or stolen, the Holder thereof shall furnish to the Issuer, the Trustee or the Registrar (a) such security or indemnity as may be required by them to save the Issuer, the Trustee and the Registrar harmless and (b) evidence satisfactory to the Issuer, the Trustee and the Registrar of the destruction, loss or theft of such Definitive Note or Global Note and of the ownership thereof, *provided* that the requirements of this sentence with respect to any Holder that is a QIB shall be satisfied by delivery of an indemnity of such Holder in form and substance satisfactory to the Trustee and an affidavit of such Holder as to the destruction, loss or theft.

The Holder(s) will be required to pay any Tax or other governmental charge imposed in connection with such exchange or replacement and any other expenses (including the fees and expenses of the Trustee and the Registrar) connected therewith.

Section 2.09 Payments of Transfer Taxes. Upon the transfer of any Note or Notes pursuant to Section 2.07, the Issuer or the Trustee may require from the party requesting such new Note or Notes payment of a sum to reimburse the Issuer or the Trustee for, or to provide funds for the payment of, any transfer tax or similar governmental charge payable in connection therewith.

Section 2.10 Refinancing. (a) Subject to Section 2.01(a), the next succeeding two sentences, paragraphs (b), (c) and (d) below and Section 5.02(c)(ii), the Issuer may issue Refinancing Notes pursuant to this Indenture for the purpose of refinancing the Outstanding Principal Balance of the Initial Notes and any Refinancing Notes. Each refinancing of the Initial Notes or Refinancing Notes with the proceeds of an offering of Refinancing Notes (a "Refinancing") shall be authorized pursuant to one or more Trustee Resolutions. Each Refinancing Note shall constitute a "Note" for all purposes under this Indenture, and shall have the class or subclass designation and such further designations added or incorporated in such title as specified in the related Trustee Resolutions, in any indenture supplemental hereto providing for the issuance of such Notes or specified in the form of such Notes, as the case may be.

(b) A Refinancing of the Initial Notes or any Refinancing Notes in whole may occur on any Payment Date after the Initial Closing Date and shall be effected as an Optional Redemption pursuant to Section 3.11(a). No partial Refinancing of the Initial Notes or any Refinancing Notes shall be permitted. On the date of any Refinancing, the Issuer shall issue and sell an aggregate principal amount of Refinancing Notes in an amount at least equal to the Redemption Price of the Notes being refinanced thereby and any accrued and unpaid interest plus the Refinancing Expenses relating thereto and any amount to be deposited in any Cash Collateral Account for such Refinancing Notes. The proceeds of each sale of Refinancing Notes shall be used to make the deposit required by Section 3.11(d), to pay such Refinancing Expenses, to fund such Cash Collateral Account and for such other purposes as may be specified in the Trustee Resolution.

(c) Each Refinancing Note shall contain such terms as may be established in or pursuant to the related Trustee Resolution (subject to Section 2.01), in any indenture supplemental hereto providing for the issuance of such Notes or specified in the form of such Notes to the extent permitted below, which supplemental indenture may include such amendments to this Indenture as shall be specified in the Trustee Resolutions. Prior to any Refinancing, any or all of the following, as applicable, with respect to the related issue of Refinancing Notes shall have been determined by the Issuer and set forth in one or more Trustee Resolutions, in any indenture supplemental hereto or specified in the form of such Notes, as the case may be:

(i) the Notes to be refinanced by such Refinancing Notes;

(ii) the aggregate principal amount of such Refinancing Notes that may be issued;

(iii) the proposed date of such Refinancing;

(iv) the Expected Final Payment Date, if applicable, and the Final Maturity Date of such Refinancing Notes;

(v) whether such Refinancing Notes are to have the benefit of any Eligible Credit Facility and, if so, the amount and other terms thereof and/or the existence of any Cash Collateral Account and/or any increase in the Required Amount for any Cash Collateral Account;

(vi) the rate at which such Refinancing Notes shall bear interest or the method by which such rate shall be determined;

(vii) if other than denominations of $200,000 or higher integral multiples of $1,000 (with respect to Notes), the denomination or denominations in which such Refinancing Notes shall be issuable;

(viii) whether beneficial owners of interests in any such permanent global Refinancing Note may exchange such interests for Refinancing Notes under which any such exchanges may occur, if other than in the manner provided in Section 2.07, and the circumstances under which and the place or places where any such exchanges may be made and the identity of any initial depositary therefor if not DTC;

(ix) the class and subclass of Notes to which such Refinancing Notes belong; and

(x) any other terms, conditions, rights and preferences (or limitations on such rights and preferences) relating to such Refinancing Notes (which terms shall comply with Applicable Law and not be inconsistent with the requirements or restrictions of this Indenture, including Section 5.02(c)(ii)).

If any of the terms of any issue of Refinancing Notes are established by action taken pursuant to one or more Trustee Resolutions, such Trustee Resolutions shall be delivered to the Trustee setting forth the terms of such Refinancing Notes.

(d) In connection with a Refinancing of the Initial Notes, the Initial Liquidity Facility shall be terminated and a condition of such Refinancing shall be the payment in full to the Initial Liquidity Facility Provider of all amounts related to and due under the Initial Liquidity Facility.

(e) In connection with any Refinancing of Notes, the Issuer shall pay to all parties to the Related Documents all reasonable costs and expenses related thereto.

Section 2.11 [Reserved].

Section 2.12 Special Transfer Provisions. (a) Certain Transfers and Exchanges of Beneficial Interests. In connection with all transfers and exchanges of a Beneficial Interest in a Global Note for a Definitive Note, the transferor of such Beneficial Interest must deliver to the Trustee either (i) (A) instructions given in accordance with the Applicable Procedures from a Participant directing DTC to credit or cause to be credited a Beneficial Interest corresponding to the specified Global Note in an amount equal to the Beneficial Interest to be transferred or exchanged, (B) a written order given in accordance with the Applicable Procedures containing information regarding the Participant account to be credited with such increase in connection with such transfer or exchange and (C) instructions given by the Depositary to effect the transfer referred to in (A) and (B) above or (ii) (A) instructions given in accordance with Applicable Procedures from a Participant directing DTC to direct the Trustee to cause to be issued a Definitive Note by means of the process set forth in Section 2.07(a) (if permitted pursuant to Section 2.07) in an amount equal to the Beneficial Interest to be transferred or exchanged and (B) instructions given by the Holder of the Beneficial Interest in such Global Note to effect the transfer referred to in (A) above.

(b) Transfer of Beneficial Interests in the Same Global Note. Beneficial Interests in a Global Note may be transferred to Persons who will hold such Beneficial Interest in a form corresponding to the same Global Note in accordance with the transfer restrictions set forth in the Restrictive Legend.

(c) Transfer of Beneficial Interests to Another Global Note. Beneficial Interests corresponding to one of the Global Notes may be transferred to Persons who will hold such Beneficial Interest in the form of a Beneficial Interest corresponding to the other Global Note subject to the following:

(i) If a Holder of a Beneficial Interest in a Rule 144A Global Note deposited with the Depositary wishes to exchange its Beneficial Interest in such Rule 144A Global Note for a Beneficial Interest in the Regulation S Global Note, or to transfer its Beneficial Interest in such Rule 144A Global Note to a Person who wishes to take delivery thereof in the form of a Beneficial Interest in the corresponding Regulation S Global Note, the transferor of such Beneficial Interest must deliver to the Trustee (A) written instructions given in accordance with the Applicable Procedures from a Participant directing the Trustee, as Registrar, to cause to be credited a Beneficial Interest in the corresponding Regulation S Global Note in an amount equal to the Beneficial Interest in the Rule 144A Global Note to be exchanged or transferred, but not less than the minimum denomination applicable to Notes held through such Regulation S Global Note, (B) a written order given in accordance with the Applicable Procedures containing information regarding the Participant account of the Depositary and, in the case of a transfer or exchange pursuant to and in accordance with Regulation S, the Euroclear or Clearstream account to be credited with such increase and (C) a certificate in the form of Exhibit F hereto, including the certifications in item (2) thereof. The Trustee, as Registrar, will instruct the Depositary to reduce the principal amount of the Rule 144A Global Note and to increase the principal amount of the corresponding Regulation S Global Note by the aggregate principal amount of the Beneficial Interest in the Rule 144A Global Note to be exchanged or transferred, and to credit or cause to be credited to the account of the Person specified in such instructions a Beneficial Interest in such Regulation S Global Note equal to the reduction in the principal amount of the Rule 144A Global Note.

(ii) If an Holder of a Beneficial Interest in a Regulation S Global Note deposited with the Depositary wishes at any time to exchange its Beneficial Interest in such Regulation S Global Note for a Beneficial Interest in a corresponding Rule 144A Global Note or to transfer its Beneficial Interest in such Regulation S Global Note to a Person who wishes to take delivery thereof in the form of a Beneficial Interest in the corresponding Rule 144A Global Note, the transferor of such Beneficial Interest must deliver to the Trustee (A) written instructions from Euroclear and Clearstream or the Depositary, as the case may be, directing the Trustee, as Registrar, to cause to be credited a Beneficial Interest in the corresponding Rule 144A Global Note equal to the Beneficial Interest in the Regulation S Global Note to be exchanged or transferred but not less than the minimum denomination applicable to Notes held through such Rule 144A Global Notes, such instructions to contain information regarding the Participant account with the Depositary to be credited with such increase and (B) prior to or on the 40th day after the later of the commencement of the offering of the Notes and the relevant Closing Date (the "Restricted Period"), a certificate in the form of Exhibit F hereto, including the certifications in item (1) thereof. After the expiration of the Restricted Period the certification requirements of this clause (ii) will no longer apply to such transfers.

The Trustee, as Registrar, will instruct the Depositary to reduce the Regulation S Global Note by the aggregate principal amount of the Beneficial Interest in the Regulation S Global Note to be transferred or exchanged and shall instruct the Depositary, concurrently with such reduction, to credit or cause to be credited to the account of the Person specified in such instructions a Beneficial Interest in the corresponding Rule 144A Global Note equal to the reduction in the principal amount of the Regulation S Global Note.

(d) Notation by the Trustee of Transfer of Beneficial Interests Among Global Notes. Upon satisfaction of the requirements for transfer of Beneficial Interests pursuant to paragraphs (a) and (c) above, the Depositary shall present to the Trustee (x) the relevant Global Note from which the Beneficial Interests are being transferred to reduce the principal amount of such Global Note and (y) the relevant Global Note to which the Beneficial Interests are being transferred to increase the principal amount of such Global Note, in each case, by the principal amount of such Beneficial Interests being transferred (and an appropriate notation shall be made thereon by the Trustee). The Trustee shall then promptly deliver appropriate instructions to DTC to reduce or reflect on its records a reduction of the Beneficial Interests in the Global Note from which the Beneficial Interests are being transferred by the principal amount of such Beneficial Interests, and the Trustee shall promptly deliver appropriate instructions to DTC concurrently with such reduction, to increase or reflect on its records an increase of the Beneficial Interests in the Global Note to which Beneficial Interests are being transferred by the principal amount of such Beneficial Interests, and to credit or cause to be credited to the account of the Participant specified in the instructions delivered by the transferor of such Beneficial Interests pursuant to paragraph (a) of this Section 2.12 the Beneficial Interests being transferred.

(e) Exchange of Beneficial Interests for Definitive Notes. Any Definitive Note delivered in exchange for a Beneficial Interest corresponding to a Rule 144A Global Note or Regulation S Global Note, as the case may be, pursuant to this Indenture and Section 2.07(a) shall, except as otherwise provided by paragraph (f) of this Section 2.12, bear the Restrictive Legend set forth in Section 2.02.

(f) Restrictive Legend. Upon the transfer, exchange or replacement of Definitive Notes not bearing the Restrictive Legend, the Registrar shall deliver Definitive Notes that do not bear the Restrictive Legend. Upon the transfer, exchange or replacement of Definitive Notes bearing the Restrictive Legend, the Registrar shall deliver only Definitive Notes that bear the Restrictive Legend unless, in the case of Initial Notes, there is delivered to the Registrar an Opinion of Counsel reasonably satisfactory to the Issuer and the Trustee to the effect that neither such legend nor the related restrictions on transfer are required in order to maintain compliance with the provisions of the Securities Act.

(g) General. By its acceptance of any Note bearing the Restrictive Legend, each Holder of such Note acknowledges the restrictions on transfer of such Note set forth in this Indenture and in the Restrictive Legend and agrees that it will transfer such Note only as provided in this Indenture and in such Note. By its acceptance of a Beneficial Interest corresponding to any Global Note, each such owner acknowledges the restrictions on transfer of such Beneficial Interest set forth in this Indenture and agrees that it will transfer such Beneficial Interest only as set forth in this Indenture. The Registrar shall not register a transfer of any Definitive Note unless such transfer complies with the restrictions on transfer of such Definitive Note set forth in this Indenture. In connection with any transfer of Notes or Beneficial Interests corresponding thereto, each Holder or owner thereof agrees by its acceptance of such Notes or such Beneficial Interests to furnish the Trustee or the Depositary, as the case may be, the certifications and legal opinions described herein to confirm that such transfer is being made pursuant to an exemption from, or a transaction not subject to, the registration requirements of the Securities Act; *provided* that the Trustee or Depositary, as the case may be, shall not be required to determine (but may rely on a determination made by the Issuer with respect to) the sufficiency of any such legal opinions.

(h) Transfers of Global Notes. Subject to clauses (c) and (d) above, transfers of a Global Note shall be limited to transfers of such Global Note in whole, but not in part, to nominees of the Depositary or to a successor of the Depositary or such successor's nominee.

The Trustee shall retain copies of all letters, notices and other written communications received pursuant to this Section 2.12 in accordance with its customary procedures. The Issuer shall have the right to inspect and make copies of all such letters, notices or other written communications at any reasonable time during normal business hours upon the giving of reasonable Written Notice to the Trustee.

Section 2.13 [Reserved].

Section 2.14 Statements to Holders. (a) On the last Business Day before each Payment Date, the Issuer shall cause the Administrative Agent to deliver to the Trustee, the Controlling Trustees, each Rating Agency, and the Initial Liquidity Facility Provider, and the Trustee shall promptly thereafter (but not later than such Payment Date) make available on the Trustee's Website to each Holder who has registered on the Trustee's Website and provided proof of its ownership of the Notes to the Trustee (each such Holder a "Certified Holder"), a written report signed by a Responsible Officer of the Administrative Agent, substantially in the form attached as Exhibit E-1 hereto prepared by the Administrative Agent and setting forth the information described therein (each, a "Monthly Report"). The Issuer shall cause the Administrative Agent to deliver a copy of the Annual Budget for each year with the Monthly Report for January in such year, and the Trustee shall include a copy of such Annual Budget with the Monthly Report for January made available on the Trustee's Website to the Certified Holders. The Issuer shall cause the Administrative Agent to deliver to the Trustee, the Controlling Trustees, each Rating Agency, and the Initial Liquidity Facility Provider with the Monthly Report for each June, and the Trustee shall make available on the Trustee's Website with the Monthly Report for each June to the Certified Holders, a written report signed by a Responsible Officer of the Administrative Agent, substantially in the form attached as Exhibit E-2 hereto prepared by the Administrative Agent and setting forth the information described therein (each, an "Annual Report"). The Trustee shall make available on the Trustee's Website a copy of each Monthly Report and Annual Report to any Certified Holder. The Trustee shall be permitted to change the method by which the Monthly Report or the Annual Report is distributed to Holders in order to make such distribution more convenient and/or more accessible to the Holders. The Trustee shall provide timely and adequate notification to the Holders of any such change. If the Notes are then listed on any stock exchange, the Trustee also shall provide a copy of each Monthly Report and each Annual Report to the applicable listing agent on behalf of such stock exchange at the address set forth in Section 12.05.

(b) The Issuer shall cause the Administrative Agent to deliver, after the end of each calendar year but not later than the latest date permitted by law, to the Trustee, the Initial Liquidity Facility Provider and the Controlling Trustees, and the Trustee shall (or shall instruct any Paying Agent to) furnish to each Person who at any time during such calendar year was a Holder of Notes during such calendar year, a statement prepared by the Administrative Agent containing the sum of the amounts determined pursuant to Exhibit E-1 hereto with respect to the Notes for such calendar year or, in the event such Person was a Holder of Notes during only a portion of such calendar year, for the applicable portion of such calendar year, and such other items as are readily available to the Administrative Agent and which a Holder shall reasonably request as necessary for the purpose of such Holder's preparation of its U.S. federal income or other tax returns.

So long as any of the Notes are Global Notes held by the Depositary or its nominee, such report and such other items will be prepared on the basis of such information supplied to the Administrative Agent by the Depositary, and will be delivered by the Trustee, when received from the Administrative Agent, to the Depositary and the applicable beneficial owners in the manner described above. In the event that any such information has been provided by any Paying Agent directly to such Person through other tax-related reports or otherwise, the Trustee in its capacity as Paying Agent shall not be obligated to comply with such request for information.

(c) The Issuer shall cause a copy of each statement, report or document described in Section 2.14(a) and Section 6.12 to be concurrently delivered by the Administrative Agent to each Rating Agency.

(d) At such time, if any, as the Notes are issued in the form of Definitive Notes, the Trustee shall deliver the information described in Section 2.14(b) to each Holder of a Definitive Note for the relevant period of ownership of such Definitive Note as appears on the records of the Registrar.

(e) Following each Payment Date and any other date specified herein for distribution of any payments with respect to the Notes and prior to a Refinancing or Redemption, the Trustee shall cause notice thereof to be given (i) by publication in such English language newspaper or newspapers having a general circulation in Europe, (ii) by either of (A) the information contained in such notice appearing on the relevant page of the Reuters Screen or such other medium for the electronic display of data as may be available to the Trustee and notified to Holders or (B) publication in the Financial Times (European Edition) and The Wall Street Journal (National Edition) or, if either newspaper shall cease to be published or timely publication therein shall not be practicable, in such English language newspaper or newspapers having a general circulation in Europe and the United States of America and (iii) so long as such Notes are registered with DTC, Euroclear and/or Clearstream, delivery of the relevant notice to DTC, Euroclear and/or Clearstream for communication by them to Holders. Notwithstanding the above, any notice to the Holders of Floating Rate Notes specifying an interest rate for such Notes, any Payment Date, any principal payment or any payment of premium, if any, shall be validly given by delivery of the relevant notice to DTC, Euroclear and/or Clearstream for communication by them to such Holders, without the need for publication in an English language newspaper described in clause (i) of the preceding sentence. If the Notes are listed on a stock exchange, notice specifying (a) an increase in the interest rate of the Notes or (b) redemption of principal of any Notes must be published in a daily newspaper of general circulation in the jurisdiction in which such stock exchange is located for so long as any class of Notes is listed on such stock exchange. Any such notice shall be deemed to have been given on the first day on which any of such conditions shall have been met.

(f) The Trustee shall be at liberty to sanction some other method of giving notice to the Holders if, in its opinion, such other method is reasonable, having regard to the number and identity of the Holders and/or to market practice then prevailing, is in the best interests of the Holders and will comply with the rules of any stock exchange on which any Notes are listed as confirmed by the listing agent for such stock exchange or such other stock exchange (if any) on which the Notes are then listed, and any such notice shall be deemed to have been given on such date as the Trustee may approve; *provided* that notice of such method is given to the Holders in such manner as the Trustee shall require.

Section 2.15 CUSIP, CCN and ISIN Numbers. The Issuer in issuing the Notes may use "CUSIP", "CCN", "ISIN" or other identification numbers (if then generally in use), and if so, the Trustee shall use CUSIP numbers, CCN numbers, ISIN numbers or other identification numbers, as the case may be, in notices of redemption or exchange as a convenience to Holders; *provided* that any such notice shall state that no representation is made as to the correctness of such numbers either as printed on the Notes or as contained in any notice of redemption or exchange and that reliance may be placed only on the other identification numbers printed on the Notes; *provided further*, that failure to use "CUSIP", "CCN", "ISIN" or other identification numbers in any notice of redemption or exchange shall not affect the validity or sufficiency of such notice.

Section 2.16 Holder Representations and Covenants. Each Holder and beneficial owner of a Note, by the purchase of such Note or beneficial interest therein, covenants and agrees that it will treat such Note as indebtedness for all purposes and will not take any action contrary to such characterization, including, without limitation, filing any tax returns or financial statements inconsistent therewith. Each Holder agrees to the Issuer's calculation of the comparable yield and projected payment schedule, as set forth in Schedule 6, to determine the amount and timing of the accrual of original issue discount on the Notes for U.S. federal income tax purposes.

As and to the extent provided in Section 3.03(a), an amount equal to the aggregate Cash Payment Amounts for the Remaining Initial Engines will be transferred from the Collections Account out of the proceeds of the Initial Notes (after any other deposits or transfer out of such proceeds) to the Engine Purchase Account. The amount so deposited shall be held in such Account and invested in Permitted Account Investments until applied as provided in Section 3.04 or Section 3.05, as applicable. The Administrative Agent shall give Written Notice to the Security Trustee, Trustee and the Operating Bank of the satisfaction or waiver (specifying which) of all conditions for the payment of the Cash Payment Amount for any Remaining Initial Engine, and no amounts may be withdrawn or transferred from the Engine Purchase Account with respect to the Cash Payment Amount for such Remaining Initial Engine until receipt of such notice as to such Remaining Initial Engine, except as provided in Section 3.04(g) and Section 3.08(h).

(i) Engine Replacement Account.

(i) The Issuer may elect, by notice to the Trustee in writing, not later than the last Business Day preceding the later of the date of any Permitted Engine Disposition and the date on which the Net Sale Proceeds of such Permitted Engine Disposition are received, to deposit all or a portion of the Net Sale Proceeds realized from such Permitted Engine Disposition, whether or not initially deposited in the Collections Account, in (x) the Engine Replacement Account or (y) a Qualified Escrow Account maintained by a Qualified Intermediary, *provided* that such written direction shall be accompanied by a Trustee Resolution that such election has been made and that the requirements of Sections 5.02(o) in respect of such Permitted Engine Disposition have been satisfied. The Trustee shall, or shall cause the Operating Bank to, retain in the Collections Account all or any portion of the Net Sale Proceeds realized from any Permitted Engine Disposition as to which the direction described in the preceding sentence is not received by the end of the last Business Day preceding the later of the date of any Engine Disposition and the date on which such Net Sale Proceeds are received.

(ii) The Issuer may elect to apply the Net Sale Proceeds from a Permitted Engine Disposition deposited in the Engine Replacement Account or a Qualified Escrow Account pursuant to Section 3.01(j)(i) in a Permitted Engine Acquisition at any time during the applicable Replacement Period.

All Net Sale Proceeds so transferred to the Collections Account may not be withdrawn therefrom, except for distribution in accordance with Section 3.09.

(j) Liquidity Facility Reserve Account. Following the funding of the Liquidity Facility Reserve Account with a Downgrade Drawing, a Final Drawing or a Non-Extension Drawing, if the Administrative Agent determines in accordance with Section 3.07(g) that on any Payment Date after making all withdrawals and transfers to be made with respect to such Payment Date, there will be (i) a Required Expenses Shortfall, and/or (ii) a Liquidity Facility Interest Shortfall, the Administrative Agent shall so notify the Trustee in writing and shall direct the Operating Bank in writing on such Payment Date to withdraw from the Liquidity Facility Reserve Account the lesser of (A) the amount equal to the aggregate of the shortfalls in clauses (i) and (ii) above and (B) the amount on deposit therein.

The Trustee shall, or shall cause the Operating Bank to, as set out in the Written Notice from the Administrative Agent, apply the amount so withdrawn, first, to the Expense Account an amount such that the amount on deposit therein is at least equal to the Required Expense Amount for such Payment Date and second, to the Note Account for the Initial Notes, in respect of the Interest Amount on the Initial Notes. In the event the Liquidity Facility Reserve Account has been funded with a Downgrade Drawing and subsequently such Downgrade Event shall have been cured, following notice from the Initial Liquidity Facility Provider, the Administrative Agent shall so notify the Trustee in writing and shall direct the Operating Bank in writing to withdraw from the Liquidity Facility Reserve Account any Unapplied Downgrade Advance (as defined in the Initial Liquidity Facility) to be repaid to the Initial Liquidity Facility Provider.

Except with respect to amounts, if any, that for local tax or other regulatory or legal reasons must be retained on deposit or as to the transfer of which the Administrative Agent determines there is any substantial uncertainty, all amounts deposited in such Rental Accounts in the name of such Issuer Group Member shall, within one Business Day of their receipt (or with respect to any Rental Payments or Usage Fees deposited into any Rental Account in the name of such Issuer Group Member described above, within three (3) Business Days of their receipt), be transferred by the Administrative Agent to the Collections Account.

(m) Defeasance/Redemption Account. Upon Written Notice of the Issuer to it, or a Trustee Resolution provided to it authorizing that the Notes are to be redeemed pursuant to Section 3.11 (other than in a Refinancing) or defeased under Article XI, the Administrative Agent shall cause the Operating Bank to establish and maintain a Defeasance/Redemption Account pursuant to Section 3.01(a) in the name of the Security Trustee on behalf of the Secured Parties. All amounts received for the purpose of any such redemption or defeasance shall be deposited in the Defeasance/Redemption Account.

All net cash proceeds of such Refinancing shall be deposited in the Refinancing Account and shall be held in such Account until such proceeds are applied to pay the Redemption Price of and all accrued and unpaid interest on the Notes being redeemed until such Notes are cancelled by the Trustee and Refinancing Expenses with respect thereto (except to the extent the Controlling Trustees have determined, as evidenced by a Trustee Resolution, to pay the same from funds available therefor in the Expense Account) and as otherwise provided in Section 5.02(c)(ii).

(o) Additional Cash Collateral Accounts. Upon receipt by the Administrative Agent of a Trustee Resolution providing for the establishment of any additional Cash Collateral Account as an Eligible Credit Facility for the Notes or in respect of any other Obligation, the Administrative Agent shall, by Written Notice, cause the Operating Bank to establish (within three (3) Business Days of the giving of such Written Notice) and maintain such Cash Collateral Account pursuant to Section 3.01(a) in the name of the Security Trustee for the benefit of the Holders of the Notes and/or the Secured Parties holding such other Obligation. All amounts provided in connection with any such Trustee Resolution for deposit in such Account and all amounts to be deposited in such Account under Section 3.09 as an Eligible Credit Facility shall be held in such Cash Collateral Account for application, and all replenishment shall be made, in accordance with the terms of the Trustee Resolution relating to such Eligible Credit Facility, which Trustee Resolution shall include the basis of any replenishment of the Cash Collateral Account.

(a) For so long as any Notes remain Outstanding, the Administrative Agent shall, or shall direct the Operating Bank in writing to, invest and reinvest the funds on deposit in the Accounts in Permitted Account Investments specified by the Administrative Agent in such written instructions; *provided*, *however*, that the Initial Liquidity Facility Provider shall be entitled to direct the Administrative Agent to invest the amounts on deposit (if any) in the Liquidity Facility Reserve Account in Permitted Account Investments; *provided further*, *however*, that following the giving of a Default Notice or during the continuance of an Acceleration Default, the Administrative Agent shall direct the Operating Bank in writing to invest such funds on deposit in the Accounts in Permitted Account Investments described in clause (d) of the definition thereof (but in the case of a Lessee Funded Account only to the extent any such investment credited to such Lessee Funded Account or the Security Deposit Account is permitted by the Leases pursuant to which such funds were received) from the time of receipt thereof until such time as such amounts are required to be distributed pursuant to the terms of this Indenture. The Administrative Agent shall make or cause to be made such investments and reinvestments and the Issuer (or the Administrative Agent acting on the Issuer's instructions) and/or the Initial Liquidity Facility Provider as specified in the immediately preceding sentence shall provide such direction, all in accordance with the terms of the following provisions:

(i) the Permitted Account Investments shall have maturities and other terms such that sufficient funds shall be available to make required payments pursuant to this Indenture (A) before the next Payment Date after which such investment is made, in the case of investments of funds on deposit in the Collections Account and the Expense Account, or (B) in accordance with a Written Notice provided by the Administrative Agent (after consultation with the Servicer), the requirements of the relevant Leases or Engine Agreements, in the case of investments of funds on deposit in the Lessee Funded Accounts; *provided* that an investment maturing within one year of the date of investment shall nevertheless be a Permitted Account Investment if it has been acquired with funds which are not reasonably anticipated, at the discretion of the Administrative Agent, to be required to be paid to any other Person or otherwise transferred from the applicable Account prior to such maturity;

(ii) if any funds to be invested are not received in the Accounts by 1:00 p.m., New York City time, on any Business Day, such funds shall, if possible, be invested in overnight Permitted Account Investments described in clause (d) of the definition thereof; *provided* that none of the Administrative Agent, the Trustee, the Security Trustee, the Operating Bank or the Initial Liquidity Facility Provider shall be liable for any losses incurred in respect of the failure to invest funds not thereby received; and

In no event shall the Trustee or the Operating Bank be liable for the selection of investments or for investment losses incurred thereon. Neither the Administrative Agent, the Trustee nor the Operating Bank shall have any liability in respect of losses incurred as a result of the liquidation of any investment prior to its stated maturity or the failure of the Issuer or the Initial Liquidity Facility Provider, as the case may be, to provide timely written investment direction. Neither the Administrative Agent, the Trustee nor the Operating Bank guarantees the performance of any Permitted Account Investment. If the Permitted Account Investment in which the Administrative Agent or the Initial Liquidity facility Provider has directed the Trustee or the Operating Bank to invest any funds in any Account ceases to be a Permitted Account Investment pursuant to the definition thereof, the Administrative Agent or the Initial Liquidity Facility Provider, as the case may be, shall provide the Trustee and/or the Operating Bank with new specific written investment directions. Neither the Trustee nor the Operating Bank shall have any duty or obligation to monitor whether an investment meets the requirements of a Permitted Account Investment nor shall it have any liability with respect to any investment which ceases to be a Permitted Account Investment.

Section 3.10 Reserved.

Section 3.11 Certain Redemptions. (a) Optional Redemption. Subject to the provisions of Section 3.11(c), on any Payment Date the Issuer may elect to redeem (including in connection with any Refinancing) the Notes in whole or in part (any such redemption, an "Optional Redemption"), out of amounts available in the Defeasance/Redemption Account or, in the case of a Refinancing, the Refinancing Account, for such purpose, if any, other than, in either such case, any funds constituting part of the Available Collections, at the Redemption Price plus any accrued and unpaid interest (after giving effect to any payment thereof on such Redemption Date under Section 3.09) on the Notes to be redeemed on the Redemption Date; *provided* that an Optional Redemption funded with Refinancing Notes may only be in whole; and *provided further* that after the giving of a Default Notice or the Acceleration of any Notes, the Notes may be redeemed only in whole but not in part pursuant to this Section 3.11(a); and *provided further* that Written Notice of any such Redemption shall be given by the Issuer (or the Administrative Agent on its behalf) to the Trustee and, for so long as any Notes are listed on any stock exchange, to the applicable listing agent and such stock exchange within such time period prior to such Redemption Date as is required to comply with the rules of such stock exchange as confirmed by the listing agent for such stock exchange or such stock exchange. Any Balance in the Engine Purchase Account remaining on the Delivery Expiry Date will be applied as an Optional Redemption (the "Acquisition Balance Redemption") in part of the Notes on the next succeeding Payment Date.

(b) Redemption for Taxation Reasons. Subject to the provisions of Section 3.11(c), if, at any time,

(i) the Issuer is, or on the next succeeding Payment Date will be, required to make any withholding or deduction under the laws or regulations of any applicable Tax authority with respect to any payment on the Notes; or

(ii) the Issuer is or will be subject to any circumstance (whether by reason of any law, regulation, regulatory requirement or double-taxation convention, or the interpretation or application thereof, or otherwise) that has resulted or will result in the imposition of a Tax (whether by direct assessment or by withholding at source) or other similar imposition by any jurisdiction that would (A) materially increase the cost to the Issuer of making payments in respect of the Notes or of complying with its obligations under or in connection with the Notes; or (B) otherwise obligate the Issuer or any of its subsidiaries to make any material payment on, or calculated by reference to, the amount of any sum received or receivable by the Issuer, or by the Administrative Agent on behalf of the Issuer Group as contemplated by the Administrative Agency Agreement;

then the Issuer shall inform the Trustee in writing at such time of any such requirement or imposition and shall use commercially reasonable efforts to avoid the effect of the same; *provided* that no actions shall be taken by the Issuer to avoid such effects without a Rating Agency Confirmation.

If, after using commercially reasonable efforts to avoid the adverse effects described above, any Issuer Group Member has not avoided such effects, the Issuer may, at its election, redeem the Notes on any Payment Date, in whole, at the Outstanding Principal Balance thereof plus accrued and unpaid interest (after giving effect to any payment thereof on such Redemption Date under Section 3.09) thereon, but without premium, after paying the Required Expense Amount and all unpaid Credit Facility Obligations as of such Payment Date (any such redemption, a "Tax Redemption"); *provided*, *however*, that any such Redemptions may not occur more than 30 days prior to such time as the requirement or imposition described in (i) or (ii) above is to become effective and the Trustee shall have received a certification from the Issuer certifying that the applicable Issuer Group Member has been unable, after using commercially reasonable efforts, to avoid the adverse effects described above; *provided further* that Written Notice of any such Redemption shall be given by the Issuer (or the Administrative Agent on its behalf) to the Trustee and, for so long as any Notes are listed on any stock exchange and traded on such stock exchange, to the applicable listing agent and such stock exchange within such time period prior to the Redemption Date for such Redemption as is required to comply with the rules of such stock exchange as confirmed by the listing agent for such stock exchange or such stock exchange.

(c) Method of Redemption. Upon receipt of notice from the Issuer or the Administrative Agent of any Redemption under Section 3.11(a) or 3.11(b), the Trustee shall give Written Notice in respect of any such Redemption of the Notes (other than the Acquisition Balance Redemption) under Section 3.11(a) or 3.11(b) to the Holders and to the Initial Liquidity Facility Provider, at least seven (7) days before the Redemption Date for such Redemption. The Depositary shall forward such Notice of Redemption to its Participants or the beneficial owners of the Global Notes with any additional instructions applicable to owners of Beneficial Interests in accordance with its Applicable Procedures. If a Redemption is in part and not in whole, the amount of such Redemption will be applied *pro rata* according to the Outstanding Principal Balance of the Notes, to the extent moneys are available. Except in the case of a Refinancing, the Trustee shall not deliver any notice under this Section 3.11(c) unless and until the Trustee shall have received certification that all conditions precedent to such Redemption have been satisfied and evidence satisfactory to it that the amounts required to be deposited pursuant to Section 3.11(d) are, or will on or before the Redemption Date be, deposited in the Defeasance/Redemption Account. Each notice in respect of a Redemption given pursuant to this Section 3.11(c) shall state (i) the applicable Redemption Date, (ii) the Trustee's arrangements for making payments in respect of such Redemption, (iii) the Redemption Price of the Outstanding Principal Balance of the Notes to be redeemed, (iv) in the case of a Redemption of the Notes in whole, the Notes to be redeemed in whole must be surrendered to the Trustee to collect the Redemption Price plus accrued and unpaid interest on such Notes and (v) in the case of a Redemption of the Notes in whole, that, unless the Issuer defaults in the payment of the Redemption Price and any accrued and unpaid interest thereon, interest on the Notes called for Redemption shall cease to accrue on and after the Redemption.

(d) Deposit of Redemption Amount. On or before 10:00 a.m. (New York City time) on the Redemption Date in respect of a Redemption under Section 3.11(a), the Issuer shall, to the extent an amount equal to the Redemption Price of Initial Notes to be redeemed and all accrued and unpaid interest (after giving effect to any payment thereof on such Redemption Date under Section 3.09) thereon and all unpaid Credit Facility Obligations (only in respect of any amounts drawn from the Liquidity Facility Reserve Account or Facility Drawings, as the case may be, in respect of Liquidity Facility Interest Shortfalls) as of the Redemption Date is not then held on deposit therein, deposit or cause to be deposited in the Defeasance/Redemption Account or, in the case of a Refinancing, the Refinancing Account, other than, in either case, any funds constituting part of the Available Collections, an amount in immediately available funds equal to such amount.

On or before 10:00 a.m. (New York City time) on the fifth day preceding any Redemption Date in respect of a Redemption under Section 3.11(b), the Issuer shall, to the extent an amount equal to the Outstanding Principal Balance of Initial Notes to be redeemed and all accrued and unpaid interest (after giving effect to any payment thereof on such Redemption Date under Section 3.09) thereon and all unpaid Credit Facility Obligations (only in respect of any amounts drawn from the Liquidity Facility Reserve Account or Facility Drawings, as the case may be, in respect of Liquidity Facility Interest Shortfalls) as of the Redemption Date is not then held on deposit therein, deposit or cause to be deposited in the Defeasance/Redemption Account other than any funds constituting part of Available Collections, an amount in immediately available funds equal to such amount.

(e) Notes Payable on Redemption Date. After notice has been given under Section 3.11(c) of a Redemption in whole, the Outstanding Principal Balance of the Initial Notes to be redeemed on such Redemption Date shall become due and payable at the Corporate Trust Office of the Trustee, and from and after such Redemption Date (unless there shall be a default in the payment of the applicable amount to be redeemed) such principal amount shall cease to bear interest. Upon surrender of any Note for redemption in accordance with such notice, the Redemption Price or the Outstanding Principal Balance (as applicable) of such Note, together with accrued and unpaid interest on such Note shall be paid as provided for in this Section 3.11. If any Note to be redeemed shall not be so paid upon surrender thereof for redemption, the amount in respect thereof shall continue to bear interest until paid from the Redemption Date at the interest rate applicable to such Note.

Section 3.12 Reserved.

Section 3.13 Eligible Credit Facilities. Notwithstanding Section 3.09, Article X, or anything else to the contrary contained in this Indenture or the Security Trust Agreement, all amounts available in any Cash Collateral Account or drawn against any other Eligible Credit Facility shall be paid to such Holders of Notes (and holders of other obligations) for whose benefit such Eligible Credit Facility is stated to be established except to the extent otherwise provided in the Trustee Resolutions providing for such Eligible Credit Facility.

Section 3.14 Initial Liquidity Facility. (a) Facility Drawings. If the Administrative Agent determines in accordance with Section 3.07(g) hereof that after making all withdrawals (after giving effect to any withdrawals from the Initial Liquidity Facility Reserve Account and transfers to be made with respect to the applicable Payment Date, there is (i) a Required Expenses Shortfall and/or (ii) a Liquidity Facility Interest Shortfall, in each case as calculated in Section 3.07(g), the Administrative Agent shall so notify the Trustee in writing and shall, no later than 5:00 p.m. (New York City time) four Business Days prior to such Payment Date, request a drawing (each such drawing, a "Facility Drawing") under the Initial Liquidity Facility, to be paid on or prior to such Payment Date, in an amount equal to the lesser of (A) the aggregate amount of the shortfall from clauses (i) and (ii) above and (B) the Available Amount under the Initial Liquidity Facility.

(b) Application of Facility Drawings. The proceeds of any Facility Drawing shall be deposited into the Liquidity Payment Account and withdrawn by the Operating Bank, upon Written Notice from the Administrative Agent, for application on the applicable Payment Date in the following manner: first, to the Expense Account an amount such that the amount on deposit therein is at least equal to the Required Expense Amount for such Payment Date and second, to the Note Account for the Initial Notes, the amount of accrued and unpaid interest on the Initial Notes with respect to the applicable Payment Date.

(c) Downgrade Drawings. (i) The Initial Liquidity Facility Provider will promptly, but in any event within ten (10) days of the Initial Liquidity Facility Provider no longer having the minimum long-term issuer rating specified for a Rating Agency in the definition "Threshold Rating", deliver notice to the Trustee and the Administrative Agent of such downgrade and the Downgrade Date. A Downgrade Event shall have occurred if the credit rating of the Initial Liquidity Facility Provider by a Rating Agency falls below the applicable Threshold Rating by such Rating Agency unless a Rating Agency Confirmation is obtained within 14 Business Days of the Downgrade Date that the downgrading by such Rating Agency will not result in the downgrading, withdrawal or suspension of its rating of the Class 2012-A Notes. If the Initial Liquidity Facility Provider does not provide the Trustee and the Administrative Agent with such Rating Agency Confirmation described in the definition "Threshold Rating" or provides notice in writing that it will not deliver such Rating Agency Confirmation, such Initial Liquidity Facility shall become a Downgraded Facility. A Downgrade Drawing shall be requested by the Administrative Agent under a Downgraded Facility as provided in Section 3.14(c)(iii), unless a Replacement Liquidity Facility has been arranged in accordance with in Section 3.14(c)(ii).

(ii) If at any time the Initial Liquidity Facility becomes a Downgraded Facility, the Initial Liquidity Facility Provider or the Administrative Agent on behalf of the Issuer may arrange for a Replacement Liquidity Provider to issue and deliver a Replacement Liquidity Facility to the Trustee and the Administrative Agent pursuant to Section 3.14(e)(ii) within 30 days after the Downgrade Date (but not later than the expiration date of the Initial Liquidity Facility).

(iii) Upon the occurrence of a Downgrade Event with respect to the Initial Liquidity Facility, unless a Replacement Liquidity Facility is arranged as provided in Section 3.14(c)(ii), the Administrative Agent shall, within 14 days after the Downgrade Date (or if such 14th day is not a Business Day, on the immediately preceding Business Day) or, if earlier, the expiration date of the Initial Liquidity Facility), request a drawing in accordance with and to the extent permitted by the Initial Liquidity Facility (such drawing, a "Downgrade Drawing") of the Available Amount thereunder. Amounts drawn pursuant to a Downgrade Drawing shall be deposited into the Liquidity Facility Reserve Account and maintained and invested as provided in Section 3.14(f) hereof.

(iv) If after a Downgrade Drawing has been provided by the Initial Liquidity Facility Provider and subsequently the Initial Liquidity Facility Provider is upgraded by the applicable Rating Agency to the applicable Threshold Rating, following written notice from the Initial Liquidity Facility Provider to the Administrative Agent of such upgrade, any amounts of such Downgrade Drawing remaining in the Liquidity Facility Reserve Account shall be reimbursed to the Initial Liquidity Facility Provider in accordance with Section 3.01(j).

(d) Non-Extension Drawings. If the Initial Liquidity Facility is to expire on a date (the "Stated Expiration Date") prior to the date that is 15 days after the Final Maturity Date with respect to the Initial Notes, then, no earlier than the 75th day and no later than the 30th day prior to the applicable Stated Expiration Date then in effect, the Administrative Agent shall request that the Initial Liquidity Facility Provider extend the Stated Expiration Date until the earlier of (i) the date which is 15 days after the Final Maturity Date with respect to the Initial Notes and (ii) the date that is the 364th day following the Stated Expiration Date then in effect (unless the obligations of the Initial Liquidity Facility Provider are earlier terminated in accordance with the Initial Liquidity Facility).

If on or before the date which is 10 days prior to the Stated Expiration Date, (A) the Initial Liquidity Facility shall not have been replaced in accordance with Section 3.14(e) and (B) the Initial Liquidity Facility Provider fails irrevocably and unconditionally to advise the Administrative Agent that such Stated Expiration Date then in effect shall be so extended (whether or not the Administrative Agent has in fact requested an extension), the Administrative Agent shall immediately, in accordance with the terms of the Initial Liquidity Facility, request a drawing (such drawing, a "Non-Extension Drawing") for the Available Amount. Amounts drawn pursuant to a Non-Extension Drawing shall be deposited into the Liquidity Facility Reserve Account to the extent of the Available Amount.

(e) Issuance of Replacement Liquidity Facility. (i) If the Initial Liquidity Facility Provider shall not extend the Stated Expiration Date in accordance with Section 3.14(d), then either the Initial Liquidity Facility Provider or the Issuer may, at their respective options, arrange for a Replacement Liquidity Facility to replace the Initial Liquidity Facility during the period no earlier than 45 days and no later than 10 days prior to the then effective Stated Expiration Date.

(ii) If a Downgrade Event shall have occurred with respect to the Initial Liquidity Facility in accordance with Section 3.14(c), then either the Initial Liquidity Facility Provider or the Issuer may, at their respective options, arrange for a Replacement Liquidity Facility to replace the Initial Liquidity Facility within 30 days after receiving notice of such Downgrade Event (but not later than the expiration date of the Initial Liquidity Facility); *provided*, *however*, that the Initial Liquidity Facility Provider may, at its option, arrange for a Replacement Liquidity Facility at any time following a Downgrade Drawing so long as the Administrative Agent on behalf of the Issuer has not already arranged for a Replacement Liquidity Facility.

(iii) At any time after the Initial Closing Date, the Initial Liquidity Facility Provider may, at its option, arrange for a Replacement Liquidity Facility to replace the Initial Liquidity Facility.

(A) No Replacement Liquidity Facility arranged by the Initial Liquidity Facility Provider or the Issuer in accordance with clauses (i), (ii) and (iii)(A) above shall become effective and no such Replacement Liquidity Facility shall be deemed an "Eligible Credit Facility" under this Indenture, unless and until (x) each of the conditions referred to in subclause (C) below shall have been satisfied, and (y) in the case of a Replacement Liquidity Facility arranged by the Initial Liquidity Facility Provider, such Replacement Liquidity Facility is acceptable to the Issuer.

(B) In connection with the issuance of each Replacement Liquidity Facility, (x) the Administrative Agent shall, prior to the issuance of such Replacement Liquidity Facility, have received a Rating Agency Confirmation with respect to the Initial Notes (without regard to any downgrading of any rating of the Initial Liquidity Facility Provider being replaced pursuant to this Section 3.14(e)), (y) all Credit Facility Obligations then owing to the replaced Initial Liquidity Facility Provider (which payment shall be made first from available funds in the Liquidity Facility Reserve Account and thereafter from any other available source, including, without limitation, a drawing under the Replacement Liquidity Facility) shall be paid by the Operating Bank upon receipt of a Written Notice of the Administrative Agent setting forth the amount of the Credit Facility Obligations then owing to the replaced Initial Liquidity Facility Provider and (z) the issuer of the Replacement Liquidity Facility shall deliver the Replacement Liquidity Facility to the Administrative Agent, together with a legal opinion opining that such Replacement Liquidity Facility has been duly authorized, executed and delivered by, and is an enforceable obligation of, such Replacement Liquidity Facility Provider, such legal opinion to be reasonably satisfactory to the Controlling Party unless the legal opinion of counsel to the Replacement Liquidity Facility Provider is in form and substance substantially the same as the legal opinion of counsel to the Initial Liquidity Facility Provider delivered on the Initial Closing Date.

(C) Upon satisfaction of the conditions set forth in clauses (B) and (C) of this Section 3.14 (e)(iii) with respect to a Replacement Liquidity Facility, (w) the replaced Initial Liquidity Facility shall terminate, (x) the Administrative Agent shall, if and to the extent so requested by the Issuer or the Initial Liquidity Facility Provider being replaced, execute and deliver any certificate or other instrument required in order to terminate the replaced Initial Liquidity Facility, shall surrender the replaced Initial Liquidity Facility to the Initial Liquidity Facility Provider being replaced and shall execute and deliver the Replacement Liquidity Facility, (y) each of the parties hereto shall enter into any amendments to this Indenture and any other Related Documents necessary to give effect to (1) the replacement of the applicable Initial Liquidity Facility Provider with the applicable Replacement Liquidity Facility Provider and (2) the replacement of the applicable Initial Liquidity Facility with the applicable Replacement Liquidity Facility and (z) such Replacement Liquidity Facility Provider shall be deemed to be a provider of an Eligible Credit Facility with the rights and obligations of the Initial Liquidity Facility Provider hereunder and under the other Related Documents and such Replacement Liquidity Facility shall be deemed to be an Eligible Credit Facility (and, if so designated by the Controlling Trustees, the "Initial Liquidity Facility") hereunder and under the other Related Documents.

For purposes of clarification, an assignment to an Eligible Provider as permitted thereunder by the provider of the Initial Liquidity Facility or any other Eligible Credit Facility shall not be considered a Replacement Liquidity Facility; *provided*, that written notification of such assignment shall have been provided to the Rating Agencies, and the assignee has delivered to the Administrative Agent legal opinions with respect to due authorization, execution, delivery and enforceability substantially similar in scope and substance to the legal opinions delivered by counsel to the Initial Liquidity Facility Provider on the Initial Closing Date. Following any assignment in accordance with the provisions thereof and in the foregoing proviso, the assignee shall be deemed to be the "Initial Liquidity Facility Provider" for all purposes of the Related Documents.

(f) Liquidity Facility Reserve Account; Withdrawals; Investments. All amounts drawn under the Initial Liquidity Facility by the Administrative Agent pursuant to Section 3.14(c), 3.14(d) or 3.14(i) hereof shall be deposited by the Administrative Agent into the Liquidity Facility Reserve Account. All amounts on deposit in the Liquidity Facility Reserve Account, including any amount deposited in accordance with clause (iii) of Section 3.09(a) or clause (iii) of Section 3.09(b), shall be invested and reinvested in accordance with Section 3.02. Upon a request by the Initial Liquidity Facility Provider, the Administrative Agent shall provide the Initial Liquidity Facility Provider with the amount of Investment Earnings held in the Liquidity Facility Reserve Account as of the Calculation Date. On each Payment Date, the Administrative Agent shall direct the Operating Bank in writing to pay to the Initial Liquidity Facility Provider all Investment Earnings on amounts on deposit in the Liquidity Facility Reserve Account.

Amounts on deposit in the Liquidity Facility Reserve Account shall be withdrawn by or at the direction of the Administrative Agent under the following circumstances:

(iv) in the event that (x) the Outstanding Principal Balance of, and accrued and unpaid interest on, the Notes have been paid in full or (y) the Initial Notes are no longer entitled to the benefits of the Initial Liquidity Facility in accordance with the terms thereof, the Administrative Agent shall direct the Operating Bank to withdraw, upon Written Notice from the Administrative Agent, all amounts from the Liquidity Facility Reserve Account and pay such amounts to the Initial Liquidity Facility Provider until all Credit Facility Obligations owed to the Initial Liquidity Facility Provider shall have been paid in full, and shall deposit any remaining amount in the Collections Account; and

(v) 15 days after the Final Maturity Date with respect to the Initial Notes, the Operating Bank shall withdraw, upon Written Notice from the Administrative Agent, all amounts on deposit in the Liquidity Facility Reserve Account and shall pay such amounts to the Initial Liquidity Facility Provider until all Credit Facility Obligations owed to such Person shall have been paid in full, and shall deposit any remaining amount in the Collections Account.

(g) Reinstatement. With respect to any Facility Drawing under the Initial Liquidity Facility, upon the reimbursement to the Initial Liquidity Facility Provider in full or in part of the amount of such Facility Drawing, together with any accrued interest thereon, the Available Amount of the Initial Liquidity Facility shall be reinstated by an amount equal to the amount of such Facility Drawing so reimbursed to the Initial Liquidity Facility Provider but not to exceed the Maximum Commitment; *provided*, *however*, that the Available Amount shall not be so reinstated in part or in full at any time (i) if a Liquidity Facility Event of Default shall have occurred and be continuing or (ii) if a Downgrade Drawing, Non-Extension Drawing or Final Drawing shall have been made.

(h) Reimbursement. The amount of each Facility Drawing under the Initial Liquidity Facility and any amounts withdrawn from the Liquidity Facility Reserve Account following a Downgrade Drawing, Non-Extension Drawing or a Final Drawing shall be due and payable, together with interest thereon, on the dates and at the rates, respectively, provided in the Initial Liquidity Facility but only to the extent that Available Collections are sufficient to pay such amounts in the order of priority set forth in Section 3.09.

(i) Final Drawing. Upon receipt from the Initial Liquidity Facility Provider of a Termination Notice with respect to the Initial Liquidity Facility, the Administrative Agent shall, not later than the date specified in such Termination Notice, in accordance with the terms of the Initial Liquidity Facility, request in writing a drawing under the Initial Liquidity Facility of the Available Amount (a "Final Drawing"). Proceeds of a Final Drawing shall be deposited into the Liquidity Facility Reserve Account to the extent of the Available Amount, in accordance with clause (f) above.

(j) Initial Liquidity Facility Provider Consent. To the extent that the Initial Liquidity Facility Provider's consent or approval is required under this Indenture or any other Related Document, such consent is not required in the event that (i) no Notes are Outstanding and (ii) no Credit Facility Advance Obligations are due and owing to the Initial Liquidity Facility Provider.

Section 3.15 Adjustments to Scheduled Target Principal Balances.

Section 4.02 Acceleration, Rescission and Annulment. (a) If an Acceleration Default occurs, the Outstanding Principal Balance of the Notes and all accrued and unpaid interest thereon shall automatically become due and payable without any further action by any party. If an Event of Default (other than an Acceleration Default) occurs and is continuing, the Trustee may, and upon the written direction of the Controlling Party shall, give a Default Notice to the Issuer, the Administrative Agent and the Security Trustee declaring the Outstanding Principal Balance of the Notes and all accrued and unpaid interest thereon to be due and payable. Upon delivery of a Default Notice, the Outstanding Principal Balance of the Notes and all accrued and unpaid interest thereon shall be due and payable. At any time after the Trustee has declared the Outstanding Principal Balance of the Notes to be due and payable and prior to the exercise of any other remedies pursuant to this Article IV, the Trustee may, and upon the written direction of the Controlling Party shall, by Written Notice to the Issuer, the Administrative Agent and the Security Trustee, subject to Section 4.05(a), rescind and annul such declaration and thereby annul its consequences if: (i) there has been paid to or deposited with the Trustee an amount sufficient to pay all overdue installments of interest on the Notes, and the principal or Redemption Price of the Notes that would have become due otherwise than by such declaration of acceleration, (ii) the rescission or annulment would not conflict with any judgment or decree and (iii) all other Defaults and Events of Default, other than nonpayment of interest and principal on the Notes that have become due solely because of such acceleration have been cured or waived.

(b) No Person other than the Trustee may give a Default Notice or exercise any such remedy.

(c) The Trustee shall provide each Rating Agency with a copy of any Default Notice it receives pursuant to this Indenture.

Section 4.03 Other Remedies. If an Event of Default occurs and is continuing, the Trustee may, and at the written direction of the Controlling Party shall, pursue any available remedy by proceeding at law or in equity to collect the payment of principal or Redemption Price of, or interest on, the Notes or to enforce the performance of any provision of the Notes or this Indenture.

The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding.

Section 4.04 Limitation on Suits. Without limiting the provisions of Section 4.09 and the final sentence of Section 12.04(a), no Holder shall have any right to institute any proceeding, judicial or otherwise, with respect to this Indenture, the Security Trust Agreement or the Notes, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless:

(a) such Holder has previously given written notice to the Trustee of a continuing Event of Default;

(b) a Required Majority makes a written request to the Trustee to pursue a remedy hereunder;

(c) such Holder or Holders offer to the Trustee an indemnity reasonably satisfactory to the Trustee against any costs, expenses and liabilities to be incurred in complying with such request;

(d) the Trustee does not comply with such request within 60 days after receipt of the request and the offer of indemnity; and

(e) during such 60-day period, Holders of a Required Majority does not give the Trustee a revocation or direction inconsistent with such request.

No one or more Holders may use this Indenture to affect, disturb or prejudice the rights of another Holder or to obtain or seek to obtain any preference or priority not otherwise created by this Indenture and the terms of the Notes over any other Holder or to enforce any right under this Indenture, except in the manner herein provided.

Section 4.05 Waiver of Existing Defaults. (a) The Trustee may, and at the written direction of the Controlling Party shall, waive any existing Default hereunder and its consequences, except no waiver may be given with respect to a Default: (i) in the deposit or distribution of any payment required to be made on any Notes, (ii) in the payment of the interest on, principal of or premium, if any, with respect to any Note or (iii) in respect of a covenant or provision hereof which under Article IX cannot be modified or amended without the consent of the Holder of each Note affected thereby and the Initial Liquidity Facility Provider. Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured for every purpose of this Indenture, but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereon. Each such notice of waiver shall also be given to each Rating Agency.

(b) Any written waiver of a Default or an Event of Default given by the Trustee and the Issuer in accordance with the terms of this Indenture shall be binding upon the Issuer and the other parties hereto. Unless such writing expressly provides to the contrary, any waiver so granted shall extend only to the specific event or occurrence which gave rise to the Default or Event of Default so waived and not to any other similar event or occurrence which occurs subsequent to the date of such waiver.

Section 4.06 Restoration of Rights and Remedies. If the Trustee or any Holder of Notes has instituted any proceeding to enforce any right or remedy under this Indenture, and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or such Holder, then in every such case the Issuer, the Trustee and the Holders shall, subject to any determination in such proceeding, be restored severally and respectively to their former positions hereunder, and thereafter all rights and remedies of the Trustee and the Holders shall continue as though no such proceeding has been instituted.

Section 4.07 Remedies Cumulative. Each and every right, power and remedy herein given to the Trustee (or the Controlling Party or the Required Majority) specifically or otherwise in this Indenture shall be cumulative and shall be in addition to every other right, power and remedy herein specifically given or now or hereafter existing at law, in equity or by statute, and each and every right, power and remedy whether specifically herein given or otherwise existing may be exercised from time to time and as often and in such order as may be deemed expedient by the Trustee (or the Controlling Party or the Required Majority), and the exercise or the beginning of the exercise of any power or remedy shall not be construed to be a waiver of the right to exercise at the same time or thereafter any other right, power or remedy. No delay or omission by the Trustee (or the Controlling Party or the Required Majority) in the exercise of any right, remedy or power or in the pursuance of any remedy shall impair any such right, power or remedy or be construed to be a waiver of any Default on the part of the Issuer or to be an acquiescence therein.

Section 4.08 Authority of Courts Not Required. The parties hereto agree that, to the greatest extent permitted by law, the Trustee shall not be obliged or required to seek or obtain the authority of, or any judgment or order of, the courts of any jurisdiction in order to exercise any of its rights, powers and remedies under this Indenture, and the parties hereby waive any such requirement to the greatest extent permitted by law.

Section 4.09 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture, the right of any Holder to receive payment of principal or Redemption Price of, or interest, on its Note on or after the respective due dates therefor expressed in such Note, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 4.10 Trustee May File Proofs of Claim. The Trustee may file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel) and of any Holder allowed in any judicial proceedings relating to any obligor on the Notes, its creditors or its property and shall be entitled and empowered to collect, receive and distribute any money or other property payable or deliverable on any such claims and otherwise in accordance with the terms of this Indenture, and any custodian in any such judicial proceeding is hereby authorized by each obligee to make such payments to the Trustee, as administrative expenses associated with any such proceeding, and, in the event that the Trustee shall consent to the making of such payments directly from the obligee to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due to the Trustee under Section 8.01 and otherwise in accordance with the terms of this Indenture.

Section 4.11 Undertaking for Costs. All parties to this Indenture agree, and each Holder by its acceptance thereof shall be deemed to have agreed, that in any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit, having due regard to the merits and good faith of the claims or defense made by the party litigant.

This Section 4.11 does not apply to a suit instituted by the Trustee, a suit instituted by any Holder for the enforcement of the payment of principal or Redemption Price of, or interest, on its Note on or after the respective due dates expressed in such Note, or a suit by a Holder or Holders of more than 10% of the Outstanding Principal Balance of the Notes.

Section 4.12 Remedies; Rights of Controlling Party. Subject always to the provisions of this Article IV, the Controlling Party shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee; *provided* that (a) such direction shall not be in conflict with any rule of law or other applicable provisions of this Indenture and other Related Documents and would not involve the Trustee in personal liability or expense; and (b) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction.

(i) unless the proceeds of the Merger Transaction are applied to redeem the Notes in whole, the resulting entity is a special purpose entity, the charter of which is substantially similar to the Trust Agreement, and, after such Merger Transaction, payments from such resulting entity to the Noteholders do not give rise to any withholding tax payments less favorable to the Noteholders than the amount of any withholding tax payments which would have been required had such Merger Transaction not occurred and such entity is not subject to taxation as a corporation or an association or a publicly traded partnership taxable as a corporation;

(ii) (A) such Merger Transaction has been unanimously approved by the Controlling Trustees including the Independent Controlling Trustee and (B), unless the proceeds of the Merger Transaction are applied to redeem the Notes in whole, the surviving successor or transferee entity shall expressly assume all of the obligations of the Issuer under this Indenture, the Notes and each other Related Document to which the Issuer is then a party (with, in the case of a transfer only, the Issuer thereupon being released), in each case pursuant to an agreement in substance and form reasonably satisfactory to the Controlling Trustees;

(iii) both before, and immediately after giving effect to such Merger Transaction, no Concentration Violation, Event of Default or Early Amortization Event shall have occurred and be continuing;

(iv) unless the proceeds of the Merger Transaction are applied to redeem the Notes in whole, each of (A) a Rating Agency Confirmation, (B) the consent of the Controlling Party, and (C) the prior written consent of the Initial Liquidity Facility Provider has been obtained with respect to such Merger Transaction;

(v) unless the proceeds of the Merger Transaction are applied to redeem the Notes in whole, for U.S. Federal income tax purposes, such Merger Transaction does not result in the recognition of gain or loss by any Noteholder; and

(vi) the Issuer delivers to the Trustee an Officer's Certificate and an Opinion of Counsel, in each case stating that such Merger Transaction complies with the above criteria and that all conditions precedent provided for herein relating to such transaction have been complied with.

(h) Limitation on Transactions with Affiliates. The Issuer will not, and will not permit any Issuer Subsidiary to, directly or indirectly, enter into, renew or extend any transaction (including, without limitation, the purchase, sale, lease or exchange of property or assets, or the rendering of any service) with any Affiliate of the Issuer or any Issuer Subsidiary, except upon fair and reasonable terms no less favorable to the Issuer or such Issuer Subsidiary than could be obtained, at the time of such transaction or at the time of the execution of the agreement providing therefor, in a comparable arm's-length transaction with a Person that is not such an Affiliate, *provided,* that the foregoing restriction does not limit or apply to the following:

(i) any transaction in connection with the establishment of the Issuer, its acquisition of the Initial Engines (or related Engine Trusts) or pursuant to the terms of the Related Documents;

(ii) any transaction within and among the Issuer or any Issuer Subsidiary; *provided* that no such transaction, other than among the Issuer and any Issuer Subsidiary, shall be consummated if such transaction would materially adversely affect the Noteholders;

(vii) any payments of the types referred to in clause (i) or (ii) of Section 5.02(d) and not prohibited thereunder; or

(viii) sale of Engines or any Issuer Subsidiary as part of a single transaction providing for the redemption or defeasance of the Notes in accordance with the terms of this Indenture.

Except as expressly permitted by the Trust Agreement, the Issuer will not (i) issue, deliver or sell any Stock or (ii) sell, or permit any Issuer Subsidiary, directly or indirectly, to issue, deliver or sell, any Stock (in each case, however designated, whether voting or non-voting, other than the Issuer Beneficial Interests in the Issuer existing on the Closing Date), except for the following:

(i) the issuances, sale, delivery, transfer or pledge of Stock of any Issuer Group Member to or for the benefit of any Issuer Group Member;

(vii) notwithstanding the foregoing, no issuance, delivery, sale, transfer or other disposition of any equity interest in the Issuer or any Issuer Subsidiary will be effective, and any such issuance, delivery, sale transfer or other disposition will be void *ab initio*, if it would result in the Issuer or such Issuer Subsidiary being classified as an association (or a publicly traded partnership) taxable as a corporation for U.S. federal income tax purposes.

(j) Bankruptcy and Insolvency. The Issuer will promptly provide the Trustee, the Initial Liquidity Facility Provider and the Rating Agencies with Written Notice of the institution of any proceeding by or against the Issuer or any Issuer Subsidiary, as the case may be, seeking to adjudicate any of them a bankrupt or insolvent, or seeking liquidation, winding up, reorganization, arrangement, adjustment, protection, relief or composition of their debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or the appointment of a receiver, trustee or other similar official for either or for any substantial part of their property. The Issuer will not take any action to waive, repeal, amend, vary, supplement or otherwise modify its constitutional documents or any provision of the Trust Agreement or permit any Controlling Trustee to do so to any of its constitutional documents that would adversely affect the rights, privileges or preferences of any Noteholder, unless evidenced by a unanimous written resolution of the Controlling Trustees including the Independent Controlling Trustee and a Rating Agency Confirmation.

(m) Reserved.

To permit compliance with Rule 144A in connection with offers and sales of Notes, the Issuer will promptly furnish upon request of a Holder of a Note to such Holder and a prospective purchaser designated by such Holder, the information required to be delivered under Rule 144A(d)(4) if at the time of such request the Issuer is not a reporting company under Section 13 or Section 15(d) of the Exchange Act. (q) Engine Acquisitions. The Issuer will not, and will not permit any Issuer Subsidiary to, purchase or otherwise acquire an Engine (or an interest therein) other than the Initial Engines or any interest therein, except that the Issuer and any Issuer Subsidiary will be permitted to purchase or otherwise acquire, directly or indirectly Replacement Engines in connection with a Replacement Exchange, so long as the following requirements are satisfied (any such purchase or acquisition satisfying all of the following conditions (i) through (viii), a "Permitted Engine Acquisition"):

(i) no Event of Default or Early Amortization Event shall have occurred and be continuing at the time of such purchase or acquisition or would result therefrom;

(i) The Issuer will not surrender possession of any Engine to any Person that is not an Issuer Group Member other than for purposes of maintenance or overhaul or pursuant to a Lease that includes the Core Lease Provisions.

(ii) The Issuer will, and will cause the Servicer in general to, use its pro forma lease agreement or agreements, as such pro forma lease agreement or agreements may be revised for purposes of the Issuer specifically or generally from time to time by the Servicer (collectively, the "Pro Forma Lease"), for use by the Servicer on behalf of the Issuer or any other Issuer Group Member as a starting point in the negotiation of Future Leases with Persons who are not Issuer Group Members or any of their respective Affiliates. However, with respect to any Future Lease entered into in connection with (x) the renewal or extension of a Lease, (y) the leasing of an Engine to a Person that is or was a Lessee under a pre-existing Lease, or (z) the leasing of an Engine to a Person that is or was a Lessee under an operating lease of an engine that is being managed or serviced by the Servicer, a form of lease substantially similar to such pre-existing Lease or operating lease, as the case may be, may be used by the Servicer, in lieu of the Pro Forma Lease on behalf of the Issuer or any other Issuer Group Member as a starting point in the negotiation of such Future Lease with Persons who are not an Issuer Group Member or any of their respective Affiliates. The terms of the Pro Forma Lease may be revised from time to time by the Servicer, *provided* that any such revisions shall be consistent with the Core Lease Provisions.

(iii) The Issuer may enter into, and permit any Issuer Subsidiary to enter into, any Future Lease for which Rental Payments are denominated in a currency other than Dollars, *provided* that, if the aggregate Adjusted Appraised Value of Engines on Leases with any such currency is in excess of 5% of the Aggregate Adjusted Appraised Value, the currency exposure shall be hedged in accordance with Section 5.02(f)(iv).

(iv) The Issuer may not enter into, and will not permit any Issuer Subsidiary to enter into, any Future Lease with any Person that is not an Issuer Group Member or any of their Affiliates, unless, (A) upon entering into such Future Lease, the Issuer is in compliance with the Concentration Limits, and (B) upon entering into such Future Lease (or within a commercially reasonable period thereafter), the Controlling Trustees obtain such legal opinions, if any, with regard to enforceability of the Future Lease, matters relating to the Cape Town Convention and such other matters customary for such transactions to the extent that receiving such legal opinions is consistent with the reasonable commercial practice of leading international Aircraft Engine operating lessors.

(t) Concentration Limits. The Issuer will not, and will not permit any Issuer Subsidiary to, sell, purchase, lease or otherwise take any action with respect to any Engine if entering into such proposed sale, purchase, lease or other action would cause the Portfolio to exceed any of the Concentration Limits, unless a Special Majority of the Controlling Trustees shall have approved such sale, purchase or lease or other action and the Issuer shall have provided notice to the Rating Agencies with respect to such sale, purchase, or lease or other action, *provided* that a Permitted Engine Disposition, lease or other action, but not a Permitted Engine Acquisition, may result in an individual Concentration Limit on Lessee location being exceeded by up to *** for no longer than six months at any one time, and *provided further* that all Concentration Limits on Lessee location may not be so exceeded by more than *** in the aggregate at any one time (collectively, the "Concentration Variance Limits").

*** Confidential information omitted and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request.

(u) Appraisal of Engines. The Issuer will, at least once each year and within thirty (30) days before or after the end of each calendar year, and in any event not later than January 31 of any such year (each such date on which an appraisal is delivered, an "Appraisal Date"), commencing in 2013, deliver to the Trustee and publish in the next Monthly Report (with no obligation of review or inquiry on the part of the Trustee) the Annual Appraised Value of each of the Engines in the Portfolio, based on appraisals from an Appraiser, each such appraisal to be dated within thirty (30) days prior to its delivery.

(v) Mortgages. The Issuer shall cause each Issuer Subsidiary that owns an Engine to execute and deliver an Engine Mortgage in favor of the Security Trustee and to file such Engine Mortgage with the FAA and take such other actions as are contemplated by the Engine Mortgage to perfect the security interest of the Security Trustee in such Engine, including registration of the International Interest constituted by such Engine Mortgage with the International Registry.

(w) Maintenance of Separate Existence. Except to the extent provided in this Indenture or the other Related Documents, the Issuer shall, and shall cause each Issuer Subsidiary to, maintain certain policies and procedures relating to its existence as a separate corporation, company or other legal entity as follows:

(i) the Issuer acknowledges its receipt of a copy of that certain opinion letter issued by Pillsbury Winthrop Shaw Pittman LLP (the "Non-consolidation Opinion"), dated as of the Initial Closing Date and addressed to, among others, the Initial Liquidity Facility Provider and each Rating Agency and addressing the issue of substantive consolidation as it may relate to the Issuer, on the one hand, and the Servicer or the Administrative Agent, on the other hand. The Issuer hereby agrees to maintain, and to cause each Issuer Subsidiary to maintain, in place all policies and procedures described by such opinion as being policies and procedures of the Issuer and the Issuer Subsidiaries, and to act, and to cause each Issuer Subsidiary to act, in accordance with such policies and procedures; *provided*, *however*, that the Issuer or any such Issuer Subsidiary may terminate or modify any such policy or procedure, subject to the Issuer or such Issuer Subsidiary delivering to the Trustee and the Initial Liquidity Facility Provider an Opinion of Counsel to the same effect as the Non-Consolidation Opinion, taking into account such termination or modification of such policy or procedure and the other policies and procedures of the Issuer and the Issuer Subsidiaries as of the date of such Opinion of Counsel, in form and substance reasonably acceptable to the Trustee and the Initial Liquidity Facility Provider (so long as the Initial Liquidity Facility Provider is providing an Eligible Credit Facility).

*** Confidential information omitted and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request.

(ii) the Issuer shall, and shall cause each Issuer Subsidiary to:

(A) maintain its own books and records and bank accounts separate from those of the Servicer, the Administrative Agent and any other Person except as otherwise contemplated by the constitutional documents of the Issuer Group Members or the Related Documents;

(B) maintain its assets in such a manner that it is not difficult to segregate, identify or ascertain such assets;

(C) except with respect to any Issuer Group Member that is a grantor trust, have Controlling Trustees separate from that of the Servicer, the Administrative Agent and any other Person; *provided* that the individuals serving as Controlling Trustees in each case may be the same individuals;

(D) except with respect to any Issuer Group Member that is a grantor trust, cause the Controlling Trustees to meet at least quarterly and keep minutes of such meetings and actions and observe all other corporate and other legal formalities;

(E) hold itself out to creditors and the public as a legal entity separate and distinct from the Servicer, the Administrative Agent and any other Person;

(F) except as expressly set forth in Section 2.14, prepare separate financial statements and separate tax returns, and if separate returns for the Issuer and the Administrative Agent are required under applicable tax law, or if part of a consolidated group, then it will be shown as a separate member of such group, and pay any taxes required to be paid under applicable tax law;

(G) allocate and charge fairly and reasonably any common overhead shared with Affiliates;

(H) conduct business in its own name, use separate invoices, stationery and checks and strictly comply with all organizational formalities to maintain its separate existence;

(I) not commingle its assets or funds with those of any other Person (including the Servicer or the Administrative Agent);

(J) not hold out its credit or assets as being available to satisfy the obligations of others;

(K) not assume, guarantee or pay the debts or obligations of any other Person or otherwise pledge its assets for the benefit of any other Person;

(L) correct any known misunderstanding regarding its separate identity;

(M) other than as expressly contemplated by this Indenture, pay its own liabilities only out of its own funds;

(N) maintain adequate capital in light of its contemplated business purpose, transactions and liabilities;

(O) not acquire the securities of the Servicer or the Administrative Agent;

(P) cause the Controlling Trustee and other representatives of the Issuer or such Issuer Subsidiary, as applicable, to act at all times with respect to the Issuer or such Issuer Subsidiary, as the case may be, consistently and in furtherance of the foregoing and in compliance with Applicable Law; and

(Q) transact all business with Affiliates on an arm's length basis and pursuant to enforceable agreements.

(x) Independent Controlling Trustee. The Issuer shall cause each of its Subsidiaries (except any Engine Trust of which the Issuer or a Subsidiary is the holder of the beneficial interest) to have at least one Independent Controlling Trustee, who may be an Independent Controlling Trustee serving as a Controlling Trustee of the Issuer or any other of its Subsidiaries.

Section 5.03 Operating Covenants. The Issuer covenants with the Trustee as follows, *provided* that any of the following covenants with respect to the Engines shall not be deemed to have been breached by virtue of any act or omission of a Lessee or sub-lessee, or of any Person which has possession of an Engine for the purpose of repairs, maintenance, modification or storage, or by virtue of any requisition, seizure, or confiscation of an Engine (other than seizure or confiscation arising from a breach by the Issuer or any issuer Subsidiary of such covenant) (each, a *"*Third Party Event*"*), so long as (i) neither the Issuer nor any Issuer Subsidiary consents or has consented to such Third Party Event; and (ii) the issuer or any Issuer Subsidiary which is the lessor or owner of such Engine promptly and diligently takes such commercially reasonable actions as a leading international engine operating lessor would reasonably take in respect of such Third Party Event, including, as deemed appropriate (taking into account, among other things, the laws of the jurisdiction in which such Engine is located), seeking to compel such Lessee or other relevant Person to remedy such Third Party Event or seeking to repossess the relevant Engine:

(a) Ownership. The Issuer will, and shall cause each Issuer Subsidiary to, (i) on all occasions on which the ownership of each Engine is relevant, make it clear to third parties that title to the same is held by the Issuer or any Issuer Subsidiary, as the case may be, and (ii) not do, or knowingly permit to be done, or omit, or knowingly permit to be omitted, any act or thing which might reasonably be expected to jeopardize the rights of the Issuer or any Issuer Subsidiary as owner of each Engine, except as contemplated by the Related Documents.

(b) Compliance with Law; Maintenance of Permits. The Issuer will (i) comply, and cause each Issuer Subsidiary to comply, in all material respects with all Applicable Laws, (ii) obtain, and cause each Issuer Subsidiary to obtain, all material governmental (including regulatory) registrations, certificates, licenses, permits and authorizations required for the use and operation of the Engines owned by it, (iii) not cause or knowingly permit, directly or indirectly, through any Issuer Subsidiary, any Lessee to operate any Engine under any Lease in any material respect contrary to any Applicable Law, and (iv) not knowingly permit, directly or indirectly, through any Issuer Subsidiary, any Lessee not to obtain all material governmental (including regulatory) registrations, certificates, licenses, permits and authorizations required for such Lessee's use and operation of any Engine under any operating Lease.

(c) Forfeiture. The Issuer will not do anything, and will not permit any Issuer Subsidiary to do anything, and will not knowingly permit, directly or indirectly, through any Issuer Subsidiary, any Lessee to do anything, which may reasonably be expected to expose any Engine to forfeiture, impoundment, detention, appropriation, damage or destruction (other than any forfeiture, impoundment, detention or appropriation which is being contested in good faith by appropriate proceedings if (i) adequate resources have been made available by the Issuer or an Issuer Subsidiary or the applicable Lessee for any payment which may arise or be required in connection with such forfeiture, impounding, detention or appropriation or proceedings taken in respect thereof, and (ii) such forfeiture, impounding, detention or appropriation or the continued existence thereof does not give rise to any material likelihood of the assets to which such forfeiture, impounding, detention or appropriation relates or any interest in such assets being sold, permanently forfeited or otherwise lost). In the event of a forfeiture, impoundment, detention or appropriation of such Engine not constituting a Total Loss, the issuer will, or shall cause each Issuer Subsidiary to, use all commercially reasonable efforts to obtain the immediate release of such Engine.

(d) Maintenance of Assets. The Issuer will, with respect to each Engine under Lease, cause, directly or indirectly, through any Issuer Subsidiary, such Engine to be maintained in a state of repair and condition consistent with the reasonable commercial practice of leading international Aircraft Engine operating lessors with respect to similar engines under lease, taking into consideration, among other things, the identity of the relevant Lessee (including the credit standing and operating experience thereof), the age and condition of the Engine and the jurisdiction in which the airframe that such Engine is installed on will be registered or in which the Lessee is based. In addition, the Issuer will, with respect to each Engine that is not subject to a Lease, maintain, and cause each Issuer Subsidiary to maintain, such Engine in a state of repair and condition consistent with the reasonable commercial practice of leading international Aircraft Engine operating lessors with respect to engines not under lease.

(e) Notification of Loss, Theft, Damage or Destruction. The Issuer will notify the Trustee, the Security Trustee, the Administrative Agent and the Servicer, in writing, as soon as the Issuer or any Issuer Subsidiary becomes aware of any loss, theft, damage or destruction to any Engine if the potential cost of repair or replacement of such asset (without regard to any insurance claim related thereto) may exceed $1,000,000 and will notify such Persons and the Initial Liquidity Facility Provider, in writing, as soon as the Issuer or any Issuer Subsidiary becomes aware of a Total Loss with respect to any Engine.

(f) Insurance. The Issuer will maintain or cause, directly or indirectly through the Issuer Subsidiaries, to be maintained with reputable and responsible insurers or with insurers that maintain relevant reinsurance with reputable and responsible reinsurers (i) insurance for each Engine in an amount at least equal to the Adjusted Appraised Value for such Engine (or the equivalent thereof from time to time if such insurance is denominated in a currency other than Dollars), (ii) liability insurance denominated in Dollars for each Engine and occurrence in an amount at least equal to the relevant amount set forth on Exhibit C hereto for each type of Engine and as amended from time to time with notice to the Rating Agencies, and (iii) political risk insurance ("PRI") for each Engine subject to a Lease to a Lessee that is habitually based in a jurisdiction determined in accordance with the PRI Guidelines, in an amount at least equal to the Adjusted Appraised Value (or the equivalent thereof from time to time if such insurance is denominated in a currency other than Dollars) for such Engine.

Deductibles and self-insurance for Engines subject to a Lease may be maintained in an amount up to the higher of (x) an amount not to exceed $5,000,000 in the aggregate in respect of any one occurrence in respect of such Engines and (y) the amount obtained pursuant to commercially reasonable deductible and self-insurance arrangements (taking into account, inter alia, the lease terms and conditions customarily available to the applicable Lessee, experience of such Lessee, the type of aircraft on which the Engine may be installed and market practices in the commercial aviation industry generally). The coverage and terms (including endorsements, deductibles and self-insurance arrangements) of any insurance maintained with respect to any Engine not subject to a Lease shall be substantially consistent with the commercial practices of leading international Aircraft Engine operating lessors regarding similar engines. The Security Trustee shall be named as sole loss payee on all insurance other than liability insurance, and the Trustee and Security Trustee shall be named as additional insureds on all liability insurance.

In determining the amount of insurance required to be maintained by this Section 5.03(f), the Issuer may take into account any indemnification from, or insurance provided by, any governmental, supranational or inter-governmental authority or agency (other than, with respect to PRI, any governmental authority or agency of any jurisdiction for which PRI must be obtained), the sovereign foreign currency debt of which is rated at least AA, or the equivalent, by at least one of the Rating Agencies, against any risk with respect to an Engine at least in an amount which, when added to the amount of insurance against such risk maintained by the Issuer (or which the Issuer has caused to be maintained), shall be at least equal to the amount of insurance against such risk otherwise required by this Section 5.03(f) (taking into account self-insurance permitted by this Section 5.03(f)). Any such indemnification or insurance provided by such government shall provide substantially similar protection as the insurance required by this Section 5.03(f). The Issuer will not be required to maintain (or to cause to be maintained) any insurance otherwise required hereunder to the extent that such insurance is not generally available in the relevant insurance market at commercially reasonable rates from time to time.

(g) Indemnity. The Issuer will, and shall cause each Issuer Subsidiary to, include in each Lease an indemnity from such Person in respect of any losses or liabilities arising from the use or operation of the related Engine during the term of such Lease, subject to such exceptions, limitations and qualifications as are consistent with the reasonable commercial practice of leading international Aircraft Engine operating lessors.

(h) Fees and License. Section 10.02 Rights of Subrogation. The Junior Claimants (and each Junior Representative thereof) agree that no payment or distributions to any Senior Claimant (or the trustee therefor) pursuant to the provisions of this Indenture shall entitle any Junior Claimant (or any Junior Representative thereof) to exercise any rights of subrogation in respect thereof until all Obligations constituting Senior Claims with respect to such Person shall have been paid in full.

Section 10.03 Further Assurances of Junior Representatives. Each of the Junior Representatives shall, at the expense of the Issuer, at any time and from time to time promptly execute and deliver all further instruments and documents, and take all further action, that the Controlling Party may reasonably request, in order to effectuate the provisions of this Article X.

Section 11.01 Discharge of Liability on the Notes; Defeasance. (a) When (i) the Issuer delivers to the Trustee all Outstanding Notes (other than Notes that have been lost, stolen or destroyed and that have been replaced pursuant to Section 2.08) for cancellation or (ii) all Outstanding Notes have become due and payable, whether at maturity or as a result of the mailing of a notice of redemption pursuant to Section 3.11(c) and the Issuer irrevocably deposits in the Defeasance/Redemption Account funds sufficient to pay at maturity or upon redemption all Outstanding Notes, including interest thereon to maturity or the Redemption Date (other than Notes replaced pursuant to Section 2.08) and (iii) all amounts owed to the Initial Liquidity Facility Provider have been paid in full, and if in each case the Issuer pays all other sums payable hereunder by the Issuer, then this Indenture shall, subject to Section 11.01(c), cease to be of further effect. The Trustee shall acknowledge satisfaction and discharge of this Indenture on demand of the Issuer accompanied by an Officers' Certificate and an Opinion of Counsel, at the cost and expense of the Issuer, to the effect that any conditions precedent to a discharge of this Indenture have been met.

(b) Subject to Sections 11.01(c) and 11.02 hereof, the Issuer at any time may terminate (i) all its obligations under the Notes and this Indenture ("Legal Defeasance" option) or (ii) its obligations under Sections 4.01 (other than with respect to a failure to comply with Sections 4.01(a), 4.01(b), 4.01(c), 4.01(e) (only with respect to the Issuer), 4.01(f) (only with respect to the Issuer)), 5.02 and 5.03 ("Covenant Defeasance" option). The Issuer may exercise its Legal Defeasance option notwithstanding its prior exercise of its Covenant Defeasance option.

If the Issuer exercises its Legal Defeasance option, payment of any Notes subject to such Legal Defeasance may not be accelerated because of an Event of Default. If the Issuer exercises its Covenant Defeasance option, payment of the Notes may not be accelerated because of an Event of Default (other than with respect to a failure to comply with Sections 4.01(a), 4.01(b), 4.01(c), 4.01 (e) (other than with respect to the Issuer), 4.01(f) (other than with respect to the Issuer)) and 5.02(k) hereof.

Upon satisfaction of the conditions set forth herein and upon written request of the Issuer, the Trustee shall acknowledge in writing the discharge of those obligations that the Issuer terminates.

(c) Notwithstanding clauses (a) and (b) above, the Issuer's obligations in Sections 2.01, 2.02, 2.03, 2.04, 2.05, 2.06, 2.07, 2.08, 2.09 and 5.02(k), Article VI, and Sections 8.01, 11.04, 11.05 and 11.06 hereof shall survive until all the Notes have been paid in full. Thereafter, the Issuer's obligations in Sections 8.01, 11.04 and 11.05 shall survive.

Section 11.02 Conditions to Defeasance. The Issuer may exercise its Legal Defeasance option or its Covenant Defeasance option only if:

(a) the Issuer irrevocably deposits in trust in the Defeasance/Redemption Account any one or any combination of (i) money, (ii) obligations of, and supported by the full faith and credit of, the U.S. Government ("U.S. Government Obligations") or (iii) obligations of corporate issuers ("Corporate Obligations") (*provided* that any such Corporate Obligations are rated AA+, or the equivalent, or higher, by the Rating Agencies at such time and shall not have a maturity of longer than three years from the date of defeasance) for the payment of all principal or Redemption Price and interest (A) on the Notes being defeased, in the case of Legal Defeasance, or (B) on all of the Notes in the case of Covenant Defeasance, in either case, to maturity or redemption, as the case may be;

(b) the Issuer delivers to the Trustee a certificate from a nationally recognized firm of independent accountants expressing their opinion that the payments of principal and interest when due and without reinvestment on the deposited U.S. Government Obligations or the Corporate Obligations plus any deposited money without investment will provide cash at such times and in such amounts as will be sufficient to pay principal and interest when due (i) on the Notes being defeased, in the case of Legal Defeasance, or (ii) on all of the Notes in the case of Covenant Defeasance, in either case, to maturity or redemption, as the case may be;

(c) 91 days pass after the deposit described in clause (a) above is made and during the 91-day period no Event of Default specified in Section 4.01(e) or (f) with respect to the Issuer occurs which is continuing at the end of the period;

(d) the deposit described in clause (a) above does not constitute a default under any other agreement binding on the Issuer;

(e) the Issuer delivers to the Trustee an Opinion of Counsel to the effect that the trust resulting from the deposit described in clause (a) does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940, as amended;

(f) in the case of the Legal Defeasance option, the Issuer shall have delivered to the Trustee an Opinion of Counsel stating that (i) the Issuer has received from, or there has been published by, the U.S. Internal Revenue Service a ruling, or (ii) since the date of this Indenture there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(g) in the case of the Covenant Defeasance option, the Issuer shall have delivered to the Trustee an Opinion of Counsel to the effect that the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(h) if the related Notes are then listed on any securities exchange, the Issuer delivers to the Trustee an Opinion of Counsel to the effect that such deposit, defeasance and discharge will not cause such Notes to be delisted;

(i) a Rating Agency Confirmation and the prior written consent of the Initial Liquidity Facility Provider is obtained relating to the defeasance contemplated by this Section 11.02;

(j) all amounts due and owing to the Initial Liquidity Facility Provider have been paid (or provided for under Section 11.02(a)); and

(k) the Issuer delivers to the Trustee an Opinion of Counsel and an Officer's Certificate that all conditions precedent to such defeasance have been satisfied.

Section 11.03 Application of Trust Money. The Trustee shall hold in trust in the Defeasance/Redemption Account money, U.S. Government Obligations or Corporate Obligations deposited with it pursuant to this Article XI. Upon payment of its fees and expenses, it shall apply the deposited money and the money from U.S. Government Obligations or Corporate Obligations in accordance with this Indenture to the payment of principal, premium, if any, and interest on the Notes.

Section 11.04 Repayment to Issuer. The Trustee shall promptly turn over to the Issuer upon written request any excess money or securities held by it at any time after application of the appropriate defeasance option.

Subject to any applicable abandoned property law, the Trustee shall pay to the Issuer upon written request any money held by it for the payment of principal or interest that remains unclaimed for two years and, thereafter, Holders entitled to the money must look to the Issuer for payment as general creditors. Such unclaimed funds shall remain uninvested and in no event shall the Trustee be liable for interest on such unclaimed funds.

Section 11.05 Indemnity for Government Obligations and Corporate Obligations. The Issuer shall pay and shall indemnify the Trustee against any Tax, fee or other charge imposed on or assessed against deposited U.S. Government Obligations or Corporate Obligations, or the principal and interest received on such U.S. Government Obligations or Corporate Obligations.

Section 11.06 Reinstatement. If the Trustee is unable to apply any money or U.S. Government Obligations or Corporate Obligations in accordance with this Article XI by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application or otherwise, the Issuer's obligations under this Indenture and the Notes shall be revived and reinstated as though no deposit had occurred pursuant to this Article XI until such time as the Trustee is permitted to apply all such money, U.S. Government Obligations or Corporate Obligations in accordance with this Article XI; *provided*, *however*, that, if the Issuer has made any payment of interest on or principal of any Notes because of the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders of such Notes to receive such payment from the money, U.S. Government Obligations or Corporate Obligations held by the Trustee.

ARTICLE XII

MISCELLANEOUS

Section 12.01 Right of Trustee to Perform. If the Issuer for any reason fails to observe or punctually to perform any of its obligations to the Trustee, whether under this Indenture or any of the other Related Documents or otherwise, the Trustee shall have power (but shall have no obligation), on behalf of or in the name of the Issuer or otherwise, to perform such obligations and to take any steps which the Trustee may, in its absolute discretion, consider appropriate with a view to remedying, or mitigating the consequences of, such failure by the Issuer; *provided* that no exercise or failure to exercise this power by the Trustee shall in any way prejudice the Trustee's other rights under this Indenture or any of the other Related Documents.

Section 12.02 Waiver. Any waiver by any party of any provision of this Indenture or any right, remedy or option hereunder shall only prevent and estop such party from thereafter enforcing such provision, right, remedy or option if such waiver is given in writing and only as to the specific instance and for the specific purpose for which such waiver was given. The failure or refusal of any party hereto to insist in any one or more instances, or in a course of dealing, upon the strict performance of any of the terms or provisions of this Indenture by any party hereto or the partial exercise of any right, remedy or option hereunder shall not be construed as a waiver or relinquishment of any such term or provision, but the same shall continue in full force and effect. No failure on the part of the Trustee to exercise, and no delay on its part in exercising, any right or remedy under this Indenture will operate as a waiver thereof, nor will any single or partial exercise of any right or remedy preclude any other or further exercise thereof or the exercise of any other right or remedy. The rights and remedies provided in this Indenture are cumulative and not exclusive of any rights or remedies provided by law. In the event Deutsche Bank Trust Company Americas is no longer the Trustee and the Paying Agent, then the Trustee shall notify the Paying Agent promptly of any waiver by any party of any provision of this Indenture pursuant to this Section 12.02.

Section 12.03 Severability. In the event that any provision of this Indenture or the application thereof to any party hereto or to any circumstance or in any jurisdiction governing this Indenture shall, to any extent, be invalid or unenforceable under any applicable statute, regulation or rule of law, then such provision shall be deemed inoperative to the extent that it is invalid or unenforceable and the remainder of this Indenture, and the application of any such invalid or unenforceable provision to the parties, jurisdictions or circumstances other than to whom or to which it is held invalid or unenforceable, shall not be affected thereby nor shall the same affect the validity or enforceability of this Indenture. The parties hereto further agree that the holding by any court of competent jurisdiction that any remedy pursued by the Trustee hereunder is unavailable or unenforceable shall not affect in any way the ability of the Trustee to pursue any other remedy available to it.

Section 12.04 Restrictions on Exercise of Certain Rights; Limited Recourse. (a) Each of the parties hereto (other than the Trustee) hereby agrees with the Trustee that, except as otherwise provided in Section 4.04 hereof, it shall not sue for recovery or take any other steps for the purpose of recovering any of the Obligations hereunder or any other debts or liabilities whatsoever owing to it by the Issuer or any Issuer Subsidiary. Each of the parties hereto (other than the Trustee) hereby agrees with the Trustee that it shall not take any steps for the purpose of procuring the appointment of an administrative receiver, examiner, receiver or similar officer or the making of an administration order or for instituting any bankruptcy, reorganization, arrangement, insolvency, winding up, liquidation, composition, examinership or any like proceedings under United States federal law or the laws of State of Delaware or any other jurisdiction in respect of either the Issuer or any Issuer Subsidiary or in respect of any of their respective liabilities.

(b) Each of the parties hereto hereby agrees that all amounts payable by the Issuer or any Issuer Subsidiary in respect of the Obligations hereunder shall be recoverable only from and to the extent of:

(i) amounts on deposit in the Accounts;

(ii) any other assets of the Issuer and the Issuer Subsidiaries and any proceeds thereof;

(iii) in the case of any payments by way of indemnity to be made by the Issuer pursuant to any Related Document, to any liability insurance proceeds payable in respect of such indemnity obligation on the part of the Issuer; *provided* that any such liability insurance proceeds shall be held in trust for the Person entitled to the relevant indemnity by the recipient thereof; and

(iv) any other Collateral pledged under the Security Trust Agreement,

and in consequence the Trustee agrees (A) that it shall look solely to the foregoing property for payment of all amounts payable by the Issuer or any Issuer Subsidiary in respect of the obligations hereunder and that none of the Issuer nor any Issuer Subsidiary shall be otherwise personally liable therefor and (B) that it shall not petition for the bankruptcy, examinership, insolvency, winding up, liquidation, reorganization, amalgamation or dissolution of the Issuer or any Issuer Subsidiary (or any of their assets or undertakings); *provided* that if any such proceeding is commenced by any other Person, the Trustee shall be entitled to join, claim or prove in such proceeding; *provided*, *however*, that the foregoing provisions of this Section 12.04(b) shall not:

(1) limit or restrict in any way the accrual of interest on any unpaid amount (although the limitations as to the personal liability of the Issuer and each Issuer Subsidiary shall apply to such interest on such unpaid amount); or

(2) limit or restrict in any way the personal liability of the Issuer or any Issuer Subsidiary for the discharge or its nonmonetary obligations in relation to its covenants, undertakings, representations and warranties (or any monetary obligations arising from any breach thereof) under any Related Document.

Section 12.05 Notices. All notices, demands, certificates, requests, directions, instructions and communications hereunder ("Notices") shall be in writing and shall be effective (a) upon receipt when sent through the mails, registered or certified mail, return receipt requested, postage prepaid, with such receipt to be effective the date of delivery indicated on the return receipt, or (b) one Business Day after delivery to an overnight courier, or (c) on the date personally delivered to an authorized officer of the party to which sent, or (d) on the date transmitted by legible telecopier transmission with a confirmation of receipt, in all cases addressed to the recipient as follows:

A copy of each notice given hereunder to any party hereto shall also be given to each of the other parties hereto. Each party hereto may, by notice given in accordance herewith to each of the other parties hereto, designate any further or different address to which subsequent Notices shall be sent.

Section 12.06 Assignments; Third Party Beneficiary. This Indenture shall be a continuing obligation of the Issuer and shall (a) be binding upon the Issuer and its successors and assigns and (b) inure to the benefit of and be enforceable by the Trustee, and by its successors, transferees and assigns. The Issuer may not assign any of its obligations under this Indenture, or other than as provided in Section 5.04, delegate any of its duties hereunder. Each Eligible Credit Facility shall be a third party beneficiary of Sections 3.09, 9.01 and 9.03, as applicable. The Servicer and each of the Sellers shall each be a third party beneficiary of each provision of this Indenture that affects any of its rights or obligations under this Indenture or any Related Document, including (with respect to the Servicer and each of the Sellers only) the provisions hereof providing for Priority Expense payment and Encumbrance priority for amounts payable to the Servicer or any of the Sellers under the Servicing Agreement or the Acquisition Transfer Agreement or any other Related Document.

Section 12.07 Currency Conversion. (a) If any amount is received or recovered by the Administrative Agent or the Trustee in respect of this Indenture or any part thereof (whether as a result of the enforcement of the security created under the Security Trust Agreement or pursuant to this Indenture or any judgment or order of any court or in the liquidation or dissolution of the Issuer or by way of damages for any breach of any obligation to make any payment under or in respect of the Issuer's obligations hereunder or any part thereof or otherwise) in a currency (the "Received Currency") other than the currency in which such amount was expressed to be payable (the "Agreed Currency"), then the amount in the Received Currency actually received or recovered by the Trustee or the Administrative Agent shall, to the fullest extent permitted by Applicable Law, only constitute a discharge to the Issuer to the extent of the amount of the Agreed Currency which the Administrative Agent or the Trustee was or would have been able in accordance with its normal procedures to purchase on the date of actual receipt or recovery (or, if that is not practicable, on the next date on which it is so practicable), and, if the amount of the Agreed Currency which the Administrative Agent or Trustee is or would have been so able to purchase is less than the amount of the Agreed Currency which was originally payable by the Issuer, the Issuer shall pay to the Administrative Agent or the Trustee such amount as the Administrative Agent or the Trustee shall determine to be necessary to indemnify the Trustee and the Administrative Agent against any loss sustained by it as a result (including the cost of making any such purchase and any premiums, commissions or other charges paid or Incurred in connection therewith) and so that such indemnity, to the fullest extent permitted by Applicable Law, (i) shall constitute a separate and independent obligation of the Issuer distinct from its obligation to discharge the amount which was originally payable by the Issuer and (ii) shall give rise to a separate and independent cause of action and apply irrespective of any indulgence granted by the Administrative Agent or the Trustee and continue in full force and effect notwithstanding any judgment, order, claim or proof for a liquidated amount in respect of the amount originally payable by the Issuer or any judgment or order and no proof or evidence of any actual loss shall be required.

(b) For the purpose of or pending the discharge of any of the moneys and liabilities hereby secured the Administrative Agent may, or cause the Operating Bank to, convert any moneys received, recovered or realized by the Administrative Agent under this Indenture (including the proceeds of any previous conversion under this Section 12.07) or any funds currently maintained in any account hereunder from their existing currency of denomination into the currency of denomination (if different) of such moneys and liabilities and any conversion from one currency to another for the purposes of any of the foregoing shall be made at the Trustee's then prevailing spot selling rate at its office by which such conversion is made. If not otherwise required to be applied in the Received Currency, the Administrative Agent, acting on behalf of the Security Trustee, shall promptly convert any moneys in such Received Currency other than U.S. dollars into U.S. dollars. Each previous reference in this Section 12.07 to a currency extends to funds of that currency and funds of one currency may be converted into different funds of the same currency. The cost and expense of any such conversion shall be added to and reflected in the rate obtained for conversion and in no event shall the Administrative Agent or any of its affiliates be liable in respect of the exchange rate obtained for any such conversion or any related cost or expense.

Section 12.08 Application to Court. The Trustee may at any time after the service of a Default Notice apply to any court of competent jurisdiction for an order that the terms of this Indenture be carried into execution under the direction of such court and for the appointment of a Receiver of the Collateral or any part thereof and for any other order in relation to the administration of this Indenture as the Controlling Party shall deem fit and the Trustee may assent to or approve any application to any court of competent jurisdiction made at the instigation of any of the Holders and shall be indemnified by the Issuer against all costs, charges and expenses Incurred by it in relation to any such application or proceedings.

Section 12.09 Governing Law. THIS INDENTURE SHALL IN ALL RESPECTS BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK, INCLUDING ALL MATTERS OF CONSTRUCTION, VALIDITY AND PERFORMANCE.

Section 12.10 Jurisdiction. (a) Each of the parties hereto agrees that the United States of America federal and New York State courts located in The City of New York shall have jurisdiction to hear and determine any suit, action or proceeding, and to settle any disputes, which may arise out of or in connection with this Indenture and, for such purposes, submits to the jurisdiction of such courts. Each of the parties hereto waives any objection which it might now or hereafter have to the United States of America federal or New York State courts located in The City of New York being nominated as the forum to hear and determine any suit, action or proceeding, and to settle any disputes, which may arise out of or in connection with this Indenture and agrees not to claim that any such court is not a convenient or appropriate forum. Each of the parties hereto (except for the Administrative Agent, Operating Bank, Trustee and Initial Liquidity Facility Provider) agrees that the process by which any suit, action or proceeding is begun may be served on it by being delivered in connection with any suit, action or proceeding in The City of New York to the Person named as the process agent of such party in Schedule 9 at the address set out therein or at the principal New York City office of such process agent, if not the same.

(b) The submission to the jurisdiction of the courts referred to in Section 12.10(a) shall not (and shall not be construed so as to) limit the right of the Trustee or the Controlling Party to take proceedings against the Issuer in any other court of competent jurisdiction nor shall the taking of proceedings in any one or more jurisdictions preclude the taking of proceedings in any other jurisdiction, whether concurrently or not.

(c) Each of the parties hereto hereby consents generally in respect of any legal action or proceeding arising out of or in connection with this Indenture to the giving of any relief or the issue of any process in connection with such action or proceeding, including the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment which may be made or given in such action or proceeding.

Section 12.11 Counterparts. This Indenture may be executed in two or more counterparts by the parties hereto, and each such counterpart shall be considered an original and all such counterparts shall constitute one and the same instrument.

Section 12.12 Table of Contents, Headings, Etc. The Table of Contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not to be considered a part hereof and shall in no way modify or restrict any of the terms and provisions hereof.

Section 12.13 Compliance with Applicable Anti-Terrorism and Anti-Money Laundering Regulations. In order to comply with laws, rules, regulations and executive orders in effect from time to time applicable to banking institutions, including those relating to the funding of terrorist activities and money laundering ("Applicable Regulations"), the Trustee and the Operating Bank is required to obtain, verify and record certain information relating to individuals and entities which maintain a business relationship with. Accordingly, each of the parties agrees to provide to each of the Trustee and the Operating Bank upon its request from time to time such identifying information and documentation as may be available for such party in order to enable the Trustee and the Operating Bank to comply with Applicable Regulations.

Each Holder of this Note, by accepting the same, (a) agrees to and shall be bound by such provisions, (b) authorizes and directs the Trustee and the Security Trustee on its behalf to take such action as may be necessary or appropriate to effectuate the subordination as provided in the Indenture and (c) appoints each of the Trustee and the Security Trustee its attorney-in-fact for such purpose. All payments or distributions upon or with respect to any Obligations, which include payment of principal, premium and interest on this Note, that are received by the Holder of this Note contrary to the priority of payment provisions of the Indenture or in excess of the amounts to which the Holder of this Note is entitled under Section 3.09 of the Indenture, shall be received for the benefit of the Senior Claimant, shall be segregated from other funds and property held by the Holder of this Note and shall be forthwith paid over to the Trustee in the same form as so received (with any necessary endorsement) to be applied (in the case of cash) to or held as collateral (in the case of non-cash property or securities) for the payment or prepayment of the Senior Claims in accordance with the terms of the Indenture.

The maturity of this Note is subject to acceleration upon the occurrence and during the continuance of the Events of Default specified in the Indenture.

This Note is and will be secured, on a subordinated basis as referred to above, by the collateral pledged as security therefor as provided in the Security Trust Agreement.

Subject to and in accordance with the terms of the Indenture, there will be distributed with respect to this Note monthly on each Payment Date commencing on [ ], to the Holder hereof, such Holder's pro rata share (based on the aggregate percentage of the Outstanding Principal Balance of the Class 2012-A Notes held by such Holder) of the aggregate amount as may be distributable to all Holders of Class 2012-A Notes on such Payment Date pursuant to Section 3.09 of the Indenture.

All amounts payable in respect of this Note shall be payable in U.S. dollars in immediately available funds in the manner provided in the Indenture to the Holder hereof. The final payment with respect to this Note, however, shall be made only upon presentation and surrender of this Note by the Holder or its agent at the Corporate Trust Office or agency of the Trustee or Paying Agent specified in the notice given by the Trustee or Paying Agent with respect to such final payment. At such time, if any, as this Note is issued in the form of one or more Definitive Notes, payments on a Payment Date shall be made by check mailed to each Holder of such a Definitive Note on the applicable Record Date at its address appearing on the Register maintained with respect to the Class 2012-A Notes. Alternatively, upon application in writing to the Trustee, not later than the applicable Record Date, a Holder of one or more Definitive Notes of Class 2012-A Notes, may have such payments made by wire transfer to an account designated by such Holder at a financial institution in New York, New York; *provided* that, Holders of Definitive Notes having an aggregate principal amount of not less than $1,000,000 shall have such payment made by wire transfer to an account designated by such Holder at a financial institution in New York, New York. The final payment with respect to any such Definitive Note, however, shall be made only upon presentation and surrender of such Definitive Note by the Holder or its agent at the Corporate Trust Office or agency of the Trustee or Paying Agent specified in the notice of such final payment given by the Trustee or Paying Agent. The Trustee or Paying Agent shall mail such notice of the final payment of a Definitive Note to the Holder thereof, specifying the date and amount of such final payment, no later than five Business Days prior to such final payment.

The Class 2012-A Notes (except with respect to notes purchased by institutional "accredited investors" as defined in Rule 501(a)(1), (2), (3) or (7) of Regulation D of the Securities Act (collectively, "Institutional Accredited Investors")) are issuable in a single class only in fully registered form without interest coupons. A Holder may transfer a Global Note by delivery thereof and otherwise complying with the terms of the Indenture. No transfer of a Definitive Note shall be effective until, and such transferee shall succeed to the rights of a Holder only upon, final acceptance and registration of the transfer by the Registrar in the Register; provided that, in no event may any Note be transferred in any transaction that is required to be registered under the Securities Act. When a Definitive Note is presented to the Registrar with a request to register the transfer or to exchange it for an equal principal amount of Class 2012-A Notes of other authorized denominations, the Registrar shall register the transfer or make the exchange as requested if its requirements for such transactions are met (including, in the case of a transfer, that such Definitive Note is accompanied by a completed Transfer Notice in the form attached to such Definitive Note duly executed by the Holder thereof (or by an attorney who is authorized in writing to act on behalf of the Holder) and by an agreement in the form of Exhibit I to the Indenture duly executed by the transferee of such Definitive Note).

No service charge shall be made for any registration of transfer or exchange of a Definitive Note, but the party requesting such new Note or Notes may be required to pay a sum sufficient to cover any transfer tax or similar governmental charge payable in connection therewith.

Prior to the registration of transfer of a Definitive Note, the Issuer and the Trustee may deem and treat the Person in whose name this Note (as of the day of determination or as of such other date as may be specified in the Indenture) is registered as the absolute owner and Holder hereof for the purpose of receiving payment of all amounts payable with respect to a Definitive Note and for all other purposes, and neither the Issuer nor the Trustee shall be affected by notice to the contrary.

The Indenture permits the amendment or modification of the Indenture and the Class 2012-A Notes by the Issuer with the consent of the Holders of a majority of the Outstanding Principal Balance of all Notes on the date of any vote of such Holders (voting as a single class) and the Initial Liquidity Facility Provider; provided that, without the consent of each provider of an Eligible Credit Facility and each Holder of any Notes, in each instance affected thereby, no such amendment may, (i) modify the provisions of the Indenture or the Notes setting forth the frequency or the currency of payment of, the maturity of, or the method of calculation of the amount of, any interest, principal or Redemption Price, if any, payable in respect of the Notes, (ii) reduce the percentage of the aggregate Outstanding Principal Balance of the Notes required to approve any amendment or waiver of Section 9.01 of the Indenture or (iii) alter the manner or priority of payment of the Notes (each such amendment referred to in subsection A and B, a "Basic Terms Modification"). The Indenture permits the Trustee to agree with the Issuer, without the consent of any Holder or any provider of an Eligible Credit Facility (but in the case of clauses (b) and (c) below, with the consent of the Initial Liquidity Facility Provider), (a) to any modification (other than a Basic Terms Modification) of, or the waiver or authorization of any breach or prospective breach of, any provision of any Related Document or of the Notes to correct a manifest error or an error which is of a formal, minor or technical nature, (b) to modify the provisions of the Indenture or the Administrative Agency Agreement relating to the timing of movement of Rental Payments or other monies received or Expenses Incurred among the Accounts by the Administrative Agent, (c) to add or replace any Eligible Credit Facility, (d) to any amendment (other than a Basic Terms Modification) of an immaterial nature necessary to permit the issuance of Refinancing Notes (all in a manner consistent with the express provisions of the Indenture) or (e) to comply with the requirements of the Commission in connection with the qualification of the Indenture under the Trust Indenture Act of 1939 (as amended, the "Trust Indenture Act"). Any amendment or modification of the Indenture shall be binding on every Holder hereof, whether or not notation thereof is made upon this Note.

The subordination provisions contained in Section 3.09 and Article X of the Indenture may not be amended or modified without the consent of the Servicer, each provider of an Eligible Credit Facility and each Holder of the Notes affected thereby. In no event shall the provisions set forth in Section 3.09 of the Indenture relating to the priority of the Expenses and payments under all Eligible Credit Facilities be amended or modified.

The Indenture contains provisions permitting the Trustee at the direction of the Controlling Party to waive certain Defaults under the Indenture and their consequences. Any such consent or waiver shall be conclusive and binding upon all present and future Holders of this Note and of any Class 2012-A Note issued upon the registration of transfer of, in exchange or in lieu of or upon the refinancing of this Note, whether or not notation of such consent or waiver is made upon this Note.

The term "Issuer" as used in this Note includes any successor to the Issuer under the Indenture.

The Issuer is permitted by the Indenture, under certain circumstances, to merge or consolidate, subject to the rights of the Trustee and the Holders of Class 2012-A Notes under the Indenture.

The Class 2012-A Notes (except with respect to notes purchased by Institutional Accredited Investors) are issuable in a single class only in fully registered form or as Definitive Notes in denominations as provided in, and in the manner provided in, the Indenture, subject to certain limitations therein set forth.

THIS NOTE SHALL IN ALL RESPECTS BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

Unless the certificate of authentication hereon has been executed by the Trustee whose name appears below by manual or facsimile signature, this Note shall not be entitled to any benefit under the Indenture, or be valid or obligatory for any purpose.

(c) Without limiting the foregoing, WEST and the Security Trustee agree, and the Security Trustee shall cause each Securities Intermediary, to take such different or additional action as may be required based upon any Opinion of Counsel received pursuant to Section 3.11 in order to maintain the perfection and priority of the security interest of the Security Trustee in the Intangible Collateral in the event of any change in Applicable Law or regulation, including Articles 8 and 9 of the UCC and regulations of the U.S. Department of the Treasury governing transfers of interests in Government Securities.

(c) Each Grantor shall furnish or cause to be furnished to the Security Trustee from time to time statements and schedules further identifying and describing the Collateral and such other reports in connection with the Collateral as the Security Trustee may reasonably request, all in reasonable detail; provided that, to the extent that (in the case of any Assigned Lease) such statements, schedules or reports (or the data needed to prepare them) can be obtained only from the Servicer, no Grantor shall be required to obtain any such statements, schedules, reports or data beyond those to which it is entitled under the Servicing Agreement.

(a) No Grantor shall (i) sell, assign (by operation of law or otherwise) or otherwise dispose of, or grant any option with respect to, any of the Collateral or (ii) create or suffer to exist any Encumbrance upon or with respect to any of the Collateral other than the pledge, assignment and security interest created by this Agreement and as otherwise provided herein or any other Related Document.

If any Grantor fails to perform any agreement contained in this Agreement, the Security Trustee may (but shall not be obligated to) itself perform, or cause performance of, such agreement, and the expenses of the Security Trustee incurred in connection with doing so shall be payable by the Grantors.

Section 3.10 Covenant to Pay and Perform. Each Grantor covenants with the Security Trustee (for the benefit of the Security Trustee and the Secured Parties) that (a) it will pay any monies or discharge any liabilities whatsoever that are now, or at any time hereafter may be, due, owing or payable by such Grantor in any currency, actually or contingently, solely and/or jointly, and/or severally with another or others, as principal or surety on any account whatsoever pursuant to the Notes, the Indenture, the Service Provider Documents, the Hedge Agreements and the other Related Documents in accordance with their terms and (b) it will perform and comply with all covenants in the Indenture that by their terms obligate WEST to cause such Grantor to take or not to take specified actions, including without limitation all covenants relating to the ownership, leasing, disposition, acquisition and maintenance of the Engines.

Upon each anniversary of the Initial Closing Date, WEST shall cause to be delivered to the Security Trustee an Opinion of Counsel to the effect that (i) during the preceding year there has not occurred any change in New York, California, Delaware or other Applicable Law that would require the taking of any action in order to maintain the perfection or priority of the lien of this Agreement on the Collateral (it being agreed that each such opinion shall not be required to address the actual priority of such lien) or, if there has been such a change, setting forth the actions so to be taken and (ii) no additional financing statement, continuation statement or amendment thereof will be necessary during the next twelve months to maintain the perfected security interest of the Security Trustee or identify any such required financing statement, continuation statement or amendment. WEST agrees to take all such actions as may be indicated in any such opinion, except that, as provided in Section 3.03, the Security Trustee shall take any such actions as may be required with respect to any Securities Intermediary.

ARTICLE V

REMEDIES

Section 5.01 Remedies. Upon delivery of a Default Notice to the Security Trustee pursuant to Section 4.02 of the Indenture or if any Acceleration Default shall have occurred and be continuing, the Security Trustee may, and upon the direction of the Indenture Trustee, shall:

(a) apply to a court of competent jurisdiction to obtain specific performance or observance by WEST and any or all of the other Grantors of any covenant, agreement or undertaking on the part of WEST or any such Grantor hereunder that WEST or any such Grantor shall have failed to observe or perform or to obtain to aid in the execution of any power granted herein; and/or

(b) proceed to foreclose against the Trust Collateral or any part thereof pursuant to this Agreement, and according to the Applicable Law of the jurisdiction or jurisdictions in which such Trust Collateral or part thereof shall at the time be located, by doing any one or more or all of the following acts, as the Security Trustee, in its sole and complete discretion (acting in good faith), may then elect, or as directed by the Indenture Trustee:

(i) exercise all the rights and remedies, in foreclosure and otherwise, available to it as a Security Trustee and secured party under the provisions of Applicable Law;

(ii) institute legal proceedings to foreclose upon and against the security interest granted in and by this Agreement, the Engine Mortgages and the Lease Security Assignments, to recover judgment for all amounts then due and owing as indebtedness secured hereby, and to collect the same out of any of the Trust Collateral or the proceeds of any sale thereof;

(iii) institute legal proceedings for the sale, under the judgment or decree of any court of competent jurisdiction, of any or all of the Trust Collateral;

(iv) without regard to the adequacy of the Collateral for the Indenture or any other agreement between the Security Trustee and WEST, any Grantor and their Affiliates, by virtue of this Agreement, the Engine Mortgages or the Lease Security Assignments or otherwise, or any other collateral or other security or to the solvency of the Grantor, institute legal proceedings for the appointment of a receiver or receivers pending foreclosure hereunder or for the sale of any of the Trust Collateral under the order of a court of competent jurisdiction or under other legal process; or

(v) personally, or by agents or attorneys, enter upon any premises where the Trust Collateral or any part thereof may then be located, and take possession of all or any part thereof or render it unusable; and without being responsible for loss or damage to such Trust Collateral, hold, store and keep idle, or lease, operate or otherwise use or permit the use of, the same or any part thereof, for such time and upon such terms as the Security Trustee may in its sole and complete discretion deem to be in its own best interests, and demand, collect and retain all hire, earnings and other sums due and to become due in respect of the same from any party whomsoever, accounting for net earnings, if any, arising from such use and charging against all receipts from the use of the same or from the sale thereof, by court proceedings or pursuant to Section 5.02, all other costs, reasonable expenses, charges, damages and other losses resulting from such use in good faith.

All reasonable expenses of obtaining any such judgment, bringing any such legal proceeding or of pursuing, searching for and taking the Trust Collateral shall, until paid, be secured by the Lien of this Agreement, the Engine Mortgages and the Lease Security Assignments. Each Grantor shall permit representatives of the Security Trustee to be present at such Grantor's place of business to receive copies of all communications and remittances relating to the Collateral and shall forward copies of any notices or communications received with respect to the Collateral, all in such manner as the Security Trustee may require.

Section 5.02 Delivery of Collateral, Power of Sale, etc. If the Security Trustee should elect to foreclose upon and against the security interest created in and by this Agreement, each Grantor shall, upon demand of the Security Trustee, deliver to the Security Trustee all or any part of the Trust Collateral at such time or times and place or places as the Security Trustee may specify; and the Security Trustee is hereby authorized and empowered, in accordance with Applicable Law and without being responsible for loss or damage to such Trust Collateral incurred other than solely by reason of the Security Trustee's gross negligence or willful misconduct, to enter upon any premises where the Trust Collateral or any part thereof may be located and take possession of and remove the same.

The Security Trustee may thereafter sell and dispose of, or cause to be sold and disposed of, all or any part of the Trust Collateral pledged by any Grantor at one or more public or private sales, at such places and times and on such terms and conditions as the Security Trustee may deem fit in good faith, with or without any previous demand to WEST, such Grantor or any other person, or advertisement of any such sale or other disposal upon notice to such Grantor (it being understood and agreed that such provision of notice to such Grantor shall not be deemed to limit or otherwise restrict the Security Trustee's rights and remedies hereunder or under any other agreement); and for the aforesaid purpose, any other notice of sale, any advertisement and other notice or demand, any right of equity of redemption and any obligation of a prospective purchaser to inquire as to the power and authority of the Security Trustee to sell or the application by the Security Trustee of the proceeds of sale or otherwise that would otherwise be required by, or available to such Grantor under, Applicable Law are hereby expressly waived by WEST and each other Grantor to the fullest extent permitted by such Law. In the event that any mandatory requirement of Applicable Law shall obligate the Security Trustee to give different, additional or prior notice to WEST or any Grantor of any of the foregoing acts, WEST and each Grantor hereby agrees that, to the extent permitted by Applicable Law, a written notice sent to it by mail or by facsimile, so as reasonably to be expected to be delivered to WEST or such Grantor at least five (5) Business Days before the date of any such act shall be deemed to be reasonable notice of such act and, specifically, reasonable notification of the time after which any private sale or other disposition intended to be made hereunder is to be made.

Section 5.03 Right to Possession, etc. To the fullest extent each Grantor may lawfully agree, the right of the Security Trustee to take possession of and sell any of the Trust Collateral in compliance with the provisions of this Article V shall not be affected by the provisions of any applicable reorganization or other similar law of any jurisdiction; and WEST and each Grantor shall not take advantage of any such law or agree to allow any agent, assignee or other party to take advantage of such law in its place, to which end WEST and each Grantor, for itself and all who may claim through it, as far as it or they now or hereafter lawfully may do so, hereby waives, to the fullest extent permitted under Applicable Law, any rights or defenses arising under any such law, and all rights to have the Collateral marshalled upon any foreclosure hereof, and hereby agrees that any court having jurisdiction to foreclose upon and against the security interest created in this Agreement or by the Engine Mortgages or the Lease Security Assignments may order the sale of the Trust Collateral subject to such jurisdiction as an entirety or severally.

Section 5.04 Application of Proceeds. (a) Following the occurrence and continuance of an Event of Default, all proceeds received by the Security Trustee under or pursuant to this Agreement, and all amounts received by the Indenture Trustee pursuant to the Indenture, shall be applied in the first place to pay all such payments, disbursements, expenses and losses whatsoever (together with interest thereon as hereinbefore provided for) as may have been incurred by the Security Trustee in or about or incidental to the exercise by the Security Trustee of the rights and powers specified in this Agreement, the Indenture, the Related Documents or in any other agreement or any of them and the balance shall be applied by the Indenture Trustee as provided in Sections 3.09 and 4.02 of the Indenture.

(b) Subject to the terms and conditions of this Agreement, the Security Trustee shall distribute to WEST and each Grantor, or any other Person entitled thereto, any payments in respect of Excluded Payments (as defined in the Mortgage in respect of the Engine and Lease subject to the Lien of such Mortgage) received by the Security Trustee promptly upon receipt thereof by the Security Trustee.

Section 5.05 Matters Involving Manner of Sale. (a) At any sale pursuant to this Article V, whether by virtue of judicial proceedings contemplated in Section 5.01 or under the power of sale granted in Section 5.02, it shall not be necessary for the Security Trustee or a public officer under order of a court to have present physical or constructive possession of the Trust Collateral to be sold. The recitals contained in any conveyances and receipts made and given by the Security Trustee in good faith or such public officer to any purchaser at any sale made pursuant to this Agreement shall, to the extent permitted by Applicable Law, conclusively establish the truth and accuracy of the matters therein stated (including, without limiting the generality of the foregoing, the amounts due and payable under the Indenture and the Related Documents and any other indebtedness secured hereby, the accrual and nonpayment thereof and advertisement and conduct of such sale in the manner provided herein and by Applicable Law) other than in the case of manifest error; and all prerequisites to such sale shall be presumed to have been satisfied and performed.

(b) At any sale or sales made pursuant to this Section 2, the Security Trustee or its agents may bid for or purchase, free from any right or equity of redemption in favor of WEST, the relevant Grantor and any person claiming by, through or under them (all such rights being in this Article V waived and released), any part of or all the Trust Collateral offered for sale, and may make payment on account thereof by using any claim for moneys then due and payable to the Security Trustee by WEST and such Grantor as a credit against the purchase price; and the Security Trustee upon compliance with the terms of sale, may hold, retain and dispose of such Trust Collateral without further accountability therefor to WEST, the Grantor or any third party, except as expressly required by Applicable Law. In any such sale the Security Trustee shall not be obligated to make any representations or warranties with respect to the Collateral or any part thereof, and the Security Trustee shall not be chargeable with any of the obligations or liabilities of WEST or such Grantor with respect thereto. WEST and each Grantor hereby agrees (i) that it will indemnify and hold the Security Trustee harmless from and against any and all claims with respect to the Trust Collateral asserted before the taking of actual possession or control thereof by the Security Trustee or its agents pursuant to this Article V, or arising out of any act of, or omission to act on the part of, any party other than the Security Trustee or any of its agents prior to such taking of actual possession or control by the Security Trustee, or arising out of any act of, or omission to act on the part of, WEST, the Grantor or any person claiming by, through or under WEST or such Grantor (not including the Security Trustee or any Person claiming by, through or under the Security Trustee) or any of their Affiliates or agents before or after the commencement of such actual possession or control by the Security Trustee or any of its agents; and (ii) that the Security Trustee shall have no liability or obligation arising out of any such claim.

(c) Nothing herein contained shall be deemed to impair in any manner the absolute right of the Security Trustee to sell and convey title to the Trust Collateral to the purchaser(s) at such sale(s) or to grant options with respect to or otherwise to realize upon all or such portion of the Trust Collateral, at such time, and in such order, as it may elect in its sole and complete discretion in good faith, or to enforce any one or more remedies relative hereto either successively or concurrently; and the Grantor hereby agrees that the security interest, options and other rights hereby given to the Security Trustee shall remain unimpaired and unprejudiced until all the Trust Collateral shall have been sold or this Agreement shall otherwise have ceased to be of any force or effect according to its terms, and that the enforcement of any right or remedy shall not operate to bar or estop the Security Trustee from exercising any other right or remedy available hereunder or under any other agreement between the Security Trustee and any of its Affiliates, on the one hand, and the Grantor, WEST or any person claiming by, through or under the Grantor, WEST and their Affiliates on the other hand, or otherwise, available at law, in equity or otherwise.

A separate action or actions may be brought and prosecuted against each Grantor to enforce this Agreement, irrespective of whether any action is brought against any other Grantor or whether any other Grantor is joined in any such action or actions. All rights of the Security Trustee and the security interest and lien granted under, and all obligations of each Grantor under, this Agreement shall be absolute and unconditional, irrespective of:

(a) any lack of validity or enforceability of any Related Document, Assigned Document, or Hedge Agreement or any other agreement or instrument relating thereto;

(b) any change in the time, manner or place of payment of, the security for, or in any other term of, all or any of the Secured Obligations, or any other amendment or waiver of or any consent to any departure from any Related Document, Assigned Document, or Hedge Agreement or any other agreement or instrument relating thereto;

(c) any taking, exchange, release or non-perfection of the Collateral or any other collateral or taking, release or amendment or waiver of or consent to departure from any guaranty, for all or any of the Secured Obligations;

(e) any change, restructuring or termination of the corporate structure, partnership or trust or existence as applicable of any Grantor; or

(f) any other circumstance that might otherwise constitute a defense available to, or a discharge of, any Grantor or a third-party grantor of a security interest or a Person deemed to be a surety.

ARTICLE VII

THE SECURITY TRUSTEE

Section 7.01 Authorization and Action. (a) Each Secured Party by its acceptance of the benefits of this Agreement shall be deemed to have appointed and authorized Deutsche Bank as the Security Trustee to take such action as trustee on behalf of the Secured Parties and to exercise such powers and discretion under this Agreement, the Engine Mortgages, the Lease Security Assignments and the other Related Documents as are specifically delegated to the Security Trustee by the terms of this Agreement, the Engine Mortgages, the Lease Security Assignments and of the other Related Documents, and no implied duties and covenants shall be deemed to arise against the Security Trustee. For the avoidance of doubt, each Secured Party by its acceptance of the benefits of this Agreement hereby requests and instructs the Security Trustee to enter into all Assigned Lease-related documents and instruments which it is requested by any Grantor to enter into on this date and as may arise from time to time for the purpose of establishing and maintaining its security interest for itself and for the benefit of the other Security Parties in respect of any Assigned Lease.

(b) The Security Trustee accepts such appointment and agrees to perform the same but only upon the terms of this Agreement, the Engine Mortgages, the Lease Security Assignments and the Indenture and agrees to receive and disburse all moneys received by it in accordance with the terms of this Agreement and the Indenture. The Security Trustee in its individual capacity shall not be answerable or accountable under any circumstances, except for its own willful misconduct or gross negligence (or simple negligence in the handling of funds or breach of any of its representations or warranties set forth in this Agreement) and the Security Trustee shall not be liable for any action or inaction of any Grantor or any other parties to any of the Related Documents.

Section 7.02 Absence of Duties. The powers conferred on the Security Trustee under this Agreement, the Engine Mortgages and the Lease Security Assignments with respect to the Collateral are solely to protect its interest in this Agreement and shall not impose any duty upon it to exercise any such powers. Except for the safe custody of any Collateral in its possession and the accounting for moneys actually received by it under this Agreement, the Engine Mortgages or the Lease Security Assignments, the Security Trustee shall have no duty as to any Collateral, as to ascertaining or taking action with respect to calls, conversions, exchanges, maturities, tenders or other matters relative to any Collateral, whether or not any Secured Party has or is deemed to have knowledge of such matters, or as to the taking of any necessary steps to preserve or perfect rights against any parties or any other rights pertaining to any Collateral. The Security Trustee shall have no duty to ascertain or inquire as to the performance or observance of any covenants, conditions or agreements on the part of any Grantor or Lessee.

Section 7.03 Representations or Warranties. The Security Trustee does not make, and shall not be deemed to have made, any representation or warranty as to the validity, legality or enforceability of this Agreement, any Engine Mortgage, any Lease Security Assignment, any other Related Document or any other document or instrument or as to the correctness of any statement contained in any thereof, or as to the validity or sufficiency of any of the pledge and security interests granted hereby, except that the Security Trustee in its individual capacity hereby represents and warrants (a) that each such specified document to which it is a party has been or will be duly executed and delivered by one of its officers who is and will be duly authorized to execute and deliver such document on its behalf, and (b) this Agreement, each Engine Mortgage and each Lease Security Assignment is the legal, valid and binding obligation of Deutsche Bank, enforceable against Deutsche Bank in accordance with its terms, subject to the effect of any applicable bankruptcy, insolvency, reorganization, moratorium or similar law affecting creditors' rights generally.

Section 7.04 Reliance; Agents; Advice of Counsel. (a) The Security Trustee shall incur no liability to anyone as a result of acting upon any signature, instrument, notice, resolution, request, consent, order, certificate, report, opinion, bond or other document believed by it to be genuine and believed by it to be signed by the proper party or parties. The Security Trustee may accept a copy of a resolution of the board or other governing body of any party to this Agreement, any Engine Mortgage, any Lease Security Assignment or any Related Document, certified by the Secretary or an Assistant Secretary thereof or other duly authorized Person of such party as duly adopted and in full force and effect, as conclusive evidence that such resolution has been duly adopted by said board or other governing body and that the same is in full force and effect. As to any fact or matter the manner of ascertainment of which is not specifically described in this Agreement, any Engine Mortgage and any Lease Security Assignment, the Security Trustee shall be entitled to receive and may for all purposes hereof conclusively rely on a certificate, and shall be fully protected in acting or refraining from acting upon, signed by an officer of any duly authorized Person, as to such fact or matter, and such certificate shall constitute full protection to the Security Trustee for any action taken or omitted to be taken by it in good faith in reliance thereon. The Security Trustee shall furnish to each Service Provider upon request such information and copies of such documents as the Security Trustee may have and as are necessary for such Service Provider to perform its duties under the applicable Related Documents. The Security Trustee shall assume, and shall be fully protected in assuming, that each other party to this Agreement, any Engine Mortgage and any Lease Security Assignment is authorized by its organizational documents to enter into this Agreement, any such Engine Mortgage or any such Lease Security Assignment and to take all action permitted to be taken by it pursuant to the provisions of this Agreement or such Engine Mortgage or such Lease Security Assignment, as applicable, and shall not inquire into the authorization of such party with respect thereto.

(b) The Security Trustee may execute any of the powers hereunder or perform any duties under this Agreement, any Engine Mortgage or any Lease Security Assignment either directly or by or through agents, including financial advisors, or attorneys or a custodian or nominee, and the Security Trustee shall not be responsible for any misconduct or negligence on the part of, or for the supervision of, any such agent, attorney, custodian or nominee appointed with due care by it hereunder.

(c) The Security Trustee may consult with counsel, and any written opinion of counsel addressed to the Security Trustee or the Indenture Trustee shall be full and complete authorization and protection in respect of any action taken or suffered or omitted by it under this Agreement, any Engine Mortgage or any Lease Security Assignment in good faith and in accordance with such opinion of counsel.

(d) The Security Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Agreement, any Engine Mortgage or any Lease Security Assignment, or to institute, conduct or defend any litigation under this Agreement, any Engine Mortgage or any Lease Security Assignment or in relation hereto or thereto, at the request, order or direction of any of the Secured Parties, pursuant to the provisions of this Agreement, unless such Secured Party shall have offered to the Security Trustee reasonable security or indemnity satisfactory to it against the costs, expenses and liabilities which may be incurred therein or thereby.

(e) The Security Trustee shall not be required to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, if there is reasonable ground for believing that the repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it, and none of the provisions contained in this Agreement, any Engine Mortgage or any Lease Security Assignment shall in any event require the Security Trustee to perform, or be responsible or liable for the manner of performance of, any obligations of WEST or the Administrative Agent under any of the Related Documents.

(f) The Security Trustee shall not be liable for any costs, Taxes or the selection of Permitted Investments made in accordance with this Agreement, the Engine Mortgages, the Lease Security Assignments and the Indenture or for any investment losses resulting from Permitted Investments made in accordance with this Agreement, the Engine Mortgages, the Lease Security Assignments and the Indenture.

(g) When the Security Trustee incurs expenses or renders services in connection with an exercise of remedies specified in Section 5.01 or during an insolvency case or proceeding, such expenses (including the fees and expenses of its counsel) and the compensation for such services are intended to constitute expenses of administration under any bankruptcy law or law relating to creditors' rights generally.

(h) The Security Trustee shall not be charged with knowledge of an Indenture Event of Default unless a Responsible Officer of the Security Trustee obtains actual knowledge of such event or the Security Trustee receives written notice of such event from any of the Secured Parties or the Administrative Agent.

(i) The Security Trustee shall have no duty to monitor the performance of WEST, the Administrative Agent or any other party to the Related Documents, nor shall it have any liability in connection with the appointment of the Administrative Agent, or the malfeasance or nonfeasance by such parties. The Security Trustee shall have no liability in connection with non-compliance by WEST, the Administrative Agent or any Lessee under a Lease with statutory or regulatory requirements related to the Collateral, any Engine or any Lease. The Security Trustee shall not make or be deemed to have made any representations or warranties with respect to the Collateral, any Engine or any Lease or the validity or sufficiency of any assignment or other disposition of the Collateral, any Engine, or any Lease.

Section 7.05 No Individual Liability. The Security Trustee shall have no individual liability in respect of all or any part of the Secured Obligations, and all shall look, subject to the lien and priorities of payment provided herein and in the Indenture, only to the property of the Grantors for payment or satisfaction of the Secured Obligations.

ARTICLE VIII

SUCCESSOR TRUSTEES

Section 8.01 Resignation and Removal of Security Trustee. The Security Trustee may resign at any time without cause by giving at least sixty (60) days' prior written notice to WEST, the Servicer, the Administrative Agent and the Noteholders. The Controlling Party may at any time remove the Security Trustee without cause by an instrument in writing delivered to WEST, the Servicer, the Administrative Agent and the Security Trustee. In addition, if the Security Trustee is also the Indenture Trustee, any removal of the Indenture Trustee pursuant to Section 7.01 of the Indenture shall (unless otherwise provided in the document or instrument removing the Indenture Trustee) be automatically a removal of the Security Trustee under this Agreement. No termination of or resignation by the Security Trustee pursuant to this Section 6.01 shall become effective prior to the date of appointment by the Controlling Party of a successor Security Trustee and the acceptance of such appointment by such successor Security Trustee.

Section 8.02 Appointment of Successor. (a) In the case of the resignation or removal of the Security Trustee, WEST shall promptly appoint a successor Security Trustee; *provided* that the Controlling Party, on behalf of the Secured Parties, may appoint, within one year after such resignation or removal, a successor Security Trustee. If a successor Security Trustee shall not have been appointed and accepted its appointment hereunder within sixty (60) days after the Security Trustee gives notice of resignation or is removed, the retiring or removed Security Trustee, WEST, the Administrative Agent, the Servicer or a Controlling Party may petition any court of competent jurisdiction for the appointment of a successor Security Trustee. Any successor Security Trustee so appointed by such court shall immediately and without further act be superseded by any successor Security Trustee appointed as provided in the first sentence of this paragraph within one year from the date of the appointment by such court.

(b) Any successor Security Trustee shall execute and deliver to the Secured Parties an instrument accepting such appointment. Upon the acceptance of any appointment as Security Trustee hereunder, a successor Security Trustee, upon the execution and filing or recording of such financing statements, or amendments thereto, and such amendments or supplements to this Agreement, the Engine Mortgages and the Lease Security Assignments, and such other instruments or notices, as may be necessary or desirable, or as the Senior Trustee may request, in order to continue the perfection (if any) of the liens granted or purported to be granted hereby, shall succeed to and become vested with all the rights, powers, discretion, privileges and duties of the retiring Security Trustee, and the retiring Security Trustee shall be discharged from its duties and obligations under this Agreement, the Engine Mortgages, the Lease Security Assignments and the other Related Documents. The retiring Security Trustee shall take all steps necessary to transfer all Collateral in its possession and all its control over the Collateral to the successor Security Trustee.

After any retiring Security Trustee's resignation or removal hereunder as to any actions taken or omitted to be taken by it while it was Security Trustee, the provisions of all of Article VII shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Security Trustee under this Agreement.

(c) Each Security Trustee shall be an Eligible Institution and shall meet the Eligibility Requirements; *provided* that the Rating Agencies shall receive notice of any replacement Security Trustee.

(d) Subject to Section 6.02(c), any corporation into which the Security Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Security Trustee shall be a party, or any corporation to which substantially all the business of the Security Trustee may be transferred, shall be the Security Trustee under this Agreement without further act.

(e) Following the resignation or removal of the Security Trustee, and the appointment and acceptance of such appointment by a successor Security Trustee, all references to "New York" herein shall be deemed to refer to the state in which the Security Trustee is physically located.

ARTICLE IX

INDEMNITY AND EXPENSES

Section 9.01 Indemnity. (a) WEST shall indemnify the Security Trustee (and its officers, directors, employees and agents) for, and hold it harmless against, any loss, liability or expense (including reasonable legal fees and expenses) incurred by it without negligence or bad faith on its part in connection with the acceptance or administration of this Agreement, the Engine Mortgages, the Lease Security Assignments and any other Security Documents and its duties hereunder and thereunder, including the costs and expenses of defending itself against any claim or liability and of complying with any process served upon it or any of its officers in connection with the exercise or performance of any of its powers or duties hereunder and hold it harmless against, any loss, liability or reasonable expense incurred without negligence or bad faith on its part. The Security Trustee shall notify WEST promptly of any claim asserted against the Security Trustee for which it may seek indemnity; provided, however, that failure to provide such notice shall not invalidate any right to indemnity hereunder. WEST shall defend the claim and the Security Trustee shall cooperate in the defense. The Security Trustee may have separate counsel and WEST shall pay reasonable fees and expenses of such counsel. WEST need not pay for any settlements made without its consent; provided that such consent shall not be unreasonably withheld or delayed. WEST need not reimburse any expense or indemnity against any loss or liability incurred by the Security Trustee through negligence or willful misconduct.

(b) WEST shall on the Payment Date following demand therefor pay to the Security Trustee the amount of any and all reasonable expenses, including the reasonable fees and expenses of its counsel and of any experts and agents, that the Security Trustee may incur in connection with (i) the administration of this Agreement, (ii) the custody, preservation, use or operation of, or the sale of, collection from or other realization upon, any of the Collateral, (iii) the exercise or enforcement of any of the rights of the Security Trustee or any other Secured Party against any Grantor hereunder, or (iv) the failure by any Grantor to perform or observe any of the provisions hereof.

Section 9.02 Survival. The provisions of Section 9.01 and this Section 9.02 shall survive the termination of this Agreement or the earlier resignation or removal of the Security Trustee.

Section 9.03 No Compensation from Secured Parties. Each of the Security Trustee and each Operating Bank agrees that it shall have no right against the Secured Parties for any fee as compensation for its services in such capacity.

Section 9.04 Security Trustee Fees. In consideration of the Security Trustee's performance of the services provided for under this Agreement, the Engine Mortgages and the Lease Security Assignments, WEST shall pay to the Security Trustee an annual fee set forth under a separate agreement between WEST and the Security Trustee in accordance with Article III of the Indenture.

ARTICLE X

(b) Except as otherwise provided in Section 10.06(c), upon the payment in full in cash of the Secured Obligations, the pledge, assignment and security interest granted hereby shall terminate and all rights to the Collateral shall revert to the Grantors and all Collateral held by the Security Trustee shall be returned to WEST. Upon any such termination, the Security Trustee will, at WEST's expense, execute and deliver to each relevant Grantor such documents as such Grantor shall prepare and reasonably request in writing to evidence such termination.

(c) If at any time all Notes have been defeased pursuant to Article XII of the Indenture, the pledge, assignment and security interest in the Collateral shall be released and the certificates or other instruments representing or evidencing any of the Collateral held by the Custodial Agent, on behalf of the Security Trustee, shall be returned to WEST and the Security Trustee shall, at the expense of WEST, execute and deliver to WEST such documents as WEST shall prepare and reasonably request in writing to evidence such termination.

Each of the parties hereto agrees that the process by which any suit, action or proceeding is begun may be served on it by being delivered in connection with any suit, action or proceeding in The City of New York to the Person named as the process agent of such party in Schedule IV hereto or in a Grantor Supplement at the address set out therein or at the principal New York City office of such process agent, if not the same (the "*Process Agent*").

(b) The submission to the jurisdiction of the courts referred to in Section 10.09(a) shall not (and shall not be construed so as to) limit the right of the Security Trustee to take proceedings against any Grantor in any other court of competent jurisdiction nor shall the taking of proceedings in any one or more jurisdictions preclude the taking of proceedings in any other jurisdiction, whether concurrently or not.

(c) Each of the parties hereto hereby consents generally in respect of any legal action or proceeding arising out of or in connection with this Agreement to the giving of any relief or the issue of any process in connection with such action or proceeding, including the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment which may be made or given in such action or proceeding.

Section 10.10 Counterparts. This Agreement may be executed in two or more counterparts by the parties hereto, and each such counterpart shall be considered an original and all such counterparts shall constitute one and the same instrument.

On enforcement of this Agreement, after realization of the Collateral, including liquidation of any contingent claims that are included in the Collateral, and distribution of all proceeds the Collateral, including the proceeds of any such contingent claims, in accordance with this Agreement and the Indenture, none of the Secured Parties may take any further steps against WEST, WEST Ireland or each Additional Grantor or against any shareholder, director or officer of WEST, WEST Ireland or each Additional Grantor in respect of such obligations. This provision shall not prevent any payment becoming due for the purposes of an Event of Default.

Section 10.13. Compliance with Applicable Anti-Terrorism and Anti-Money Laundering Regulations. In order to comply with laws, rules, regulations and executive orders in effect from time to time applicable to banking institutions, including those relating to the funding of terrorist activities and money laundering ("*Applicable Regulations*"), the Security Trustee is required to obtain, verify and record certain information relating to individuals and entities which maintain a business relationship with. 2. Representations, Warranties and Agreements of the Company and Willis.

(a) Each of the Company and Willis represents and warrants to, and agrees with, the Initial Purchasers, as of the date hereof (or as of the date set forth below, as applicable) that:

(i) The Initial Purchasers have been furnished with a copy of each of the Preliminary Offering Memorandum and the Offering Memorandum for use by the Initial Purchasers in connection with the Exempt Resales. No order or decree preventing or suspending the use of the Preliminary Offering Memorandum or the Offering Memorandum, or any order asserting that the transactions contemplated by this Agreement are subject to the registration requirements of the Securities Act, has been issued and no proceeding for that purpose has commenced or is pending or, to the knowledge of the Company or Willis, is contemplated.

(ii) The Preliminary Offering Memorandum as of the Time of Sale did not (and, if amended or supplemented thereafter, at the date thereof) contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. The Offering Memorandum, at the date thereof, does not (or, if amended or supplemented thereafter, at the date thereof) and (taken together with any amendments or supplements thereto) at the Closing Date will not, contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. The summary of terms dated July 3, 2012, including the exhibits thereto, the undated preliminary offering memorandum initially distributed to prospective investors on July 26, 2012 (the "Initial Preliminary Offering Memorandum") and the slides and recorded voiceover in the Net Roadshow investor presentation made available electronically to investors or, in the case of such slides, made available in physical form, by or on behalf of the Company dated August 1, 2012 (collectively, the "Marketing Materials"), at the dates of initial distribution thereof, each did not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. Notwithstanding the foregoing, the representations and warranties in Section 2(a)(ii) do not apply to statements in or omissions from the Initial Preliminary Offering Memorandum, the summary of terms dated July 3, 2012, the Preliminary Offering Memorandum and the Offering Memorandum, as applicable, (A) in the second, third and last sentences of the sixteenth paragraph, the seventeenth paragraph and the penultimate sentence of the last paragraph under the caption "Plan of Distribution" (the "Initial Purchasers' Information"), (B) under the caption "Types of Aircraft Engines" provided by the International Bureau of Aviation in the Initial Preliminary Offering Memorandum, the Preliminary Offering Memorandum and the Offering Memorandum, (C) under the caption "The Aircraft Engine Leasing Market" provided by ICF SH&E, Inc., (D) in the appraisals included as Schedules C, D, E, F, G and H thereto or (E) the initial appraisals referred to in, and the ICF SH&E, Inc. report accompanying, the summary of terms dated July 3, 2012; for the avoidance of doubt, exclusion of the provisions in Section 2(a)(ii) (A)-(E) does not diminish the indemnity provided under Section 9.

(iii) The descriptions in the Preliminary Offering Memorandum and the Offering Memorandum of the Notes, the other Operative Documents, and all other agreements, contracts, indentures, leases or other instruments are true and correct in all material respects and fairly present the information purported to be described therein.

("Standard & Poor's" and, together with Fitch, Inc., the "Rating Agencies") by the Company, Willis or any of their Affiliates, in addition to other information, that provided or supported the assumptions underlying (A) the financial models prepared by the Initial Purchasers for the use by the Initial Purchasers, the Appraisers and the Rating Agencies for their evaluation of the cash flows in connection with the transactions contemplated by the Operative Documents, (B) the Appraisers' appraisal of the Engines and (C) the rating of the Notes, as of the respective dates of such information, was true and correct in all material respects.

For purposes hereof, "Relevant Engine and Lease Information" shall mean, with respect to the Engine and Initial Leases, the information described on Schedule II relating to such Engine and Initial Lease.

(vi) The Company and Willis each maintain a system of internal accounting controls sufficient to provide reasonable assurance that (A) transactions are executed in accordance with management's general or specific authorizations; (B) transactions are recorded as necessary to permit preparation of financial statements and to maintain asset accountability; (C) access to assets is permitted only in accordance with management's general or specific authorization; and (iv) the recorded accountability for assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

(b) Willis represents and warrants to, and agrees with, the Initial Purchasers, as of the date hereof (or as of the date set forth below, as applicable) that:

(i) Willis is a corporation, duly organized, validly existing, and in good standing under the laws of the State of Delaware, and on the Closing Date will have all requisite power and authority to own, lease and operate its properties and to conduct its business as described in the Preliminary Offering Memorandum and the Offering Memorandum and as presently conducted, and will be duly registered and qualified to conduct its business in each jurisdiction in which the ownership or leasing of its properties, the conduct of its business or its performance of the Operative Documents to which it is or will be a party requires such registration or qualification, and Willis is conducting its business so as to comply in all material respects with all applicable statutes, ordinances, rules, and regulations of the jurisdictions in which it is conducting business.

(iv) There has not been any material adverse change in the business, operations, financial condition, properties, or assets of Willis, nor, to the knowledge of Willis, the prospects of Willis that would have a material adverse effect on its ability to perform its obligations under this Agreement, or any other Operative Document to which it is a party.

(v) The execution, delivery and performance of this Agreement, the other Operative Documents to which it is a party and the issuance and sale of the Notes and the consummation of the transactions contemplated hereby and thereby will not conflict with, or result in a breach or violation of any of the terms or provisions of, or (including with the giving of notice or the lapse of time or both) constitute a default under (A) any indenture, mortgage, deed of trust, loan agreement or other agreement or instrument to which Willis or any subsidiary thereof is a party or by which Willis or such subsidiary is bound or to which any of Willis' or any subsidiary's properties or assets is subject, (B) the certificate of incorporation of or trust agreement or limited liability company agreement of, or other constitutive documents of, or any statute or regulation applicable to, Willis or any subsidiary thereof or (C) any law or any order, decree, rule or regulation of any court, arbitrator, regulatory body, administrative agency or other governmental body or agency having jurisdiction over Willis or any subsidiary thereof or any of their properties or assets, except such breaches, violations or defaults that, individually or in the aggregate, are not reasonably likely to have a material adverse effect on Willis' or any subsidiary's ability to perform its obligations under this Agreement, or any other Operative Document to which it is a party.

(vi) There are no legal or governmental proceedings pending or, to the knowledge of Willis, threatened, against Willis or to which any of its properties is subject, that are not disclosed in the Preliminary Offering Memorandum and the Offering Memorandum and which are reasonably likely to have a material adverse effect on Willis' ability to perform its obligations under this Agreement, or any other Operative Document to which it is a party, or the issuance and sale of the Notes. There are no actions or proceedings against, or investigations of Willis pending, or, to the knowledge of Willis, threatened, before any court, administrative agency or other tribunal (A) asserting the invalidity of any of any of the Operative Documents, (B) seeking to prevent the issuance of the Notes or the consummation of any of the transactions contemplated by the Operative Documents, (C) that have a reasonable likelihood of materially and adversely affect the performance by Willis of its obligations under, or the validity or enforceability of this Agreement, or any of the other Operative Documents to which it is a party, or (D) that have a reasonable likelihood of affecting adversely the federal income tax or United States Employee Retirement Income Security Act of 1974 ("ERISA") attributes of the Notes or classification of the Notes as debt for U.S. federal income tax purposes.

(vii) No authorization, approval, or consent of, or filing with, any court or governmental authority or agency is necessary in connection with (A) Willis' or any subsidiary's execution and delivery of any Operative Document to which it is a party, or (B) the offering, issuance, or sale of the Notes as contemplated in this Agreement and the Indenture, except such as may be required under state securities laws, such security interest filings as may be contemplated in the Security Trust Agreement or the Indenture or other applicable Operative Document, and any disclosures with respect to the transactions contemplated hereby required of Willis under the federal securities laws.

(ix) Neither Willis nor any "Affiliate" (as defined in Rule 501(b) of Regulation D under the Securities Act) of Willis has directly, or through any agent (provided that no representation is made as to the Initial Purchasers or any person or entity acting on their behalf), (A) sold, offered for sale, solicited offers to buy or otherwise negotiated in respect of, any security (as defined in the Securities Act) which is or could be integrated with the offering and sale of the Notes in a manner that would require the registration of the Notes under the Securities Act or (B) engaged in any form of general solicitation or general advertising (within the meaning of Regulation D under the Securities Act, including, but not limited to, advertisements, articles, notices or other communications published in any newspaper, magazine, or similar medium or broadcast over television or radio, or any seminar or meeting whose attendees have been invited by any general solicitation or general advertising) in connection with the offering of the Notes.

(x) Neither Willis, any of its Affiliates nor any person acting on its or their behalf (provided that no representation is made as to actions of the Initial Purchasers or any person or entity acting on their behalf) has engaged or will engage in any directed selling efforts within the meaning of Rule 902(c) of Regulation S with respect to the Notes, and Willis, its Affiliates and all persons acting on its or their behalf (provided that no representation is made as to actions of the Initial Purchasers or any person or entity acting on their behalf) have complied with the offering restrictions requirements of Regulation S in connection with the offering of the Notes outside of the United States.

(xi) There has not been any material adverse change in the business, operations, financial condition, properties, or assets of any Issuer Group Member that would have a material adverse effect on the ability of any of them to perform its obligations under this Agreement, or any other Operative Document to which it is a party (as applicable).

(xii) The execution, delivery and performance of this Agreement, the other Operative Documents and the issuance and sale of the Notes and the consummation of the transactions contemplated hereby and thereby (x) will not conflict with, or result in a breach or violation of any of the terms or provisions of, or (including with the giving of notice or the lapse of time or both) constitute a default under (A) any indenture, mortgage, deed of trust, loan agreement or other agreement or instrument to which any Issuer Group Member is a party or by which any Issuer Group Member is bound or to which any of the properties or assets of any Issuer Group Member is subject, (B) the certificate of incorporation or by-laws or trust agreement or limited liability company agreement of any Issuer Group Member or other constitutive documents of any Issuer Group Member or (C) any law or any order, decree, rule or regulation of any court, arbitrator, regulatory body, administrative agency or other governmental body or agency having jurisdiction over any Issuer Group Member or any of their properties or assets, except such breaches, violations or defaults that, individually or in the aggregate, are not reasonably likely to constitute a Material Adverse Change, and (y) will not result in the creation or imposition of any Encumbrance upon any property or assets of any Issuer Group Member pursuant to the terms of any agreement or instrument to which any of them is a party or by which any of them may be bound or under any to which any of their respective property or assets is subject (except for Encumbrances created pursuant to the Security Trust Agreement and the other Security Documents and "Permitted Encumbrances" under the Indenture).

(xiii) Each Issuer Group Member has or will have, on the date of transfer thereof, good and indefeasible title to all property (real and personal) transferred by it, including but not limited to, the Initial Engines other than the Remaining Initial Engines, free and clear of all Encumbrances (other than encumbrances permitted under the Indenture), with only such exceptions as would not, individually or in the aggregate, constitute a Material Adverse Change.

(xiv) No consent, approval, authorization or order of, or filing or registration with, any court, regulatory body, administrative agency or governmental body, agency or official is required for the execution, delivery and performance of this Agreement, the other Operative Documents and the issuance and sale of the Notes and the consummation of the transactions contemplated hereby and thereby other than such consents, approvals, authorizations, orders or filings or registrations of or other qualifications with any governmental or regulatory authority ("Consents") as may be required by the securities or "blue sky" laws of any state of the United States or any other jurisdiction in connection with the purchase and sale of the Notes and as are necessary under applicable law to own its properties, to conduct its business and to consummate the transactions contemplated by this Agreement and the other Operative Documents in the manner described in the Preliminary Offering Memorandum and the Offering Memorandum or such security interest filings as may be contemplated in the Security Trust Agreement or the Indenture or other applicable Operative Document, or which individually or in the aggregate, are not reasonably likely to constitute a Material Adverse Change.

(xvi) Neither the Company nor any "Affiliate" (as defined in Rule 501(b) of Regulation D under the Securities Act) of the Company has directly, or through any agent (provided that no representation is made as to the Initial Purchasers or any person or entity acting on their behalf), (A) sold, offered for sale, solicited offers to buy or otherwise negotiated in respect of, any security (as defined in the Securities Act) which is or could be integrated with the offering and sale of the Notes in a manner that would require the registration of the Notes under the Securities Act or (B) engaged in any form of general solicitation or general advertising (within the meaning of Regulation D under the Securities Act, including, but not limited to, advertisements, articles, notices or other communications published in any newspaper, magazine, or similar medium or broadcast over television or radio, or any seminar or meeting whose attendees have been invited by any general solicitation or general advertising) in connection with the offering of the Notes. No securities of the same class as the Notes have been issued and sold by the Company within the six-month period immediately prior to the date hereof.

(xvii) Neither the Company, any of its Affiliates nor, to the knowledge of the Company, any person acting on its or their behalf (provided that no representation is made as to actions of the Initial Purchasers or any person or entity acting on their behalf) has engaged or will engage in any directed selling efforts within the meaning of Rule 902(c) of Regulation S with respect to the Notes, and the Company, its Affiliates and, to the knowledge of the Company, all persons acting on its or their behalf (provided that no representation is made as to actions of the Initial Purchasers or any person or entity acting on their behalf) have complied and will comply with the offering restrictions requirements of Regulation S in connection with the offering of the Notes outside of the United States.

(xix) The Notes in the Offering are eligible for resale pursuant to Rule 144A under the Securities Act ("Rule 144A") and shall not be, on the Closing Date, of the same class as securities listed on a national securities exchange registered under Section 6 of the United States Securities Exchange Act of 1934, as amended (the "Exchange Act"), or quoted in a United States automated interdealer quotation system.

The representation made by the Company in the preceding sentence is made in reliance upon and subject to the accuracy of, and compliance with, the representations and covenants made or deemed made by the Eligible Purchasers as set forth in the Preliminary Offering Memorandum and the Offering Memorandum under the section entitled "Transfer Restrictions."

(xxii) Except as described in the Preliminary Offering Memorandum and the Offering Memorandum, there are no contracts, agreements or understandings between any Issuer Group Member and any person granting such person the right to require any Issuer Group Member to file a registration statement under the Securities Act with respect to any securities of the Issuer Group Members owned or to be owned by such person or to require any Issuer Group Member to include such securities in any securities being registered pursuant to any registration statement filed by any Issuer Group Member under the Securities Act.

(xxiii) Each of the Issuer Group Members carries, or is covered by, insurance in such amounts and covering such risks as is adequate for the conduct of its business and the value of its properties and as is customary for prudent companies engaged in similar businesses in similar industries.

(xxiv) Each of the Issuer Group Members has filed all federal, state and local income and franchise tax returns, if any, required to be filed through the date hereof that the failure to file would have a material adverse effect on the ability of any of them to perform its obligations under this Agreement, or any other Operative Document to which it is a party (as applicable), and have paid all taxes shown to be due thereon, if any, and no tax deficiency in respect of any Issuer Group Member has been determined adversely to such Issuer Group Member nor does the Company have any knowledge of any tax deficiency on any such returns that is being asserted by any taxing authority that, if determined adversely to such Issuer Group Member, would constitute a Material Adverse Change.

(xxvi) Except pursuant to this Agreement (including the Fee Letter described in Section 4 hereof), there are no contracts, agreements or understandings between any of the Issuer Group Members and any other person that would give rise to a valid claim against the Company or the Initial Purchasers for a brokerage commission, finder's fee or like payment in connection with the issuance, purchase and sale of the Notes (provided that no representation is made as to actions of the Initial Purchasers or any person or entity acting on their behalf).

(xxvii) The Company has not engaged in any activities since its organization, other than those incidental to its formation, organization and registration under applicable laws and the authorization, issuance and sale of the Notes, all of the business activities conducted since the Company's organization as described in the Preliminary Offering Memorandum and the Offering Memorandum and the authorization, execution, delivery and performance of this Agreement and the other Operative Documents.

(xxviii) Neither the Company nor any of its Affiliates nor any person acting on its or their behalf (provided that no representation is made as to actions of the Initial Purchasers or any person or entity acting on their behalf) has issued any press releases or made any announcements other than in accordance with Rule 135c under the Securities Act.

(xxix) All of the representations and warranties of the Company to be contained in the Acquisition Transfer Agreement, when made, shall be incorporated by reference in this Agreement as if set forth herein, and shall be true and correct on and as of the date they are made by the Company pursuant to the Acquisition Transfer Agreement and on and as of the Closing Date.

(xxxi) None of the proceeds of the sale of the Notes will be used, directly or indirectly, for the purpose of purchasing or carrying any "margin security" as that term is defined in Regulation T of the Board of Governors of the Federal Reserve System, as amended (the "Federal Reserve Board"), for the purpose of reducing or retiring any indebtedness which was originally incurred to purchase or carry any margin security, or for any other purpose which might cause any of the Notes to be considered a "purpose credit" within the meanings of Regulations T, U or X of the Federal Reserve Board.

(xxxii) Neither the Company, nor any of its Affiliates has taken, directly or indirectly, any action prohibited by Regulation M under the Exchange Act in connection with the offering of the Notes (provided that no representation is made as to actions of the Initial Purchasers or any person or entity acting on their behalf).

(xxxiii) Any taxes, fees, and other governmental charges payable by Willis in connection with the execution and delivery of the Operative Documents to which it is a party, and the issuance and sale of the Notes (other than federal, state, local and foreign taxes payable on the income or gain recognized therefrom), have been or will be paid on or before the Closing Date.

(xxxiv) The operations of the Company and its Affiliates are and have been conducted at all times in material compliance with all applicable financial recordkeeping and reporting requirements, including those of the Bank Secrecy Act, as amended by Title III of the USA PATRIOT Act, and the applicable Anti-Money Laundering Laws, and no action, suit or proceeding by or before any court or governmental agency, authority or body or any arbitrator involving the Company with respect to the Anti-Money Laundering Laws is pending or, to the best knowledge of the Company, threatened.

(xxxv) Neither the Company nor to the knowledge of the Company, any director, officer, agent, employee or representative of the Company or any of its Affiliates (A) has used or is using any corporate funds for any unlawful contribution, gift, entertainment or other unlawful expense relating to political activity; (B) has made any direct or indirect unlawful payment to any foreign or domestic government official (including any officer or employee of a government or government owned or controlled entity or of a public international organization, or any person acting in an official capacity for or on behalf of any of the foregoing, or any political party or party official or candidate for political office) from corporate funds to influence official action or secure an improper advantage; or (C) is in violation of any provision of applicable anti-corruption laws. The Company and its Affiliates have instituted and maintain and will continue to maintain policies and procedures designed to promote and achieve compliance with such laws and with the representation and warranty herein.

(xxxvi) The Company is not and, to the knowledge of the Company, no director, officer, employee, agent, Affiliate or representative of the Company is an individual or entity that is, or is owned or controlled by a Person that is: (A) the subject of any Sanctions, nor (B) located, organized or resident in a country or territory that is the subject of Sanctions (including, without limitation, Burma/Myanmar, Cuba, Iran, North Korea, Sudan and Syria), and the Company will not, directly or indirectly, use the proceeds of the offering, or lend, contribute or otherwise make available such proceeds to any subsidiary, joint venture partner or other Person: (x) to fund or facilitate any activities or business of or with any Person or in any country or territory that, at the time of such funding or facilitation, is the subject of Sanctions, or (y) in any other manner that will result in a violation of Sanctions by any Person (including any Person participating in the offering, whether as underwriter, advisor, investor or otherwise).

(xxxviii) The Company will continue to comply with each 17g-5 Representation made by it to each Rating Agency, other than any breach of any 17g-5 Representation that would not have a material adverse effect on the Notes.

3. Representations, Warranties and Agreements of the Initial Purchasers. Each of the Initial Purchasers, severally but not jointly, represents and warrants to, and agrees with, the Company and Willis as follows:

(a) Such Initial Purchaser is an Institutional Accredited Investor or a QIB with such knowledge and experience in financial and business matters as are necessary in order to evaluate the merits and risks of an investment in the Notes.

(b) Such Initial Purchaser (i) is not acquiring the Notes with a view to any distribution thereof or with any present intention of offering or selling any of the Notes in a transaction that would violate the Securities Act or the securities laws of any state of the United States or any other applicable jurisdiction, (ii) in connection with the Exempt Resales, will solicit offers to buy the Notes only from, and will sell the Notes only to, Eligible Purchasers in accordance with this Agreement and on the terms contemplated by the Offering Memorandum, and (iii) will not offer or sell the Notes pursuant to, nor has it offered or sold the Notes by, or otherwise engaged in, any form of general solicitation or general advertising (within the meaning of Regulation D under the Securities Act, including, but not limited to, advertisements, articles, notices or other communications published in any newspaper, magazine, or similar medium or broadcast over television or radio, or any seminar or meeting whose attendees have been invited by any general solicitation or general advertising) or in any manner involving a public offering within the meaning of Section 4(a)(2) of the Securities Act.

(c) The Notes have not been registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S or pursuant to an exemption from the registration requirements of the Securities Act. Such Initial Purchaser has not offered, sold or delivered the Notes and will not offer, sell or deliver the Notes (i) as part of its distribution at any time or (ii) otherwise until the expiration of the "distribution compliance period" as defined in Regulation S (the "Distribution Compliance Period"), only in accordance with Regulation S, pursuant to registration under the Securities Act or pursuant to an available exemption from such registration.

Accordingly, neither such Initial Purchaser, its affiliates nor any persons or entities acting on their behalf has engaged or will engage in any directed selling efforts within the meaning of Rule 902(c) of Regulation S with respect to the Notes, and it, its affiliates and all persons and entities acting on its behalf have complied and will comply with the offering restrictions requirements of Regulation S in connection with the offering of the Notes outside of the United States.

(d) Such Initial Purchaser (i) prior to the expiration of the 40-day period (as set forth in the Preliminary Offering Memorandum and the Offering Memorandum) (the "40-Day Period"), will not re-offer, resell or deliver any Notes initially offered pursuant to Regulation S, within the United States or to, or for the benefit of, U.S. persons except pursuant to Rule 144A or another exemption from the registration requirements under the Securities Act, and (ii) at or prior to confirmation of a sale of Notes (other than a sale pursuant to Rule 144A), will have sent to each distributor, dealer or person or entity receiving a selling concession, fee or other remuneration to which it sells Notes during the applicable Distribution Compliance Period (whether or not such person or entity participated in the Offering of the Notes) a confirmation or other notice stating that the purchaser is subject to the same restrictions on offers and sales that apply to such Initial Purchaser during the Distribution Compliance Period.

(e) Such Initial Purchaser has not offered and will not offer or sell any Notes to investors except as contemplated in, and in accordance with, the Preliminary Offering Memorandum and the Offering Memorandum under the caption "Plan of Distribution".

(f) Such Initial Purchaser will not cause any advertisement (including any "tombstone" advertisement) of the Notes to be published in any newspaper or periodical or posted in any public place and not issue any circular relating to the Notes, except such advertisements as permitted by and including the statements required by Regulation S.

(g) The sale of the Notes offered and sold by such Initial Purchaser pursuant hereto in reliance on Regulation S will be effected only in "offshore transactions" and is not part of a plan or scheme to evade the registration provisions of the Securities Act.

(h) Such Initial Purchaser acknowledges that the Notes offered and sold in reliance on Regulation S will be represented upon issuance by a global security that may not be exchanged for definitive securities until the expiration of the 40-Day Period and only upon certification of beneficial ownership of such Notes by non-U.S. persons or U.S. persons who purchased such Notes in transactions that were exempt from the registration requirements of the Securities Act.

(i) (i) Such Initial Purchaser is duly authorized and empowered to execute, deliver and perform this Agreement and to purchase the Notes, and has duly taken all requisite action in connection therewith; (ii) the person(s) signing this Agreement on its behalf has been duly authorized by it to do so; and (iii) the execution, delivery and performance of this Agreement do not and will not conflict with, violate or constitute a default under its articles of association or other organizational document, by-laws or any material agreement or arrangement to which it is a party or by which it may be bound.

The terms used in this Section 3 that have meanings assigned to them in Regulation S are used herein as so defined.

4. Purchase, Sale, Payment and Delivery of Notes.

On the basis of the representations and warranties contained in, and subject to the terms and conditions of, this Agreement, the Company agrees to sell the Notes to the Initial Purchasers and the Initial Purchasers, severally and not jointly, agree to purchase the $390,000,000 aggregate principal amount of Notes pursuant to this Section 4 at the purchase price set forth on Schedule I hereto and designated as the purchase price for the Notes after satisfaction of all conditions precedents herein.

As compensation to the Initial Purchasers for their purchase of the Notes, the Company will pay to the Initial Purchasers all of the fees as set forth in the fee letter dated September 6, 2012 (the "Fee Letter").

The Company shall not be obligated to deliver any of the Notes to be delivered, except upon payment for all the Notes to be purchased on the Closing Date as provided herein.

5. Delivery of and Payment for the Notes.

(a) Delivery to the Initial Purchasers of and payment of the purchase price for the Notes shall be made at or prior to 10:00 a.m., New York City time, on September 17, 2012 at the offices of Pillsbury Winthrop Shaw Pittman LLP, New York, New York, or such other place or time not later than seven full business days thereafter as the Initial Purchasers and the Company shall designate, such time being herein referred to as the "Closing Date."

(b) The Company shall execute and deliver (i) one or more global Notes (the "Global Notes") in registered form, authenticated by and deposited with the Trustee, as custodian for and on behalf of DTC, representing beneficial interests in the Global Notes registered in the name of Cede & Co., as nominee of DTC, to be credited for the account of the Initial Purchasers, as well as (ii) any definitive certificates representing interests in the Notes to be sold to Institutional Accredited Investors (the "Definitive Notes") against payment by the Initial Purchasers of the purchase price therefor by wire transfer of immediately available funds as the Company may direct by written notice delivered to the Initial Purchasers at least two business days prior to the Closing Date. The Global Notes and any Definitive Notes shall be made available to the Initial Purchasers for inspection not later than 9:30 a.m. on the business day immediately preceding the Closing Date.

6. Certain Agreements of the Company. The Company covenants and agrees with the Initial Purchasers as follows:

(a) To advise the Initial Purchasers promptly and, if requested by the Initial Purchasers, to confirm such advice in writing, of (i) the issuance by any state securities commission of any stop order suspending the qualification or exemption from qualification of any Notes for offering or sale in any jurisdiction, or the initiation of any proceeding for such purpose by the Securities and Exchange Commission (the "Commission") or any state securities commission or other regulatory authority, and (ii) the happening of any event that makes any statement of a material fact made in the Preliminary Offering Memorandum or the Offering Memorandum untrue or that requires the making of any additions to or changes in the Preliminary Offering Memorandum or the Offering Memorandum in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. The Company shall use its best efforts to prevent the issuance of any stop order or order suspending the exemption of the Notes under any state securities or "blue sky" laws and, if at any time any state securities commission shall issue any stop order suspending the exemption of the Notes under any state securities or "blue sky" laws, the Company shall use every reasonable effort to obtain the withdrawal or lifting of such order at the earliest possible time.

(b) To furnish to the Initial Purchasers, without charge, as many copies of the Preliminary Offering Memorandum and the Offering Memorandum, and any amendments or supplements thereto, as the Initial Purchasers may reasonably request. The Company consents to the use of the Preliminary Offering Memorandum and the Offering Memorandum, and any amendments and supplements thereto required pursuant to this Agreement, by the Initial Purchasers in connection with the Exempt Resales that are in compliance with this Agreement.

(c) Not to amend or supplement the Offering Memorandum prior to the Closing Date unless the Initial Purchasers shall previously have been advised of, and the Initial Purchasers shall not have reasonably objected to, such amendment or supplement within a reasonable time, but in any event not longer than five business days after being furnished a copy of such amendment or supplement. If, in connection with any Exempt Resales or market making transactions after the date of this Agreement, any event shall occur that, in the reasonable judgment of the Company or Willis or in the reasonable judgment of counsel to the Initial Purchasers, makes any statement of a material fact in the Offering Memorandum, as then amended or supplemented, untrue or that requires the making of any additions to or changes in the Offering Memorandum, in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, or if it is necessary to amend or supplement the Offering Memorandum to comply with any applicable laws, the Company shall (in the case of an event identified as such in the Company's reasonable judgment) promptly notify the Initial Purchasers of such event and promptly prepare (provided that the Initial Purchasers have not reasonably objected to such amendment or supplement pursuant to the first sentence of this subsection (c)), at its own expense an appropriate amendment or supplement to correct such statement or omission or effect such compliance. Notwithstanding the foregoing, the Company shall not be obligated to prepare any amendments or supplements to the Offering Memorandum to reflect any reductions in the principal balances of the Notes occurring after the Closing Date (or any information based on the reduced principal balances, including any hypothetical scenarios).

(d) To use its reasonable best efforts to do and perform all things required to be done and performed under this Agreement by it prior to or after the Closing Date and to satisfy all conditions precedent on its part to the delivery of the Notes hereunder.

(e) Neither the Company nor any of its Affiliates or any person acting on its behalf (other than the Initial Purchasers and their Affiliates) will engage in any directed selling efforts (as that term is defined in Regulation S) with respect to the Notes, and the Company and its Affiliates and each person acting on its behalf will comply with the offering restrictions requirements of Rule 903 of Regulation S. In addition, the Company will not enter into any contractual agreement with respect to the initial distribution of the Notes except for this Agreement.

(f) Not to solicit and not to cause the Company and any of its Affiliates (as defined in Rule 501(b) of Regulation D under the Securities Act) to solicit any offer to buy or make any offer or sale of, or otherwise negotiate in respect of any security (as defined in the Securities Act) if, as a result of the doctrine of "integration" referred to in Rule 502 under the Securities Act, such offer or sale would render invalid (for the purpose of (i) the sale of the Notes by the Company to the Initial Purchasers, (ii) the resale of the Notes by the Initial Purchasers to Eligible Purchasers or (iii) the resale of the Notes by such Eligible Purchasers to others) the exemption from the registration requirements of the Securities Act provided by Section 4(a)(2) thereof, by Rule 144A, by Regulation S or otherwise.

(g) For a period of 60 days from the date of the Offering Memorandum, not to, directly or indirectly, sell, contract to sell, grant any option to purchase, issue any instrument convertible into or exchangeable for, or otherwise transfer or dispose of, any securities of the Company substantially similar to the Notes, except with the prior consent of the Initial Purchasers, which consent shall not be unreasonably withheld or delayed.

(h) For the period that is two years after the Closing Date or for so long as it is necessary to comply with Rule 144A in connection with resales by registered holders or beneficial owners of the Notes, whichever is longer, to make available to such registered holder or beneficial owner of the Notes in connection with any sale thereof and any prospective purchaser of such Notes from such registered holder or beneficial owner, the information required by Rule 144A(d)(4) under the Securities Act (or any successor provision thereto).

(i) To cooperate with the Initial Purchasers and use its best efforts to permit the depositary interests related to the Notes (other than interests in Notes sold to Institutional Accredited Investors) to be made eligible for clearance and settlement through DTC, and to comply with all agreements set forth in the representation letter of the Company to DTC relating to the approval of the Notes by DTC for "book-entry" transfer.

(j) To promptly from time to time take such action as the Initial Purchasers may reasonably request to qualify the Notes for offering and sale under the securities laws of such jurisdictions as the Initial Purchasers may reasonably request and comply with such laws so as to permit the continuance of sales and dealings therein in such jurisdictions for as long as may be necessary to complete the distribution of the Notes; *provided* that in connection therewith the Company shall not be required to qualify as a foreign corporation or trust or to file a general consent to service of process in any jurisdiction.

(k) To the extent, if any, that the ratings provided with respect to the Notes by any Rating Agency are conditional upon the furnishing of documents or the taking of any other actions by the Company, to furnish such documents and take any such other actions.

(l) To apply the net proceeds from the sale of the Notes being sold by the Company as set forth in the Preliminary Offering Memorandum and the Offering Memorandum under the caption "Use of Proceeds."

(m) To ensure that the Company does not become an "investment company" within the meaning of such term under the Investment Company Act and the rules and regulations of the Commission thereunder.

(n) In connection with the offering of the Notes, until the Initial Purchasers shall have notified the Company of the completion of the resale of the Notes, not to, and to cause its affiliated purchasers (as defined in Regulation M under the Exchange Act) not to, either alone or with one or more other persons, bid for or purchase, for any account in which it or any of its affiliated purchasers has a beneficial interest, any Notes, or attempt to induce any person to purchase any Notes; and not to, and to cause its affiliated purchasers not to, make bids or purchases for the purpose of creating actual, or apparent, active trading in or of raising the price of the Notes.

(o) Not to, nor to permit any of its Affiliates (as defined in Rule 501(b) of Regulation D under the Securities Act) to, directly or through any agent, engage in any form of general solicitation or general advertising (as those terms are used in Regulation D under the Securities Act) in connection with the offering or sale of the Notes in the United States or in any manner involving a public offering within the meaning of Section 4(a)(2) of the Securities Act.

(p) Not to publish or disseminate any material other than the Preliminary Offering Memorandum, the Offering Memorandum and the Marketing Materials in connection with the offering or sale of the Notes, unless the Initial Purchasers shall have consented in writing prior to the publication or dissemination thereof.

7. Payment of Expenses. The Company agrees, whether or not the transactions contemplated by this Agreement are consummated or this Agreement is terminated, to pay all costs, expenses, fees and taxes (other than taxes imposed on income, fees or compensation of a Person) incident to and in connection with: (i) the preparation, printing, filing and distribution of the Preliminary Offering Memorandum and the Offering Memorandum including, without limitation, the cost of all copies thereof and any amendment or supplement thereto supplied to the Initial Purchasers in such quantities as the Initial Purchasers reasonably require and the cost of printing any other documents in connection with the offering, purchase, sale and delivery of the Notes, (ii) the preparation, printing (including, without limitation, word processing and duplication costs) and delivery of any "blue sky" memoranda and any other agreements, memoranda, correspondence and other documents printed and delivered in connection herewith, (iii) the preparation, issuance and delivery by the Company of the Notes and the Definitive Notes, if any, (iv) furnishing such copies of the Preliminary Offering Memorandum and the Offering Memorandum, and any amendments and supplements thereto, as may be reasonably requested by the Initial Purchasers for use in connection with the initial Exempt Resales, (v) the fees, disbursements and expenses of the Company's counsel and accountants, (vi) all fees and expenses (including fees and expenses of counsel) of the Company in connection with approval of the depositary interests in the Notes by DTC for "book-entry" transfer, (vii) any fees charged by the Rating Agencies for rating the Notes, (viii) the cost and charges of any transfer agent, registrar or paying agent, (ix) the fees and expenses of the Trustee and any agent of the Trustee and the fees and disbursements of counsel for the Trustee in connection with the Indenture and the Notes, (x) all fees and disbursements of the Initial Liquidity Facility Provider and DTC, in its capacity as depositary, (xi) the reasonable fees and disbursements of counsel for the Initial Purchasers which shall, to the extent the transactions contemplated by this Agreement are consummated, be paid out of the proceeds of the Offering on the Closing Date, (xii) all fees and expenses relating to appraisals of the Engines, (xiii) all travel expenses of the Initial Purchasers, and the officers, trustees and employees of Willis (in their capacities as administrative agent and servicer) and the Company (to the extent incurred by them), and any other expenses of the Initial Purchasers, Willis (in their capacities as administrative agent and servicer) and the Company, in connection with attending or hosting meetings with prospective purchasers of the Notes, and (xiv) the performance by the Company of its other obligations under this Agreement to the extent not provided for above. Notwithstanding anything to the contrary herein, in consideration of Credit Agricole Securities (USA) Inc. acting as structuring agent ("Structuring Agent") and an Initial Purchaser of the Notes and Goldman, Sachs & Co. acting as an Initial Purchaser of the Notes, Willis agrees to pay unconditionally the reasonable legal fees and due diligence expenses incurred by Credit Agricole Securities (USA) Inc. and Goldman, Sachs & Co. or their in-house counsel in an amount agreed between Credit Agricole Securities (USA) Inc., Goldman, Sachs & Co. and Willis, irrespective of whether the sale of the Notes to the Initial Purchasers is consummated or not.

8. Conditions of the Obligations of the Initial Purchasers. (i) each individual who, as an officer, representative or trustee of such WEST Subentity, signed the relevant Operative Document to which it is a party, or any other document or certificate delivered on or before the Closing Date in connection with the transactions contemplated in the Operative Documents, was at the respective times of such signing and delivery, and is as of the Closing Date, duly elected or appointed, qualified, and acting as such officer, representative or trustee, and the signature of the individual appearing on the documents and certificates is the officer's genuine signature; and

(ii) no event (including any act or omission on the part of such WEST Subentity) has occurred since the date of the good standing certificate referred to in paragraph (cc) above that has affected the good standing of it or such subsidiary under the laws of its chartering jurisdiction (to the extent such concept is relevant to such subsidiary).

Such certificate shall be accompanied by accurate copies (certified as such by the Secretary or an assistant secretary of such WEST Subentity (or of a trustee therefor)) of the relevant organizational documents of each such WEST Subentity, as in effect on the Closing Date, and of the resolutions of such WEST Subentity (if relevant), and of any required consent relating to the transactions contemplated in the Operative Documents.

(dd) (i) None of Willis and any Issuer Group Member shall have sustained since the date of the Preliminary Offering Memorandum any material loss or interference with its business from any court or governmental action, order or decree, other than as set forth in or contemplated by the Preliminary Offering Memorandum or (ii) since such date there shall not have been any change in the equity capital or debt of any of the Issuer Group Members (other than as a result of the issuance and delivery of the Notes), or any change, or any development which would reasonably be expected to result in a prospective change, in or affecting the consolidated financial condition, results of operations, business, properties or assets of Willis, any of the Issuer Group Members or any Initial Engine, or the ability of Willis or any Issuer Group Member to perform their respective obligations under the Operative Documents to which they are a party, other than as set forth in or contemplated by the Preliminary Offering Memorandum, the effect of which, in any such case described in clause (i) or (ii), is, in the judgment of the Initial Purchasers, so material and adverse as to make it impracticable or inadvisable to proceed with the sale or the delivery of the Notes on the Closing Date on the terms and in the manner contemplated by the Preliminary Offering Memorandum.

(ee) The Initial Purchasers shall have received all opinions, certificates, and other documents required under any other Operative Document to be delivered by Willis, the Company or any subsidiary thereof and/or its counsel in connection with the transactions contemplated thereby, and each such opinion shall be dated the Closing Date and addressed to the Initial Purchasers.

All opinions, letters, evidence and certificates mentioned above or elsewhere in this Agreement shall be deemed to be in compliance with the provisions hereof only if they are in form and substance satisfactory to Clifford Chance US LLP.

9. Indemnification. (a) Each of Willis and the Company, jointly and severally, will indemnify and hold harmless each Initial Purchaser and each person or entity, if any, who controls any Initial Purchaser within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act, or is under direct or indirect common control with, or is directly or indirectly controlled by, any Initial Purchaser, and each of the respective directors, officers, agents and employees of each such person and each Initial Purchaser (excluding any Affiliate of any Initial Purchaser which purchases Notes from any Initial Purchaser as a principal and not for resale) (the "Initial Purchaser Indemnified Party"), from and against any losses, claims, damages or liabilities, joint or several, to which such Initial Purchaser Indemnified Party may become subject, under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in the Preliminary Offering Memorandum, the Offering Memorandum or any Marketing Materials (in each case as amended or supplemented), or arise out of or are based upon the omission or alleged omission to state therein a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and will reimburse each Initial Purchaser Indemnified Party for any legal or other expenses reasonably incurred by such Initial Purchaser Indemnified Party in connection with investigating or defending any such action or claim as such expenses are incurred; *provided*, *however*, that none of Willis or the Company shall be liable in any such case to the extent that any such loss, claim, damage or liability arises out of or is based upon an untrue statement or alleged untrue statement in or omission or alleged omission from the Preliminary Offering Memorandum, the Offering Memorandum or any Marketing Materials (in each case as amended or supplemented), in reliance upon and in conformity with the Initial Purchasers' Information concerning the Initial Purchasers; *provided further, however*, that in the event (x) an untrue statement or alleged untrue statement of a material fact is contained in the Initial Preliminary Offering Memorandum or the Initial Preliminary Offering Memorandum omits or allegedly omits to state therein a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading and such untrue statement or alleged untrue statement of a material fact is subsequently corrected or such omitted fact or alleged omitted fact is subsequently included in the Preliminary Offering Memorandum (a "Material Disclosure Change"), (y) the Initial Purchasers do not provide an investor in the Notes with the Preliminary Offering Memorandum, or otherwise inform such investor of such Material Disclosure Change, and (z) it is finally judicially determined that a loss, claim, damage or liability arose from the facts described in clauses (x) and (y) above, then, to the extent that such loss, claim, damage or liability arose from such Material Disclosure Change, neither Willis nor the Company shall have any obligation to any Initial Purchaser Indemnified Party under this Section 9(a) in respect of such loss, claim, damage or liability.

(b) Each Initial Purchaser will severally indemnify and hold harmless each of Willis and the Company and each person and entity, if any, who controls Willis or the Company within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act, or is under direct or indirect common control with, or is directly or indirectly controlled by, Willis or the Company, and each of the respective directors, officers, agents and employees of each such person, entity, Willis or the Company (each, a "Willis Indemnified Party") against any losses, claims, damages or liabilities to which such Willis Indemnified Party may become subject, under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in the Preliminary Offering Memorandum, the Offering Memorandum or any Marketing Materials (in each case as amended or supplemented) or arise out of or are based upon the omission or alleged omission to state therein a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, in each case to the extent, but only to the extent, that such untrue statement or alleged untrue statement or omission or alleged omission was made in the Preliminary Offering Memorandum, the Offering Memorandum or any Marketing Materials (in each case as amended or supplemented) in reliance upon and in conformity with the Initial Purchasers' Information concerning the Initial Purchasers; and will reimburse such Willis Indemnified Party for any legal or other expenses reasonably incurred by such Willis Indemnified Party in connection with investigating or defending such action or claim as such expenses are incurred.

Notwithstanding the provisions of this Section 9, no Initial Purchaser shall be required to contribute or indemnify any amount in excess of the amount by which the initial purchaser fee received by such Initial Purchaser with respect to the Notes initially purchased by it exceeds the amount of any damages which such Initial Purchaser has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. The Initial Purchasers' obligations in this Section 9 to contribute are several in proportion to their respective purchasing obligations and not joint.

(c) Promptly after receipt by an indemnified party under subsection (a) or (b) above of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify the indemnifying party in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve it from any liability which it may have to any indemnified party otherwise than under such subsection. In case any such action shall be brought against any indemnified party and it shall notify the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein and, to the extent that it shall wish, jointly with any other indemnifying party similarly notified, to assume the defense thereof, with counsel satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be liable to such indemnified party under such subsection for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. No indemnifying party shall, without the written consent of the indemnified party, which shall not be unreasonably withheld or delayed, effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or claim in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified party is an actual or potential party to such action or claim) unless such settlement, compromise or judgment (i) includes an unconditional release of the indemnified party from all liability arising out of such action or claim and (ii) does not include a statement as to, or an admission of, fault, culpability or a failure to act, by or on behalf of any indemnified party, but if settled with the consent of the indemnifying party or if there is a final judgment of the plaintiff in any such action, the indemnifying party agrees to indemnify and hold harmless any indemnified party from and against any loss or liability by reason of such settlement or judgment.

(d) If the indemnification provided for in this Section 9 is unavailable to or insufficient to hold harmless an indemnified party under subsection (a) or (b) above in respect of any losses, claims, damages, liabilities or expenses (or actions in respect thereof) referred to therein, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages or liabilities (or actions in respect thereof) in such proportion as is appropriate to reflect the relative benefits received by Willis and the Company on the one hand and the Initial Purchasers on the other from the offering of the Notes.

If, however, the allocation provided by the immediately preceding sentence is not permitted by applicable law or if the indemnified party failed to give the notice required under subsection (c) above (where such failure did not materially prejudice the indemnifying party), then each indemnifying party shall contribute to such amount paid or payable by such indemnified party in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of Willis and the Company on the one hand and the Initial Purchasers on the other in connection with the statements or omissions which resulted in such losses, claims, damages or liabilities (or actions in respect thereof), as well as any other relevant equitable considerations. The relative benefits received by Willis and the Company on the one hand and the Initial Purchasers on the other shall be deemed to be in the same proportion as the total net proceeds from the Offering of the Notes (before deducting expenses) received by Willis and the Company bear to the total fees, discounts and commissions received by the Initial Purchasers. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading relates to information supplied by Willis and the Company on the one hand or by the Initial Purchasers on the other and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. Each of Willis, the Company and the Initial Purchasers agree that it would not be just and equitable if contribution pursuant to this Section 9(d) were determined by *pro rata* allocation (even if the Initial Purchasers were treated as one entity for such purpose) or by any other method of allocation which does not take account of the equitable considerations referred to above in this Section 9(d). The amount paid or payable by an indemnified party as a result of the losses, claims, damages or liabilities (or actions in respect thereof) referred to above in this Section 9(d) shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this Section 9(d), no Initial Purchaser shall be required to contribute or indemnify any amount in excess of the amount by which the initial purchaser fee received by such Initial Purchaser with respect to the Notes initially purchased by it exceeds the amount of any damages which such Initial Purchaser has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. The Initial Purchasers' obligations in this Section 9(d) to contribute are several in proportion to their respective purchasing obligations and not joint.

(e) The obligations of each of Willis and the Company under this Section 9 shall be in addition to any liability which Willis and the Company may otherwise have and shall extend, upon the same terms and conditions, to any affiliate of any Initial Purchaser and each person or entity, if any, who controls any Initial Purchaser within the meaning of the Securities Act; and the obligations of the Initial Purchasers under this Section 9 shall be in addition to any liability which the Initial Purchasers may otherwise have and shall extend, upon the same terms and conditions, to each Affiliate, officer and director of Willis or the Company and to each person or entity, if any, who controls any of Willis or the Company within the meaning of the Securities Act.

10. Termination. The obligations of the Initial Purchasers hereunder may be terminated by the Initial Purchasers by notice given to the Company prior to delivery of and payment for the Notes, if, prior to that time, any of the events described in Section 8(dd) shall have occurred or if the Initial Purchasers shall decline to purchase the Notes because any other condition of the Initial Purchasers' obligations hereunder required to be fulfilled by the Company is not fulfilled.

11. Survival. The respective indemnities, agreements, representations, warranties and other statements of each of Willis, the Company, the Initial Purchasers and their respective successors, officers, directors, employees, agents, representatives and assigns set forth in or made pursuant to this Agreement will remain in full force and effect, regardless of any investigation or statement as to the results thereof, made by or on behalf of Willis, the Company, the Initial Purchasers or any of their respective successors, officers, directors, employees, agents, representatives, controlling persons referred to in Section 9 hereof or assignees, and will survive delivery of and payment for the Notes and the termination of this Agreement.

This Agreement may be executed by each of the parties hereto in any number of counterparts, and by each of the parties hereto on separate counterparts, each of which counterparts, when so executed and delivered, shall be deemed to be an original, but all such counterparts shall together constitute but one and the same instrument.

19. Consent to Jurisdiction. Each of Willis and the Company (i) agrees that any legal suit, action or proceeding brought by the Initial Purchasers or any party indemnified under Section 9 hereof to enforce any rights under or with respect to this Agreement or any other document to which any Initial Purchasers or any party indemnified under Section 9 hereof is a party with Willis or the Company or the transactions contemplated hereby or thereby may be instituted in any federal court in The City of New York, State of New York, U.S.A.; provided, however, that if a federal court in the City of New York declines jurisdiction for any reason, any legal suit, action or proceeding brought by the Initial Purchasers or any party who is indemnified under Section 9 hereof to enforce any rights under or with respect to this Agreement or any other such document or the transactions contemplated hereby or thereby may be instituted in any state court in the City of New York, State of New York, U.S.A., (ii) irrevocably waives to the fullest extent permitted by law any objection which it may now or hereafter have to the laying of venue of any such suit, action or proceeding instituted in the City of New York, State of New York, U.S.A., (iii) irrevocably waives to the fullest extent permitted by law any claim that and agrees not to claim or plead in any court that any such action, suit or proceeding brought in a court in the City of New York, State of New York, U.S.A. has been brought in an inconvenient forum and (iv) irrevocably submits to the non-exclusive jurisdiction of any such court in any such suit, action or proceeding or for recognition and enforcement of any judgment in respect thereof.

The Initial Purchasers (i) agree that any legal suit, action or proceeding brought by Willis, the Company or any other Willis Indemnified Party to enforce any rights under or with respect to this Agreement or any other document to which Willis, the Company or any other Willis Indemnified Party is a party with the Initial Purchasers or any party indemnified under Section 9 hereof or the transactions contemplated hereby or thereby may be instituted in any federal court in The City of New York, State of New York, U.S.A.; provided, however, that if a federal court in the City of New York declines jurisdiction for any reason, any legal suit, action or proceeding brought by Willis, the Company or any other Willis Indemnified Party to enforce any rights under or with respect to this Agreement or any other such document or the transactions contemplated hereby or thereby may be instituted in any state court in the City of New York, State of New York, U.S.A., (ii) irrevocably waive to the fullest extent permitted by law any objection which they may now or hereafter have to the laying of venue of any such suit, action or proceeding instituted in the City of New York, State of New York, U.S.A., (iii) irrevocably waive to the fullest extent permitted by law any claim that and agree not to claim or plead in any court that any such action, suit or proceeding brought in a court in the City of New York, State of New York, U.S.A. has been brought in an inconvenient forum and (iv) irrevocably submit to the non-exclusive jurisdiction of any such court in any such suit, action or proceeding or for recognition and enforcement of any judgment in respect thereof.

Each of Willis and the Company hereby irrevocably and unconditionally designates and appoints Corporation Service Company (with an office on the date hereof at 1133 Avenue of the Americas, Suite 3100, New York, New York 10036) (the "Agent") (and any successor entity), as its authorized agent to receive and forward on its behalf service of any and all process which may be served in any such suit, action or proceeding in any such court and agrees that service of process upon the Agent shall be deemed in every respect effective service of process upon it in any such suit, action or proceeding and shall be taken and held to be valid personal service upon it during the period ending five years from the date of this Agreement. Said designation and appointment shall be irrevocable until the end of such five-year period. Nothing in this Section 19 shall affect the right of the Initial Purchasers, their affiliates or any indemnified party to serve process in any manner permitted by law. Each of Willis and the Company further agrees to take any and all action, including the execution and filing of any and all such documents and instruments, as may be necessary to continue such designation and appointment of the Agent in full force and effect so long as the Notes are outstanding but in no event for a period longer than five years from the date of this Agreement. The Company hereby irrevocably and unconditionally authorizes and directs the Agent to accept such service on their behalf. If for any reason the Agent ceases to be available to act as such within the period ending five years from the date of this Agreement, each of Willis and the Company agrees to designate a new agent in New York City on the terms and for the purposes of this provision reasonably satisfactory to the Initial Purchasers.

To the extent that either Willis or the Company has or hereafter may acquire any immunity from jurisdiction of any court (including, without limitation, any court in the United States or the State of New York) or from any legal process (whether through service of notice, attachment prior to judgment, attachment in aid of execution, execution or otherwise) with respect to itself or its property or assets, this Agreement, or any other documents or actions to enforce judgments in respect of any thereof, it hereby irrevocably waives such immunity, and any defense based on such immunity, in respect of its obligations under the above-referenced documents and the transactions contemplated thereby, to the extent permitted by law.

20. **WAIVER OF JURY TRIAL. THE PARTIES HEREBY IRREVOCABLY WAIVE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY (BUT NO OTHER JUDICIAL REMEDIES) IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT AND THE TRANSACTIONS CONTEMPLATED HEREBY.**

21. **GOVERNING LAW**. **THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO THE CONFLICT OF LAW PROVISIONS THEREOF TO THE EXTENT THAT THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION WILL BE REQUIRED THEREBY**.

22. Definition of the Term "Business Day". For purposes of this Agreement, "business day" means any day on which The New York Stock Exchange, Inc. is open for trading.

23. Fiduciary Responsibility. Each of Willis and the Company acknowledges and agrees that: (i) the purchase and sale of the Notes pursuant to this Agreement, including the determination of the offering price of such Notes and any related discounts and commissions, is an arm's-length commercial transaction between the Company and the Initial Purchasers and the Company is capable of evaluating and understanding and understands and accepts the terms, risks and conditions of the transactions contemplated by this Agreement; (ii) in connection with each transaction contemplated hereby and the process leading to such transaction each Initial Purchaser is and has been acting solely as a principal and is not the agent, with the exception of Credit Agricole Securities (USA) Inc. in its capacity as Structuring Agent of the Company in connection with the Offering, or fiduciary of the Company or its Affiliates, beneficial interest holder(s), creditors or employees or any other party; (iii) the Initial Purchasers have not assumed and will not assume a fiduciary responsibility in favor of either of Willis or the Company with respect to any of the transactions contemplated hereby or the process leading thereto (irrespective of whether any such Initial Purchaser has advised or is currently advising the Company on other matters) or any other obligation to the Company except for the obligations expressly set forth in this Agreement, with the exception of Credit Agricole Securities (USA) Inc. in its capacity as Structuring Agent in connection with this transaction; (iv) the Initial Purchasers and their respective affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Company and that the Initial Purchasers have no obligation to disclose any of such interests by virtue of any fiduciary or advisory relationship; and (v) the Initial Purchasers have not provided, and the Company and Willis have not relied on the Initial Purchasers for, any legal, accounting, regulatory or tax advice with respect to compliance with or registration under any statute, rule or regulation of any governmental, regulatory, administrative or other agency or authority or the Offering contemplated hereby and the Company has consulted its own legal, accounting, regulatory and tax advisors to the extent it deemed appropriate.

SERVICING AGREEMENT

among

WILLIS ENGINE SECURITIZATION TRUST II,

WILLIS LEASE FINANCE CORPORATION,
as Servicer and Administrative Agent,

and

THE ENTITIES LISTED ON APPENDIX A HERETO

Dated as of September 17, 2012

TABLE OF CONTENTS

SCHEDULES

SERVICING AGREEMENT (as amended, modified or supplemented from time to time in accordance with the terms hereof, the "*Agreement*") dated as of September 17, 2012 among WILLIS ENGINE SECURITIZATION TRUST II, a Delaware statutory trust ("*WEST*"), WILLIS LEASE FINANCE CORPORATION, a Delaware corporation incorporated under the laws of Delaware, in its capacity as Servicer (together with its successors and permitted assigns, the "*Servicer*") and as the Administrative Agent, and the entities listed on Appendix A hereto which may be added thereto in accordance with Section 6.13 hereof, (the "*Subsidiaries*").

For the consideration set forth herein and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties each agree as follows:

ARTICLE 1

DEFINITIONS

SECTION 1.01. Definitions.

The terms used herein have the meaning assigned to them in Schedule A hereto. Unless otherwise defined herein, all capitalized terms used but not defined herein have the meanings assigned to such terms in the Indenture.

ARTICLE 2

APPOINTMENT; SERVICES

SECTION 2.01. Appointment.

(a) WEST and each Subsidiary hereby appoints the Servicer as the exclusive provider of the Services (as defined in Section 2.02 below) to WEST and each Subsidiary in respect of the Engine Assets on the terms and subject to the conditions set forth in this Agreement.

(b) The Servicer hereby accepts such appointment and agrees to perform the Services on the terms and subject to the conditions set forth in this Agreement. In connection with the provision of the Services with respect to the Engine Assets, the Servicer generally shall, where and to the extent practicable and in the case of Services that are not performed by the Servicer directly, contract for or otherwise obtain goods and services from third party providers in the name of, or as disclosed agent for, WEST or the relevant Subsidiary. If the Servicer shall not have contracted for or otherwise obtained such goods and services in the name of, or as disclosed agent for, WEST or the relevant Subsidiary, the Servicer shall use its reasonable efforts to cause WEST or such Subsidiary to be in a position to have direct recourse against any such third party provider providing goods and services for WEST or such Subsidiary for any breaches by such third party provider related to the provision of such goods and services.

(c) WEST hereby warrants and represents to the Servicer that it and each Subsidiary has appointed or will appoint the Administrative Agent to act as its representative with respect to any matter in respect of which WEST or any Subsidiary is required or permitted to take any action pursuant to the terms of this Agreement. Accordingly, in connection with the performance of the Services, unless an Administrative Agent Event of Default shall have occurred and be continuing, or unless earlier notified by WEST that the appointment of the Administrative Agent to act on behalf of WEST and each Subsidiary has not become effective or has been revoked or terminated, the Servicer shall in all cases be entitled to rely on the instructions (or other actions) of the Administrative Agent as representative of WEST and each Subsidiary other than the actions specified in Sections 7.06(a)(i) and 7.06(a)(iv).

SECTION 2.02. Services.

(a) The services to be provided by the Servicer in respect of the Engine Assets (the "*Services*") are as set forth in Schedule 2.02(a) and under this Agreement.

(b) Except with respect to the obligations expressly provided herein, in connection with the performance of the Services, the Servicer shall in all cases only be obligated to act upon, and shall be entitled to rely on, the instructions of WEST or, as provided above in Section 2.01(c), the Administrative Agent, on behalf of WEST and each Subsidiary. The Servicer shall not be liable to WEST, any Subsidiary, the Indenture Trustee or any other Person for any act or omission to act taken in accordance with such instructions, except to the extent provided in Section 3.03.

SECTION 2.03. Limitations.

(a) Neither the Servicer nor any of its Affiliates (other than WEST and each Subsidiary) shall assume any WEST Liabilities. In connection with the performance of the Services and its other obligations hereunder, the Servicer shall not be obligated to take or refrain from taking any action which is reasonably likely to (A) violate any Applicable Law, (B) lead to an investigation by any Governmental Authority or (C) expose the Servicer to any liabilities for which, in the Servicer's good faith opinion, adequate bond or indemnity has not been provided.

(b) WEST and the Subsidiaries shall at all times retain full legal and equitable title to the Engine Assets, notwithstanding the management thereof by the Servicer hereunder.

ARTICLE 3

STANDARD OF CARE; CONFLICTS OF INTEREST; STANDARD OF LIABILITY

SECTION 3.01. Standard of Care.

The Servicer shall perform the Services with reasonable care and diligence at all times as is customary in the Aircraft Engine leasing industry and as if it were the owner of the Engines (the "*Servicer Performance Standard*"). The Servicer Performance Standard shall be implemented in a manner which is consistent with the reasonable commercial practices of leading international Aircraft Engine operating lessors and is consistent with the Indenture.

SECTION 3.02. Conflicts of Interest.

(a) WEST and each Subsidiary acknowledges and agrees that (i) in addition to managing the Engine Assets under this Agreement, the Servicer may manage, and shall be entitled to manage, from time to time, the separate assets owned by it or its Affiliates (other than WEST and each Subsidiary) and third parties ("*Other Assets*"); (ii) in addition to the management of the Engine Assets and the Other Assets, the Servicer shall, and shall be entitled to, carry on its commercial businesses, including the financing, purchase or other acquisition, leasing and sale of Aircraft Engines; (iii) in the course of conducting such activities, the Servicer may from time to time have conflicts of interest in performing its duties on behalf of the various entities to whom it provides management services and with respect to the various assets in respect of which it provides management services; and (iv) the Controlling Trustees of WEST have approved the transactions contemplated by this Agreement and desire that such transactions be consummated and, in giving such approval, the Controlling Trustees of WEST have expressly recognized that such conflicts of interest may arise and that when such conflicts of interest arise the Servicer shall perform the Services in accordance with the Servicer Performance Standard and the Servicer Conflicts Standard set forth below in Section 3.02(b).

(b) If conflicts of interest arise regarding the management or remarketing of any Engine Asset, on the one hand, and any Other Asset, on the other hand, the Servicer shall promptly notify WEST and the Indenture Trustee (but in no later than the date on which the next Monthly Report is delivered). The Servicer shall perform the Services in good faith and to the extent such Engine Asset and such Other Asset are substantially similar in terms of objectively identifiable characteristics relevant for purposes of the particular Services to be performed, the Servicer shall not discriminate between such Engine Asset and such Other Asset on an unreasonable basis (the standard set forth in this Section 3.02(b) shall be referred to collectively as the "*Servicer Conflicts Standard*").

SECTION 3.03. Standard of Liability.

The Servicer shall not be liable to WEST or any Subsidiary for any Losses arising (i) as a result of an Engine being sold, leased or purchased on less favorable terms than might have been achieved at any time, *provided* such transactions were entered into on the basis of an arm's-length commercial decision of the Servicer, or (ii) in respect of the Servicer's obligation to apply the Servicer Conflicts Standard in respect of its performance of the Services, except, in either case, in the case of willful misconduct, negligence or fraud on the part of the Servicer. The Servicer shall not be liable to WEST or any Subsidiary for any Loss arising as a result of the performance of any of the Servicer's obligations as Servicer or as a result of any action which the Servicer is requested to take or refrain from taking by WEST (or the Administrative Agent), unless (A) such Loss has arisen as a result of the willful misconduct, negligence or fraud of the Servicer, (B) such Loss has directly resulted from a breach by the Servicer of the express terms and conditions of this Agreement or (C) such Loss is a Loss for which the Servicer has indemnified WEST and its Affiliates and arises as a result of any material misstatements or omissions in any public filing or offering memorandum relating to information on the Engine Assets, the Servicer and the Services provided by the Servicer for disclosure in such public filing or offering memorandum, *provided* that the Servicer may reasonably rely on information from third parties without incurring liability (the liability standards set forth in this Section 3.03, the "*Standard of Liability*").

SECTION 3.04. Waiver of Implied Standard.

Except as expressly stated above in this Article 3, all other warranties, conditions and representations, express or implied, statutory or otherwise, arising under Delaware or New York law or any other Applicable Law in relation to either the skill, care, diligence or otherwise in respect of any Service to be performed hereunder or to the quality or fitness for any particular purpose of any goods are hereby to the fullest extent permitted by Applicable Law excluded and the Servicer shall not be liable in contract, tort or otherwise under Delaware or New York law or any other Applicable Law for any Loss arising out of or in connection with the Services to be supplied pursuant to this Agreement or any goods to be provided or sold in conjunction with such Services.

SECTION 5.02. Access.

The Servicer at such times as WEST may reasonably request shall make available to WEST and its Subsidiaries and their agents (including auditors) (A) reports, ledgers, documents, and other records (including computer records), its books and other information related to the Engine Assets or the business of WEST and its Subsidiaries and (B) the officers and employees of the Servicer, subject to their reasonable availability, in each case, to enable WEST and its Subsidiaries to monitor the performance of the Servicer under this Agreement.

(h) it will not hold out that it is a division of WEST or its Subsidiaries or that WEST or any Subsidiary is a division of it;

(i) it will not induce any third party to rely on the creditworthiness of WEST or any Subsidiary in order that such third party will be induced to contract with it;

(j) it will not enter into any transaction between it and WEST or any Subsidiary that is as a whole materially more favorable to either party than an agreement that the parties would have been able to enter into at such time on an arm's-length basis with a non-affiliated third party, other than any Related Document in effect on the Initial Closing Date (it being understood that the parties hereto do not intend by this covenant to ratify any self-dealing transaction); and

(k) it will observe all corporate formalities necessary to treat WEST and each Subsidiary as a legal entity separate from each other Subsidiary.

SECTION 5.05. Notes Offering.

The Servicer agrees to cooperate with WEST and its Subsidiaries in connection with the public or private offering and sale of any securities of WEST or any of its Affiliates (a "*Notes Offering*").

SECTION 6.02. No Representation with Respect to Third Parties.

WEST and each Subsidiary agree that as between the Servicer, on the one hand, and WEST or any Subsidiary, on the other hand, no representation is made as to the financial condition and affairs of any Lessee of, or purchaser of, any Engine or any manufacturer, representative, maintenance facility, contractor, vendor or supplier utilized by the Servicer in connection with its performance of the Services and, subject to the Standard of Liability, the Servicer shall have no liability with respect to such third parties.

SECTION 6.03. Related Document Amendments.

Neither WEST nor any Subsidiary shall amend, without the prior consent of the Servicer in each instance, any Related Document in such a manner that would increase in any respect the scope, nature or level of the Services to be provided under this Agreement nor change the Standard of Liability without the Servicer's prior written consent, which consent may be conditioned upon, among other things, a proper adjustment in the compensation payable to the Servicer in order to take into account the increased Services to be provided by the Servicer.

SECTION 6.04. Other Servicing Arrangements.

Without the prior written consent of the Servicer, neither WEST nor any Subsidiary shall (a) enter into, or cause or permit any Person (other than the Servicer) to enter into on their behalf, any transaction for the lease or sale of any Engine in respect of which the Servicer is at such time performing Services, or (b) employ any Person other than the Servicer to perform any of the Services with respect to the Engine Assets, except as provided in Article 10 of this Agreement.

SECTION 6.05. Communications.

WEST and each Subsidiary shall forward promptly to the Servicer a copy of any written communication received from any Person in relation to any Engine Asset.

SECTION 6.06. Ratification.

At all times, WEST shall promptly notify the Servicer of any New Account established by or on behalf of WEST or any Subsidiary or otherwise relating to the Engine Assets and of any Existing Account relating to any Aircraft Engine that becomes an Engine after the date of this Agreement and of the closing of any such account in any case not established or closed by the Servicer.

SECTION 6.09. Notification of Bankruptcy.

If WEST or any Subsidiary shall take any action to:

(a) file any petition or application, commence any proceeding, pass any resolution or convene a meeting with respect to itself or any of its Affiliates under any United States federal, state or foreign or international law relating to the appointment of a trustee in bankruptcy, liquidator, examiner, assignee, custodian, trustee, sequestrator or receiver with respect to WEST or any Subsidiary or over the whole or any part of any properties or assets of WEST or any Subsidiary or any bankruptcy, reorganization, compromise arrangements or insolvency of WEST or any Subsidiary; or

then WEST shall notify the Servicer, to the extent practicable, of the taking of any such action. If WEST or any Subsidiary becomes aware of the intent or action of any Person (whether a creditor or member of WEST or any Subsidiary) to appoint a trustee in bankruptcy, liquidator, examiner, custodian, sequestrator or receiver, WEST shall promptly notify the Servicer.

SECTION 6.10. Further Assurances.

WEST and each Subsidiary agree that at any time and from time to time upon the written request of the Servicer, it will execute and deliver such further documents and do such further acts and things as the Servicer may reasonably request in order to effect the purposes of this Agreement.

SECTION 6.11. Covenants.

WEST and each Subsidiary covenant with the Servicer that it will conduct its business such that it is a separate and readily identifiable business from, and independent of, the Servicer and any of its Affiliates (it being understood that the financial statements of WEST or any Subsidiary may be consolidated with those of the Servicer or any of its Affiliates, if to do so is required by any Applicable Law or GAAP and that the tax returns of WEST or any Subsidiary may be consolidated with those of the Servicer and any of its Affiliates in accordance with applicable United States tax laws) and further covenant that, during the term of this Agreement:

(h) it will not hold out that it is a division of the Servicer, or that the Servicer is a division of it;

(i) it will not induce any third party to rely on the creditworthiness of the Servicer in order that such third party will be induced to contract with it;

(j) it will not enter into any transaction between it and the Servicer that is as a whole materially more favorable to either party than a transaction that the parties would have been able to enter into at such time on an arm's-length basis with a non-affiliated third party, other than any Related Document in effect on the Initial Closing Date (it being understood that the parties hereto do not intend by this covenant to ratify any self-dealing transaction); and

(k) it will observe all material corporate or other procedures required under Applicable Law and under its organizational documents.

SECTION 7.01. WEST and the Subsidiaries' Responsibility.

Notwithstanding the appointment of the Servicer to perform the Services and the related delegation of authority and responsibility to the Servicer pursuant to this Agreement, WEST and each Subsidiary shall remain responsible for all matters related to its business, operations, assets and liabilities.

SECTION 7.02. Instructions by WEST.

WEST may at any time, other than following the delivery of a Default Notice pursuant to Section 4.02 of the Indenture (that has not been withdrawn or rescinded), in which case the Indenture Trustee may, direct the Servicer to limit or terminate any action being taken by it under this Agreement or to take any action authorized or contemplated by this Agreement (including sale or disposal of any Engine) or the applicable Lease and the Servicer shall use commercially reasonable efforts to comply with such directions.

SECTION 7.03. Request for Authority.

If the Servicer wishes to take or approve any action which it is not authorized under this Agreement to take or approve, it shall request authority from WEST to take or approve the action.

SECTION 7.04. Overall Business Objectives with Respect to Engine.

The Servicer will perform the Services with a view towards maximizing the present value of the cash flows over the life of the Engines from leasing and re-leasing or selling or otherwise disposing of Engines, taking into account the then-existing and anticipated market conditions affecting the operating leasing of used Aircraft Engines and the commercial aviation industry generally and any restrictions within the Indenture.

SECTION 7.05. Operating Budget; Asset Expenses Budget.

(a) WEST, on its own behalf and on behalf of the Subsidiaries, shall adopt with respect to the period from the Initial Closing Date through December 15, 2012 (the "*Initial Period*") and, thereafter, each one Year period during the term of this Agreement (a "*One Year Period*"):

(A) an operating budget with respect to the Engines (an "*Operating Budget*"); and

(B) a budget with respect to Engine Expenses related to the Engines (an "*Asset Expenses Budget*").

The initial Operating Budget and the initial Asset Expenses Budget for the Initial Period (together, the "*Initial Budgets*") shall be adopted by WEST and the Subsidiaries by the Initial Closing Date in substantially the form attached hereto as Exhibit A. The Operating Budget and Asset Expenses Budget for each One Year Period during the term of this Agreement shall be adopted by WEST and the Subsidiaries in accordance with Section 7.05(c). The Servicer shall, in the course of providing the Services hereunder, use reasonable efforts to achieve the Initial Budgets during the Initial Period and to achieve the Operating Budget and the Asset Expenses Budgets for and during each One Year Period. The Initial Budgets and the Operating Budgets and Asset Expenses Budgets are collectively referred to herein as the "*Budgets*."

(b) To assist the Administrative Agent in the preparation and review of a proposed Operating Budget and a proposed Asset Expenses Budget for each One Year Period, the Servicer shall provide the Administrative Agent, by the November 1 immediately preceding such One Year Period, information in a form to be agreed from time to time relating to (i) lease rates, (ii) utilization rate, (iii) expected technical expenditures (including any costs to be capitalized) relating to the Engines, (iv) planned sales, (v) costs relating to insurance, legal, consulting and other similar expenses, including anticipated litigation expenses and (vi) such other information related to Engine Expenses as may be requested by the Administrative Agent for purposes of the preparation and review of such budgets, in each case including the assumptions relating thereto.

(c) Based on the information provided by the Servicer to the Administrative Agent in accordance with Section 7.05(b), the Administrative Agent shall prepare and deliver to the Servicer and WEST by the November 30 immediately preceding each One Year Period, a proposed Operating Budget and Asset Expenses Budget for such One Year Period, together with reasonably detailed supporting information and the assumptions underlying such proposed Operating Budget and Asset Expenses Budget.

(d) Following the receipt by the Servicer and WEST of the proposed Operating Budget and Asset Expenses Budget for a One Year Period as provided in Section 7.05(c), the Servicer and the Administrative Agent, on behalf of WEST and the Subsidiaries, shall consult with each other to agree on a final Operating Budget and a final Asset Expenses Budget for such One Year Period, and taking into account such consultation, WEST shall approve and deliver to the Servicer, by the December 20 immediately preceding the commencement of each One Year Period, a final Operating Budget and Asset Expenses Budget for such One Year Period.

(e) If at any time the Servicer reasonably believes that an incurrence of Engine Expenses is reasonably likely to cause actual aggregate Engine Expenses in the Initial Period or any One Year Period, as the case may be, to exceed 125% of the budgeted amount of aggregate Engine Expenses for such period as set forth in the applicable Budget, the Servicer shall not incur such Engine Expense without prior approval by WEST, and such excess payment and approval thereof shall be reported in the Annual Report for the relevant Initial Period or One Year Period, as the case may be.

SECTION 7.06. Transaction Approval Requirements.

(a) The Servicer shall not do any of the following without the express prior written approval of WEST:

(i) Except as required in accordance with the terms of any Lease or any other agreement with the Lessee or the Asset Transfer Agreement, and in any event in accordance with the terms and conditions of the Related Documents, sell (or enter into any commitment or agreement to sell) or otherwise transfer or dispose of any Engine.

(ii) Enter into any new Lease (or any renewal or extension of an existing Lease or other agreement with a Lessee) of any Engine if the Lease does not comply with the requirements of the Indenture.

(iii) Unless provided for in the then applicable Budgets, enter into any contract for the modification or maintenance of any Engine if the costs to be incurred thereunder by WEST or the relevant Subsidiary are not economically justifiable in light of then current and reasonably anticipated market conditions for used Aircraft Engines.

(iv) Subject to Section (e) of Section 4.02 of Schedule 2.02(a), enter into on behalf of WEST or any Subsidiary, any capital commitment or confirm any order or commitment to acquire, or acquire on behalf of WEST or any Subsidiary, Aircraft Engines, except that the Servicer may enter into any such capital commitment or order or commitment to acquire a Replacement Engine or spare parts for an Engine so long as the same is provided for in the then applicable Budgets.

(v) Issue any guarantee on behalf of, or otherwise pledge the credit of WEST or any Subsidiary, other than any guarantee of any Subsidiary obligation by WEST.

(vi) Unless permitted by any other provision of this Section 7.06, enter into any agreement for services to be provided in respect of Engines by third parties the cost of which is to be borne by WEST and the Subsidiaries, except in each case (A) to the extent that the same is an Engine Expense provided for in the then applicable Budgets, or (B) for third party service providers (including legal counsel) that would be used by the Servicer in the ordinary course of the Servicer's business.

(vii) Incur on behalf of WEST or any Subsidiary any liability (actual or contingent) or cause any such liability (actual or contingent) to be incurred, except for a liability (A) contemplated in the then applicable Budgets, (B) pursuant to a transaction of a type which is subject to another Transaction Approval Requirement which Transaction Approval Requirement is satisfied or is otherwise authorized by such Transaction Approval Requirement or (C) incurred in the ordinary course of the business of WEST and the Subsidiaries.

(b) Any transaction entered into by the Servicer on behalf of WEST and the Subsidiaries shall be on an arm's-length basis and on market terms, *provided* that any transaction approved by the Controlling Trustees shall be deemed to satisfy this clause (b).

(c) The actions specified in clauses (a)(i) and (a)(iv) of this Section 7.06 must be approved by a majority of the Controlling Trustees, including the Independent Controlling Trustee.

(d) The transaction approval requirements (the "*Transaction Approval Requirements*") set forth in clauses (i) through (vii) of Section 7.06(a) may only be amended by mutual agreement of the parties hereto and with the written consent of the Indenture Trustee (acting at the direction of the Controlling Party), and shall not in any event be amended to reduce or circumscribe the delegation to the Servicer of the level of autonomy, authority and responsibility contemplated by the Transaction Approval Requirements with respect to the performance of the Services. The Servicer shall provide notice to the Indenture Trustee of any amendment to the Transaction Approval Requirements for inclusion of such notice by the Indenture Trustee in the next Annual Report.

ARTICLE 8

SECTION 8.01. Effectiveness.

The effectiveness of this Agreement and all obligations of the parties hereunder shall be conditioned upon (a) with respect to each Initial Engine (other than each Remaining Initial Engines) and its related assets, the occurrence of the Initial Closing Date or, with respect to any Remaining Initial Engine or Replacement Engine, the delivery of such Engine to WEST or any Subsidiary (provided that, the Servicer will assist WEST with respect to the acquisition of any such Remaining Initial Engine or Replacement Engine in accordance with the terms hereof), and (b) with respect to the Servicer, WEST and the Subsidiaries, the execution hereof by those parties.

(ii) any representation or warranty made by the Servicer in this Agreement or in any other Related Document, or in any certificate, report or financial statement delivered by it pursuant hereto or thereto, proves to have been untrue or incorrect in any material and adverse respect when made;

(iii) the Servicer shall cease to be engaged in the Aircraft Engine leasing business;

(iv) either (A) an involuntary proceeding shall be commenced or an involuntary petition shall be filed in a court of competent jurisdiction seeking relief in respect of the Servicer or in respect of a substantial part of the property or assets of the Servicer, under Title 11 of the United States Code, as now constituted or hereafter amended, or any other U.S. federal or state or foreign bankruptcy, insolvency, receivership, examinership or similar law, and such proceeding or petition shall continue undismissed for sixty (60) days or an order or decree approving or ordering any of the foregoing shall be entered, or (B) the Servicer shall go into liquidation, suffer a receiver or mortgagee to take possession of all or substantially all of its assets or have an examiner appointed over it or if a petition or proceeding is presented for any of the foregoing and not discharged within sixty (60) days;

(v) the Servicer shall (A) voluntarily commence any proceeding or file any petition seeking relief under Title 11 of the United States Code, as now constituted or hereafter amended, or any other U.S. federal or state or foreign bankruptcy, insolvency, receivership, examinership or similar law, (B) consent to the institution of, or fail within sixty (60) days to contest the filing of, any petition described in clause 10.02(b)(v) above, (C) file an answer admitting the material allegations of a petition filed against it in any such proceeding described in clause 10.02(b)(v) above or (D) make a general assignment for the benefit of its creditors;

(vi) there shall have occurred and be continuing an Event of Default under Section 4.01(a) of the Indenture that has occurred and is continuing in respect of the payment of interest (other than Step-Up Interest Amount) on any Note due to an insufficiency of funds in the Collections Account on the relevant date, which Event of Default shall have continued unremedied by the Issuer for 60 days;

(vii) an Event of Default under the Indenture has occurred and is continuing and the issuance of a Default Notice has occurred or an Acceleration Default has occurred and is continuing; *provided* that at the time of such Event of Default at least 25% of the number of Engines in the Portfolio shall not be subject to Leases and each such Engine shall have been off-lease and reasonably available for re-lease during the three-month period ending on the date of such Event of Default; or

(viii) as of the end of any Fiscal Quarter, the ratio of EBITDA to Consolidated Interest for Willis shall be less than 2.25:1.0.

(c) (i) The Servicer, WEST or the Controlling Party (the "*Terminating Party*") may, at any time during the term of this Agreement, subject to the terms of this Article 10 by written notice ("*Termination Notice*") to WEST and the Indenture Trustee, in the case of the Servicer, or to the Servicer, in the case of WEST or the Controlling Party, with a copy to the Rating Agencies (the "*Notice Recipients*"), set forth its determination to terminate this Agreement pursuant to clause (a) of this Section 10.02 (in the case of the Servicer) or clause (b) of this Section 10.02 (in the case of WEST or the Controlling Party); *provided*, *however*, that this Agreement shall not terminate until and unless a Replacement Servicer shall have been appointed and shall have accepted such appointment in accordance with Section 10.03(c); *provided further* that failure by the Terminating Party to provide such Termination Notice shall not affect such party's rights under Section 10.02(a) or Section 10.02(b), as the case may be. Any Termination Notice shall set forth in reasonable detail the basis for such termination.

(ii) If the Termination Notice is provided by WEST or the Controlling Party to the Servicer based on an event described in Section 10.02(b)(i) or (b)(ii) (each a "*Curable Termination Event*"), then no later than the fifth Business Day following the delivery of the Termination Notice (the "*Effectiveness Date*"), the Servicer shall advise WEST or the Controlling Party, as applicable, in writing whether the Servicer (A) intends to cure the basis for such Termination Notice and, if so, the action the Servicer intends to take to effectuate such cure or (B) does not intend to cure the basis for such Termination Notice (it being understood that failure of the Servicer to deliver such written advice by such day shall be deemed to constitute notice that it does not intend to cure the basis for termination).

In the event (x) that the Servicer notifies (or is deemed to have notified) WEST or the Controlling Party, as applicable, that it does not intend to cure the basis for such termination, and (y) of a Termination Notice from (I) the Servicer based on any event described in Section 10.02(a) or (II) WEST or the Controlling Party based on any event described in Section 10.02 (b) other than a Curable Termination Event, then this Agreement shall terminate, subject to Section 10.03(c)(ii), immediately or on such later date that WEST or the Controlling Party, as applicable, shall have indicated in the Termination Notice. In the event that the Servicer notifies WEST or the Controlling Party, as applicable, by the applicable Effectiveness Day that it intends to cure the basis for any Curable Termination Event, then the Servicer shall (1) have ninety (90) days from such Effectiveness Date to effectuate such cure to the satisfaction of WEST or the Controlling Party, as applicable, or (2) if such cure cannot reasonably be expected to be effectuated within a 90-day period, (x) demonstrate to the satisfaction of WEST or the Controlling Party, as applicable, that substantial progress is being made toward the effectuation of such cure and (y) effectuate such cure to the reasonable satisfaction of WEST or the Controlling Party, as applicable, no later than the one hundred twentieth day following such Effectiveness Date. Upon the failure of the Servicer to effectuate a cure in accordance with the immediately preceding sentence, this Agreement shall terminate on the latest of (I) the day immediately following the expiration of such 90 or 120-day period, as the case may be, (II) such later date as shall be indicated in the Termination Notice and (III) the date on which a Replacement Servicer has been engaged to perform the Services with respect to the Engines and has accepted such appointment in accordance with the provisions of Section 10.03(c).

(d) The Servicer and WEST acknowledge and agree that the Independent Controlling Trustee of WEST has been authorized by WEST to exercise all rights and powers of WEST under this Agreement, including the right to deliver a Termination Notice on behalf of WEST and to exercise all rights of WEST under Section 10.03 upon the expiration or termination of this Agreement. The Servicer shall provide at all times (upon reasonable notice) WEST with access to the books and records of the Servicer relating to the Engines and the Leases and to the Engine Documents and shall provide electronic copies of its records relating to the operation and maintenance of the Engines, the performance of the Lessees under the Leases and such other matters as WEST shall reasonably request.

SECTION 10.03. Consequences of Termination.

(a) (i) Upon the expiration or termination of this Agreement in accordance with this Article 10, the Servicer will promptly forward to WEST any notices, reports and communications received by it from any relevant Lessee after the termination or expiration of this Agreement or the removal of the Servicer.

(ii) WEST will notify promptly each relevant Lessee and any relevant third party of the termination of the Servicer under this Agreement or expiration of this Agreement in relation to any of the Engines and will request that all such notices, reports and communications from such third parties thereafter be made or given directly to the Replacement Servicer.

(b) A termination or expiration in relation to any or all Engines shall not affect the respective rights and liabilities of either party accrued prior to such termination or expiration in respect of any prior breaches hereof or otherwise.

(c) (i) Notwithstanding the occurrence of an event described in Section 10.02(b), the Servicer shall continue to perform its duties under the Servicing Agreement until a Replacement Servicer has been appointed and has accepted such appointment. It is understood and agreed that the Independent Controlling Trustee shall have the right to appoint a Replacement Servicer on behalf of WEST upon the termination of this Agreement. In the event that a Replacement Servicer has not been appointed within ninety (90) days after any termination of this Agreement or resignation by the Servicer, the Indenture Trustee may, and acting at the direction of the Controlling Party, shall, petition any court of competent jurisdiction for the appointment of a Replacement Servicer.

(ii) Upon the expiration or termination of this Agreement in accordance with this Article 10, or upon the removal of the Servicer by WEST or the Controlling Party, the Servicer will cooperate (A) in the case of expiration, with any Replacement Servicer or (B) in the case of termination or removal, the Replacement Servicer, including providing to the Replacement Servicer all information, documents and records relating to the Engines.

(d) Upon the termination of this Agreement in accordance with this Article 10, WEST shall pay the Servicing Fees then accrued to the Servicer from amounts available therefor under Section 3.09 of the Indenture. WEST shall continue to pay the Servicing Fees to the Servicer until a Replacement Servicer shall have been appointed and shall have accepted such appointment in accordance with the provisions of Section 10.03(c) and such appointment has become effective. Upon any resignation or termination of the Servicer in accordance with the terms of this Agreement, such resigning or terminated Servicer shall not be entitled to receive any Servicing Fee accruing on or after the effective date of such termination or resignation.

(e) Upon the termination of this Agreement in accordance with this Article 10, the removal of the Servicer with respect to the performance of the Services for any Engine or the expiration of this Agreement, the Servicer shall promptly return the originals within its possession of all applicable Engine Documents and other documents related to the Engine Assets to WEST and, in addition to its obligation to cooperate with the Replacement Servicer, shall provide access to other documentation and information relating to the business of WEST and the Subsidiaries (and, to the extent practicable, copies thereof) within its possession as is reasonably necessary to the conduct of the business of WEST and the Subsidiaries.

(f) Upon the expiration or termination of this Agreement in accordance with this Article 10, the parties shall, subject to Section 10.04 and Section 10.03(b), be relieved of any obligations hereunder.

SECTION 10.04. Survival.

Notwithstanding any termination or the expiration of this Agreement, the provisions of Section 3.03, Section 3.04, Section 10.03, Section 10.04, Article 11, Section 13.09, Section 13.10 and Section 13.11 shall survive such termination or expiration, as the case may be.

ARTICLE 11

INDEMNIFICATION

SECTION 11.01. Indemnity.

(a) WEST and the Subsidiaries (excluding any Engine Trustee) do hereby assume liability for, and do hereby agree to indemnify, reimburse and hold harmless on an After-Tax Basis, the Servicer from any and all Losses, to the extent that the Losses exceed recoveries under insurance policies maintained by WEST or the Servicer, that arise (A) as a result of the Servicer's performance of any of its obligations as Servicer, and (B) as a result of any action which the Servicer is requested to take or requested to refrain from taking by WEST; *provided* that such indemnity shall not extend to (i) any Loss which arises as a result of the willful misconduct, negligence or fraud of the Servicer, (ii) any Loss which results from a material breach by the Servicer of the express terms and conditions of this Agreement, (iii) any Loss arising as a result of any material misstatement or omissions in any public filing or offering memorandum relating to written information on the Engines and the Servicer provided by the Servicer for disclosure in such public filing or offering memorandum, (iv) any Loss arising from the violation by Servicer of the Standards of Liability, (v) any Tax imposed on net income by the revenue authorities of the United States or the State of California in respect of any payment by WEST or any Subsidiary to the Servicer due to the performance of the Services, or (vi) any Taxes imposed on net income of the Servicer by any Government Authority other than the revenue authorities of the United States or the State of California to the extent such Taxes would not have been imposed in the absence of any connection of the Servicer with such jurisdiction imposing such Taxes other than any connection that results from the performance by the Servicer of its obligations under this Agreement.

(b) WEST and the Subsidiaries acknowledge and agree that amounts payable to or for the benefit of the Servicer under Section 11.01 shall constitute Expenses (subject to the limitation set forth in such definition on indemnification amounts payable to Service Providers).

(c) The Servicer agrees to give WEST prompt notice of any action, claim, demand, discovery of fact, proceeding or suit for which the Servicer intends to assert a right to indemnification under this Agreement; *provided, however,* that failure to give such notification shall not affect the Servicer's entitlement to indemnification under this Section 11.01 unless and only to the extent such failure results in actual material prejudice to any of WEST or the Subsidiaries with respect to the action, claim, demand, discovery of fact, proceeding or suit for which a right of indemnification is asserted.

(d) For the avoidance of doubt, all payments owed to the Servicer pursuant to this Article 11 shall be paid from amounts available therefor under Section 3.09 of the Indenture and any recoveries pursuant to insurance policies maintained by WEST or the Servicer in respect of such amounts (after payment of such amounts to the Servicer) shall be deposited in the Collections Account.

(e) The Servicer does hereby assume liability for, and does hereby agree to indemnify, reimburse and hold harmless on an After-Tax Basis, WEST and its Subsidiaries from any and all Losses, to the extent that the Losses exceed recoveries under insurance policies maintained by WEST or the Servicer, that arise (A) as a result of the willful misconduct, negligence or fraud of the Servicer, (B) any Loss which results from a material breach by the Servicer of the express terms and conditions of this Agreement, (C) any Loss arising as a result of any material misstatement or omissions in any public filing or offering memorandum relating to written information on the Engines and the Servicer provided by the Servicer for disclosure in such public filing or offering memorandum, (D) any Loss arising from the violation by Servicer of the Standards of Liability; provided that, notwithstanding anything to the contrary contained in this Agreement, the maximum amount of indemnifiable Losses which may be recovered from the Servicer arising out of or resulting from the causes enumerated in this Section 11.01(e) shall be an amount equal to the sum of the Servicing Fees actually received by the Servicer.

SECTION 11.02. Procedures for Defense of Claims.

(a) If a Third Party Claim is made against the Servicer, the Servicer shall promptly notify WEST of such claim, and the Servicer or WEST (as agreed between them) will undertake the defense thereof. The failure to notify WEST promptly shall not relieve it of its obligations under this Article 11 unless such failure results in actual material prejudice to WEST or any Subsidiary with respect to the action, claim, demand, discovery of fact, proceeding or suit for which a right of indemnification is asserted.

(b) If agreed and accepted by WEST and the Servicer, WEST shall within thirty (30) days undertake the conduct and control, through counsel of its own choosing and at the sole risk and expense of WEST and the Subsidiaries, of the good faith settlement or defense of such claim, and the Servicer shall cooperate fully with WEST in connection therewith; *provided* that (i) at all times the Servicer shall be entitled to participate in such settlement or defense through counsel chosen by it, and the fees and expenses of such counsel shall be borne by the Servicer, and (ii) none of WEST or any Subsidiary shall be entitled to settle such claims unless it shall have confirmed in writing the obligation of WEST and the Subsidiaries to indemnify the Servicer for the liability asserted in such claim.

(c) So long as WEST is reasonably contesting any such claim in good faith, the Servicer shall fully cooperate with WEST in the defense of such claim as reasonably required by WEST, and WEST shall reimburse the Servicer for reasonable out-of-pocket expenses incurred in connection with such cooperation. Such cooperation shall include the retention and the provision of records and information which are reasonably relevant to such Third Party Claim and the availability on a mutually convenient basis of directors, officers and employees to provide additional information. The Servicer shall not settle or compromise any claim without the written consent of WEST unless the Servicer agrees in writing to forego any and all claims for indemnification from WEST and the Subsidiaries with respect to such claims.

SECTION 11.03. Reimbursement of Costs.

The costs and expenses, including fees and disbursements of counsel (except as provided in Section 11.02(b)(i)) and expenses of investigation, incurred by the Servicer in connection with any Third Party Claim, shall be reimbursed on each Payment Date by WEST upon the submission of evidence reasonably satisfactory to WEST that such expenses have been incurred in the preceding month, without prejudice to WEST's right to contest the Servicer's right to indemnification and subject to refund in the event that WEST and the Subsidiaries are ultimately held not to be obligated to indemnify the Servicer.

ARTICLE 12

ASSIGNMENT AND DELEGATION

SECTION 12.01. Assignment and Delegation.

(a) No party to this Agreement shall assign or delegate this Agreement or all or any part of its rights or obligations hereunder to any Person without the prior written consent of each of the other parties; *provided, however,* the foregoing provisions on assignment and delegation shall not limit the ability of the Servicer to contract with any Person, including any of its Affiliates, for Services in respect of Engine Assets in accordance with Section 2.01(c) so long as the Servicer remains primarily liable for the performance of such Services; *provided*, *further*, that (x) the Servicer may assign substantially all of its obligations under this Agreement (subject to a Rating Agency Confirmation) so long as it will remain primarily liable for the performance of such obligations and (y) WEST may assign its rights hereunder to the Indenture Trustee pursuant to the Security Trust Agreement.

(b) Without limiting the foregoing, any Person who shall become a successor (excluding any collateral assignment and any third party providers) by assignment or otherwise of WEST, the Subsidiaries or the Servicer (or any of their respective successors) in accordance with this Section 12.01 shall be required as a condition to the effectiveness of any such assignment or other arrangement to become a party to this Agreement.

Each of the parties hereto waives any objection which it might now or hereafter have to the United States federal or New York State courts located in The City of New York being nominated as the forum to hear and determine any suit, action or proceeding, and to settle any disputes, which may arise out of or in connection with this Agreement and agrees not to claim that any such court is not a convenient or appropriate forum. Without limiting the foregoing, each party agrees that service of process on such party as provided in Section 13.02 shall be deemed effective service of process on such party. Each of the parties hereto hereby consents generally in respect of any legal action or proceeding arising out of or in connection with this Agreement to the giving of any relief or the issue of any process in connection with such action or proceeding, including the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment which may be made or given in such action or proceeding.

SECTION 13.05. Waiver of Jury Trial.

EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

SECTION 13.06. Counterparts; Third Party Beneficiaries.

This Agreement may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. Each of the Indenture Trustee and the holders of the Notes are express third party beneficiaries of this Agreement, and, as such, the Indenture Trustee or the Controlling Party acting on behalf of the holders of the Notes (subject to the terms and conditions of the Indenture) shall have full power and authority to enforce the provisions of this Agreement against the parties hereto. No provision of this Agreement is intended to confer any rights or remedies hereunder upon any Person other than the Indenture Trustee and any holders of the Notes and the parties hereto.

SECTION 13.07. Entire Agreement.

This Agreement constitutes the entire agreement between the parties with respect to the subject matter of this Agreement and supersedes all prior agreements and understandings, both oral and written, between the parties with respect to the subject matter of this Agreement.

SECTION 13.08. Power of Attorney.

WEST and each Subsidiary shall appoint the Servicer and its successors, and its permitted designees and assigns, as their true and lawful attorney-in-fact. All Services to be performed and actions to be taken by the Servicer pursuant to this Agreement shall be performed for and on behalf of WEST and each Subsidiary. The Servicer shall be entitled to seek and obtain from WEST and each Subsidiary a power of attorney in respect of the execution of any specific action as the Servicer deems appropriate.

SECTION 13.09. Restrictions on Disclosure.

The Servicer agrees that it shall not, prior to the termination or expiration of this Agreement or within three (3) years after such termination or expiration, disclose to any Person any confidential or proprietary information, whether of a technical, financial, commercial or other nature, received directly or indirectly from WEST or any Subsidiary regarding the business of WEST and the Subsidiaries or the Engine Assets, except as authorized in writing by WEST, and except:

(a) to representatives of the Servicer and any of its Affiliates in furtherance of the purpose of this Agreement *provided* that any such representatives shall have agreed to be bound by the restrictions on disclosure set forth in this Section 13.09;

(b) to the extent required by Applicable Law or by judicial or administrative process, but in the event of proposed disclosure, the Servicer shall seek the assistance of WEST to protect information in which WEST has an interest to the maximum extent achievable;

(c) to the extent that the information:

(i) was generally available in the public domain;

(ii) was lawfully obtained from a source under no obligation of confidentiality, directly or indirectly, to WEST or any Subsidiary;

(iii) was disclosed to the general public with the approval of WEST or any Subsidiary;

(iv) was in the files, records or knowledge of the Servicer or any of the Servicer's Affiliates prior to initial disclosure thereof to the Servicer or any of the Servicer's Affiliates by WEST or any Subsidiary;

(v) was provided by WEST or any Subsidiary to the Servicer or any of the Servicer's Affiliates without any express written (or, to the extent such information was provided in an oral communication, oral) restriction on use of or access to such information, and such information would not reasonably be expected to be confidential, proprietary or otherwise privileged; or

(vi) was developed independently by the Servicer or any of the Servicer's Affiliates; and

(d) is reasonably deemed necessary by the Servicer to protect and enforce its rights and remedies under this Agreement; *provided*, *however,* that in such an event the Servicer shall act in a manner reasonably designed to prevent disclosure of such confidential information; and *provided, further,* that prior to disclosure of such information, the Servicer shall inform WEST and the Subsidiaries of such disclosure.

SECTION 13.10. Rights of Setoff.

To the extent permitted by Applicable Law, the Servicer hereby waives any right it may have under Applicable Law to exercise any rights of setoff with respect to any assets it holds owned by, or money or monies it owes to, WEST or any Subsidiary pursuant to and in accordance with the terms and conditions of this Agreement.

SECTION 13.11. Nonpetition.

During the term of this Agreement and for one year and one day after payment in full of the Notes, none of the parties hereto or any Affiliate thereof will file any involuntary petition or otherwise institute any bankruptcy, reorganization, arrangement, insolvency, examinership or liquidation proceeding or other proceeding under any federal or state bankruptcy or similar law against WEST or any Subsidiary thereof.

SECTION 13.12. Severability.

If any term or provision of this Agreement or the performance thereof shall to any extent be or become invalid or unenforceable, such invalidity or unenforceability shall not affect or render invalid or unenforceable any other provisions of this Agreement, and this Agreement shall continue to be valid and enforceable to the fullest extent permitted by law.

SECTION 13.13. Amendments.

This Agreement may not be terminated, amended, supplemented, waived or modified, except by an instrument in writing signed by WEST and the Servicer; *provided that* WEST may only terminate, amend, supplement, waive or modify this Agreement in accordance with Section 5.02(a) of the Indenture. No failure or delay of any party in exercising any power or right thereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power.

SECTION 13.14. Engine Trustee Liability.

It is understood and agreed that each Engine Trustee is entering into this Agreement as a Subsidiary solely in their capacity as owner trustee under the relevant Engine Trust Agreement and that U.S. Bank National Association shall not be liable or accountable in its individual capacity in any circumstances whatsoever except for its own gross negligence or willful misconduct and as otherwise expressly provided in the such Engine Trust Agreement, all such individual liability being hereby waived, but otherwise shall be liable or accountable solely to the extent of the assets of the Trust Estate (as defined in each Engine Trust Agreement).

"*Asset Expenses Budget*" has the meaning assigned to such term in Section 7.05(a)(B) of this Agreement.

"*Bank Accounts*" has the meaning assigned to such term in Section 6.01(b) of Schedule 2.02(a) to this Agreement.

ARTICLE 1

LEASE SERVICES

(a) invoice the Lessee (if contemplated by the applicable Lease) or otherwise arrange, on behalf of WEST or such Subsidiary, for all payments due from the Lessee, including Rental Payments, late payment charges and any payments in respect of Taxes and other payments (including technical, engineering, transportation, insurance and other charges) due under the relevant Lease, direct the Lessee to make such payments to such accounts as are required pursuant to the Indenture and take reasonable steps to enforce the rights and remedies of the Lessor under the Lease in the event of a nonpayment by the relevant due date;

(b) review from time to time, as deemed necessary by the Servicer, the level of Usage Fees and other amounts payable under a Lease (to the extent that such Usage Fees and other amounts may be adjusted under the Lease) and propose to the relevant Lessee or make such adjustments to the Usage Fees and other amounts as are required or that the terms of the relevant Lease and practices that the Servicer believes are prevalent in the Aircraft Engine operating lease market;

(c) maintain appropriate records regarding payments under the Leases;

(d) subject to the terms of any applicable Engine Document, take such actions as are necessary to apply any payment of any type received from any Lessee on a basis consistent with the terms of such Engine Document, including at the direction of such Lessee to the extent authorized by such Engine Document or as otherwise reasonably determined by the Servicer, and, to the extent that any such payments are made to an account other than the account to which such payment should have been directed pursuant to such terms or direction, to take such further actions as are necessary to give effect to such terms or direction, as applicable; and

(e) provide or arrange for the safekeeping and recording of any letters of credit, guarantees or other credit support (other than cash and cash equivalents) held as part of security deposits or Usage Fees and the timely renewal or drawing on or disbursement thereof as provided under the applicable Engine Document or otherwise in accordance with Section 1.06 of this Schedule 2.02(a).

SECTION 1.02. Maintenance. The Servicer will perform the following technical services relating to the maintenance of the Engines:

(a) Monitor or arrange for the monitoring of, by technical consultants selected by the Servicer, the performance of maintenance obligations by Lessees under all Leases relating to the Engines by including the Engines in the Servicer's technical audit program (which shall include, if deemed necessary based on the reasonable determination of the Servicer, inspection of each Engine and maintenance of a record of all written reports generated in connection with such inspections) consistent with practices employed from time to time by the Servicer and its Affiliates with respect to their own Aircraft Engines;

(b) Monitor and document the monthly usage of each Engine reported by the Lessee in accordance with the Engine Documents and provide a combined report of such usage to WEST, if requested;

(c) [reserved]

(d) In connection with a termination or expiration of a Lease of an Engine under which WEST or any Subsidiary is the lessor:

(i) arrange for the appropriate technical inspection of such Engine for the purpose of determining if the re-delivery conditions under the Lease have been satisfied;

(ii) maintain a record of the return acceptance certificate and related written materials normally received and retained or generated by the Servicer in connection with such inspection and provide reasonable access to such certificates and written materials to WEST or the relevant Subsidiary;

(iii) on the basis of the final inspection and available records, determine whether the Lessee has complied with the return condition and maintenance requirements of the applicable Lease;

(e) Consider and, to the extent the Servicer deems reasonably necessary or appropriate, approve any Lessee-originated modification (including, any such modification in compliance with applicable airworthiness directives, service bulletins and other modifications specified by an Aircraft Engine manufacturer) to any Engine submitted by any Lessee:

(i) to the extent authorized by the terms of the relevant Lease; or

(ii) which the Servicer reasonably determines would not result in a material diminution in value of the Engine;

(f) Estimate the amount (if any) WEST is obliged to contribute pursuant to the provisions of a Lease (taking into account the amount of Usage Fees available with respect to such Lease and the receivables position of the related Lessee) to maintenance work performed, the cost of complying with any modification requirements, airworthiness directives and similar requirements;

(g) Arrange appropriate storage and any required on-going maintenance of any Engine, at the expense of WEST, following termination of a Lease or any re-lease and redelivery of the Engine thereunder and prior to delivery of such Engine to a new lessee or purchaser, consistent with the Servicer's own practice with respect to its own Aircraft Engines; and

(h) Determine the aggregate amount of the Maintenance and Modification Expenses that are due and payable on each Payment Date or reasonably expected by the Servicer to become due and payable before the next succeeding Payment Date and amounts, the accrual of which would be prudent in light of the size and timing of the anticipated Maintenance and Modification Expenses after such succeeding Payment Date and before the sixth succeeding Payment Date (the "*Maintenance Required Amount*"). The Servicer shall adjust the Maintenance Required Amount for each successive Payment Date, taking into account additional information as to actual and projected Maintenance and Modification Expenses and Usage Fees paid by Lessees and may re-allocate the accrual of projected Maintenance and Modification Expenses among such Payment Date and the next five succeeding Payment Dates. The Maintenance Required Amount on each Payment Date shall be in a minimum amount of $5 million.

The Servicer shall generally provide the technical/maintenance advisory services set forth in this Section 1.02 of this Schedule 2.02(a) through the use of its own staff, consistent with the Servicer's own practice with respect to its own Aircraft Engines; *provided* that it shall utilize third parties to provide such technical/maintenance services where it shall deem appropriate as its own expense with regard to its normal business practices.

(ii) negotiate the insurance provisions of any proposed Lease or other agreement affecting any of the Engines, with such provisions to include such minimum coverage amounts with respect to hull and liability insurance as are consistent with the Servicer's commercially reasonable practice with respect to its own Aircraft Engines with any differences in such amounts to be notified to WEST by the Servicer;

(iii) monitor the performance of the obligations of Lessees relating to insurance under Leases of any Engines and ensure that appropriate evidence of insurance exists with respect to any Engine and insurance and evidence of insurance is appropriately provided by maintenance facilities providing maintenance work on such Engine paid for by the Servicer;

(iv) to the extent hull and liability insurance is not maintained by any Lessee, assist in arranging, through WEST's broker, a group aviation insurance program covering the Engines (it being understood that any savings resulting from a group policy covering both Engines and Other Assets shall be shared pro rata based on the Adjusted Appraised Value of the Engines and the net book value of the Other Assets, as determined on a basis consistent with the determination of Adjusted Appraised Value), with such minimum coverage amounts with respect to hull and liability insurance as are consistent with the Servicer's commercially reasonable practice with respect to its own Aircraft Engines with any differences in such amounts to be notified in writing to WEST and the Indenture Trustee by the Servicer;

(v) arrange, through WEST's broker, at the expense and written direction of WEST, such political risk insurance for Engines habitually based or registered in those countries in a list to be determined from time to time by WEST and such other insurance related thereto from the sources and with such minimum coverage amounts with respect to hull insurance as are consistent with the Servicer's commercially reasonable practice with respect to its own Aircraft Engines with any differences in such amounts and the amounts set forth on Schedule 1.03(a) to this Schedule 2.02(a) to be notified to WEST by the Servicer;

(vi) the Servicer will maintain at all times through WEST's broker, at the direction and expense of WEST, contingent insurance coverage, with such minimum coverage amounts with respect to hull and liability insurance as are set forth on Schedule 1.03(a) to this Schedule 2.02(a), except as notified to WEST by the Servicer;

(vii) advise WEST of any settlement offers received by the Servicer from a Lessee or its insurer with respect to any claim of damage or loss, including a Total Loss, of an Engine and provide WEST with copies of all relevant documentation related thereto and such other additional information and advice from the Lessee's or the insurer's agents, brokers or adjusters as WEST may reasonably request; and

(viii) unless WEST notifies the Servicer within five (5) Business Days after WEST is advised of any settlement offer in accordance with clause (vii) that WEST will itself negotiate the settlement offer, the Servicer shall be authorized to accept or continue to negotiate such settlement offer or such advisement and, upon acceptance of a settlement offer, to forward to WEST's broker the appropriate documentation, including releases and any indemnities required in connection with such releases, to give effect to such settlement offer and procure the execution of such documentation by WEST;

provided, however, that, in each case where insurance is to be obtained by the Servicer through WEST's broker, such insurance is reasonably available in the relevant insurance market using reasonable sourcing techniques consistent with the techniques for the Servicer's then current practice for obtaining such insurance. Any decision or action implemented by or on behalf of WEST as a result of the insurance services provided by the Servicer is solely the decision of WEST. The foregoing provisions shall apply to any arrangements in which Persons other than Lessees have possession of, or insurance responsibility for, an Engine.

(b) The Servicer shall provide to WEST such periodic reports regarding insurance matters relating to the Engines as the Servicer shall generate internally or deliver to WEST's broker from time to time or as WEST shall request.

(c) All insurance provided under this Section 1.03 shall include a provision naming the Indenture Trustee as, in the case of property insurance, loss payee and, in the case of liability insurance, additional insured. The Servicer shall use commercially reasonable efforts to continue to have the Indenture Trustee named as an additional insured on all liability insurance of the purchaser of any Engine for a period of two (2) years following the disposition of such Engine. All insurance provided under this Section 1.03 shall indicate that (x) the proceeds are payable to the Indenture Trustee notwithstanding any action, inaction or breach of representation or warranty by the insured, (y) there shall be no recourse against any Noteholder or the Indenture Trustee for payment of premiums or other amounts with respect to such insurance, and (z) at least thirty (30) days' prior written notice of cancellation, lapse or material change in coverage be given to the Indenture Trustee by the insurer and that the Indenture Trustee or the Noteholders shall have the right to pay any unpaid premium thereunder. As soon as available (but not later than the related Delivery Date or renewal or replacement dates), the Servicer shall provide WEST and the Indenture Trustee to a certificate of insurance consistent with the requirements of this Section 1.03.

Notwithstanding this section 1.03 or any other provision of this Agreement, the Servicer shall not provide, and shall not be required to provide, under any term of this Agreement or otherwise, any service that may be considered to be the carrying on of "insurance mediation" in Ireland for the purposes of the Irish European Communities (Insurance Mediation) Regulations 2005, as same may be amended or replaced from time to time. For the avoidance of doubt, "insurance mediation" means any activity involved in proposing or undertaking preparatory work for entering into insurance contracts, or of assisting in the administration and performance of insurance contracts that have been entered into (including dealing with claims under insurance contracts).

Following any default by a Lessee under the applicable Lease, the Servicer will provide notice thereof to the Controlling Trustees and will take all steps as it deems reasonably necessary or appropriate to preserve and enforce the rights of the Lessor under the applicable Lease and the Security Trustee, including entering into negotiations with such Lessee with respect to the restructuring of such Lease or declaration of an event of default under the applicable Lease, drawing on or making disbursement or application of any security deposits, Usage Fees or any letters of credit, guarantees or other credit support thereunder, voluntary or involuntary termination of the Lease and repossession of the Engine that is the subject of the Lease, and pursuing such legal action with respect thereto as the Servicer deems reasonably necessary or appropriate. The Servicer shall be authorized to apply any security deposit available under a Lease, if provided therefor in the Lease or permitted by Applicable Law, to the obligations of the Lessee under such Lease and to direct the Indenture Trustee to transfer or liquidate the relevant security deposit for such purpose.

SECTION 1.07. Lease Modifications. (a) The Servicer shall be authorized to make such amendments and modifications to any Lease as it shall deem reasonably necessary or appropriate; *provided, however,* that such amendment or modification shall require the approval of WEST pursuant to Section 7.06 of the Agreement if the provisions of such amendment or modification, were they to be included in a new Lease to be entered into after the date hereof, would, on their own, cause the entering into of such new Lease to require the approval of WEST pursuant to Section 7.06(a)(ii) of the Agreement. Such amendments or modifications may be made without regard to whether there is a default by the Lessee or other party under or with respect to any such Lease.

From time to time, and not more than annually, WEST may obtain current or projected appraisals of the Engines from any one or more internationally recognized independent appraiser and the Servicer shall, upon request, provide such information and assistance relating to such appraisal services with respect to the Engines as shall be reasonably necessary or appropriate in connection with such appraisals.

SECTION 5.02. Regulatory Changes. The Servicer shall (a) monitor regulatory developments applicable to Aircraft Engines and the Aircraft Engine leasing industry, (b) advise WEST on a timely basis in summary form of such information regarding legal and regulatory material changes and developments with respect to each Engine (which changes or developments occur after the relevant Delivery Date) of which the Servicer has knowledge, but only if the Servicer reasonably determines that such legal or regulatory developments are applicable to the Engines, and (c) take such action as may be necessary or appropriate to comply therewith.

SECTION 5.03. Market Research. The Servicer shall provide reasonable face to face or telephone access to executives, officers and employees of the Servicer as reasonably requested by WEST in order to confer with such executives, officers and employees regarding the market information of which any such person is aware with respect to commercial aviation demand in terms of traffic growth, new Aircraft Engine requirements and other information relevant to the long-term planning of WEST and the Subsidiaries with respect to Leases, purchases and sales, market conditions, industry trends and the Engines, *provided* that the Servicer shall not be obligated to disclose any confidential information.

SECTION 5.04. Lessee Information. Following WEST's request therefor, the Servicer shall provide to WEST in summary form such information regarding default history or other material Lessee information of which the Servicer has knowledge.

ARTICLE 6

ASSET CASH SERVICES

SECTION 6.01. Accounts and Account Information. (a) Existing Accounts. In the event that WEST desires to modify any of the arrangements relating to any of the existing bank accounts related to the Engines (the "*Existing Accounts*"), WEST shall deliver a certificate to the Servicer specifying in reasonable detail the modifications to be made with respect to any such Existing Accounts and the Servicer shall, to the extent necessary to transfer signing and related authority, cooperate with WEST and the Subsidiaries and the relevant banking institution to effect such modifications and shall take such other actions as are incidental thereto in order to give effect to the foregoing.

(b) New Accounts. The Servicer shall notify WEST in the event that any new bank account needs to be established on behalf of WEST or any Subsidiary in connection with the execution of a Lease with a new Lessee and WEST shall deliver a certificate to the Servicer specifying in reasonable detail (v) the name and location of the bank at which such account should be established, (w) the name(s) in which such account should be established, (x) the names of the beneficiaries of such account, (y) the names of the Persons authorized to make withdrawals from such account and (z) such other information (including with respect to any security arrangements) as WEST deems appropriate. The Servicer shall, to the extent necessary to create signing and related authority, cooperate with WEST and the relevant banking institution and take such other actions as are incidental thereto in order to give effect to the foregoing (the "*New Accounts*" and, together with the Existing Accounts, the "*Bank Accounts*").

In the event that the Servicer is required to transfer funds from any Bank Account to the account of another Person (other than WEST or any Subsidiary) as provided in Section 1.01(d) of this Schedule 2.02(a), the Servicer shall provide WEST with written notice setting forth the (i) name of the transferor, (ii) name of the transferee, (iii) accounts from and to which funds are to be transferred, (iv) amounts to be transferred, and (v) anticipated date of transfer.

SECTION 6.02. Payments. (a) Anticipated Payments. For purposes of the calculation of the Required Expense Amount by the Administrative Agent, the Servicer shall deliver to the Administrative Agent, not less than one Business Day prior to each Calculation Date, a written projection of payment obligations for Engine Expenses and a written projection of disbursements of Usage Fees and security deposits in accordance with the terms of any Lease, in each case reasonably anticipated by the Servicer to be necessary to be paid or disbursed in connection with the Servicer's performance of the Services under the Agreement during the period extending from the Payment Date immediately following such Calculation Date to but not including the next succeeding Payment Date (the "*Monthly Payment Period*").

The Servicer shall be authorized to direct the Indenture Trustee in writing to make disbursements from the Expense Account of all Expenses on such projection and of all Usage Fees and security deposits on such projection from time to time during such Monthly Payment Period.

(b) Unanticipated Payments. During any Monthly Payment Period, the Servicer may request in writing the approval of the Administrative Agent for the Servicer to pay or cause to be paid expenses that had not been reasonably anticipated by the Servicer at the time the projection required to be provided to the Administrative Agent pursuant to Section 6.02(a) of this Schedule 2.02(a) with respect to such Monthly Payment Period was delivered to the Administrative Agent. Any such request shall specify for each such payment obligation (i) the anticipated date of such payment, (ii) the payee, (iii) the amount of such payment, (iv) the nature of the obligation and (v) the Bank Account from which such payment should be made. No later than the next Business Day following such request by the Servicer, the Administrative Agent shall notify the Servicer in writing whether such payment request is approved or disapproved. If approved, the Servicer shall pay or cause such payment to be made to the relevant payee from the funds then available in the relevant account. In the event that the funds then available in such account are insufficient to make any such payment, the Administrative Agent shall take such actions as are necessary to cause funds sufficient to make any such payments to be transferred as soon as practicable from the Collections Account to such account. Following the transfer of such funds, the Servicer shall pay or cause such payments to be made in accordance with the foregoing provisions.

(c) Delegation of Authority. The Administrative Agent hereby authorizes the Servicer to make, or cause to be made, payments from the specified Bank Accounts in accordance with the foregoing procedures. In order to give effect to the foregoing provisions of this Article 6 of this Schedule 2.02(a), the Administrative Agent shall take such other actions as are necessary or appropriate, including by delegation or otherwise, pursuant to the terms of the Administrative Agency Agreement, the Indenture, the agreements between WEST or any Subsidiary and the relevant banking institutions with respect to the Bank Accounts or otherwise, or as the Servicer shall reasonably request, to authorize the Servicer to take such actions with respect to such Bank Accounts as the Administrative Agent determines to be necessary or appropriate as are set forth above.

ARTICLE 7

The Servicer shall provide or procure legal services, in all relevant jurisdictions, on behalf of WEST or the relevant Subsidiary with respect to the lease, sale or financing of the Engines, any amendment or modification of any Lease, the enforcement of the rights of WEST or any Subsidiary under any Lease, any disputes that arise with respect to the Engine Assets or for any other purpose that the Servicer reasonably determines is necessary in connection with the performance of the Services. The Servicer shall provide such legal services by using its in-house legal staff where it shall deem appropriate and shall authorize outside counsel to provide such legal services where it shall deem appropriate (including litigation) and in accordance with its practices with respect to Aircraft Engines owned by it or its Affiliates (other than WEST and the Subsidiaries).

SECTION 7.02. Accounting and Tax Services. The Servicer shall arrange for such accounting and tax services and advice and other professional services (which may be provided by the Servicer's internal staff, to the extent available) as shall be reasonably necessary or appropriate in connection with the structuring of lease, sale or financing transactions with respect to the Engine Assets or for any other purpose that the Servicer reasonably determines is necessary in connection with the performance of the Services.

SECTION 7.03. Legal Opinions. The Servicer shall provide or procure the legal opinions required by Section 5.02(s) of the Indenture with respect to Future Leases.

(a) A written report of (i) the leasing, sales and purchasing activities that were completed during the preceding month, which shall include a summary of the principal financial terms related to any new or amended lease transactions, including floating rate and fixed Rental Payments and, in the case of floating rate Rental Payments, the index applicable thereto (attaching a copy of the factual portions of the applicable transaction overview, if any), and (ii) any default notices issued, in each case with respect to the Engine Assets, in such detail as WEST may request from time to time.

(b) A detailed statement of the cash receipts and disbursements with respect to the Engine Assets for the preceding month in such details as WEST may request from time to time.

(c) A detailed statement of certain expected cash disbursements in respect of technical and other leasing expenditures, overheads and Usage Fees expenditures on a monthly basis for three (3) months (a "*Forecast*") (it being understood that any such Forecast may be based upon historical cash flow patterns), in such detail as WEST and the Servicer may agree from time to time.

(d) A detailed statement of receivables (including details, if any, of any set-offs among Lessee receivables, Usage Fees and security deposits) analyzed by Lessee and by region for each account balance outstanding (including with respect to restructured Leases), categorized by number of days outstanding, in such detail as WEST may request from time to time.

(e) A report on all pending and potential litigation (with respect to which the Servicer has received written notice of threatening litigation, which, in the reasonable judgment of the Servicer, is material) involving any Engine Asset of which the Servicer has written notice.

(f) Such other information as may required pursuant to Section 2.14 of the Indenture.

SECTION 8.02. Other Information. (a) To the extent the Servicer is in possession of the relevant information, the Servicer shall prepare and submit to WEST the following information with respect to WEST and each Subsidiary:

(i) promptly after the occurrence thereof, notify WEST of any accident or incident of which the Servicer has notice involving any Engine; and

(ii) upon WEST's request therefor, information with respect to transactions relating to Engine Assets necessary for WEST or any Subsidiary to prepare statutory returns with respect to contractors engaged by the Servicer on behalf of WEST or such Subsidiary.

(b) The Servicer will make available to WEST and its advisers and designees, subject to their reasonable availability, and at reasonable times and upon reasonable notice, the Servicer's directors, officers, employees, representatives, advisers and other agents, in order to provide to WEST and its advisers and designees information (to the extent the Servicer has possession thereof) with regard to the Engine Assets (including in response to inquiries with respect to the reports provided to WEST by the Servicer pursuant to Sections 8.01 and 8.02 of this Schedule 2.02(a)) which may be required by WEST. In furtherance thereof, in order to facilitate WEST and each Subsidiary carrying out its responsibilities upon the request of WEST, the Servicer shall make available (through physical attendance or telephonic conference) such officers and employees, depending on such persons' reasonable availability, that WEST shall reasonably deem appropriate for meetings with WEST's representatives to provide to WEST information, and response to inquiries, with respect to the reports provided to WEST by the Servicer pursuant to Sections 8.01 and 8.02 of this Schedule 2.02(a).

SECTION 8.03. Ratings Information. Upon request by WEST, the Servicer shall provide to WEST such information and data (to the extent the Servicer has possession thereof) about the Engine Assets and other assistance relating to the Engine Assets as WEST and the Servicer shall deem reasonably necessary or appropriate in connection with providing information to the Rating Agencies for WEST's debt ratings or the ratings of any public securitization debt issued by an Affiliate of WEST.

SECTION 8.04. Custody of Documents. The Servicer agrees to hold all original documents of WEST or any Subsidiary that relate to the Engine Assets in the possession of the Servicer in safe custody, by application of the measures comparable to those the Servicer uses in the retention of its own original documents of a similar nature.

(a) WEST and each Subsidiary hereby appoints the Administrative Agent as the provider of the general services set forth in Section 2.03, the accounting services set forth in Section 2.05 and the additional administrative services set forth in Section 2.06 (together with the Bank Account Management Services referred to in subsection (b) below, the "*Administrative Services*") to WEST and each Subsidiary on the terms and subject to the conditions set forth in this Agreement.

(b) WEST hereby directs the Indenture Trustee to appoint, and the Indenture Trustee, on behalf of the Secured Parties, hereby appoints, the Administrative Agent as the provider of the bank account management and calculation services set forth in Section 2.04 and in the Indenture (the "*Bank Account Management Services*") and delegates to the Administrative Agent its authority to administer the Accounts and to otherwise perform the Bank Account Management Services on behalf of WEST and each Subsidiary on the terms and subject to the conditions set forth in this Agreement.

(c) The Administrative Agent hereby accepts such appointments and agrees to perform the Administrative Services on the terms and subject to the conditions set forth in this Agreement.

(d) The Administrative Services do not include any service or matter which is the responsibility of the Servicer under the Servicing Agreement or the company secretaries of WEST or any Subsidiary.

SECTION 2.02 Limitations. (a) The Administrative Agent agrees (with respect to the Administrative Services agreed by it to be carried out hereunder) to perform the Administrative Services in a manner that does not violate the terms of the articles of incorporation, by-laws, trust agreements or similar constitutional documents of WEST and each Subsidiary and all agreements to which WEST or any Subsidiary is a party (including all Related Documents), *provided* that copies of such documents and agreements have been delivered or are otherwise available to the Administrative Agent and, without prejudice to the foregoing, not to enter into, on behalf of WEST or any Subsidiary, any commitments, loans or obligations or charge, mortgage, pledge, encumber or otherwise restrict or dispose of the property or assets or expend any funds of WEST or any Subsidiary save (i) as expressly permitted by the terms of this Agreement or (ii) upon the express direction of the Controlling Trustees, subject to the limitations in Section 2.02(b) hereof.

(b) In connection with the performance of the Administrative Services and its other obligations hereunder, the Administrative Agent shall (i) have no responsibility for the failure of any other Person (other than any Person acting as a delegate of the Administrative Agent under this Agreement pursuant to Section 9.01 hereof) providing services directly to WEST and the Subsidiaries to perform its obligations to WEST and the Subsidiaries, (ii) in all cases be entitled to rely upon the instructions of WEST and the Subsidiaries with respect to any Administrative Services other than the Bank Account Management Services or upon the instructions of the Indenture Trustee on behalf of WEST and the Subsidiaries with respect to any Bank Account Management Services, and upon notices, reports or other communications made by any Person providing services to WEST and the Subsidiaries (other than any Affiliate of the Administrative Agent) and shall not be responsible for the accuracy or completeness of any such notices, reports or other communications except to the extent that the Administrative Agent has actual notice of any matter to the contrary and (iii) not be obligated to act in any manner which is reasonably likely to (A) violate any Applicable Law, (B) lead to an investigation by any Governmental Authority or (C) expose the Administrative Agent to any liabilities for which, in the Administrative Agent's good faith opinion, adequate bond or indemnity has not been provided.

(c) Subject to the limitations set forth in Section 2.02(a), in connection with the performance of the Administrative Services, the Administrative Agent is expressly authorized by WEST and each Subsidiary, (i) to engage in and conclude commercial negotiations with the Persons providing services to WEST and the Subsidiaries, including, without limitation, where the context admits, the Servicer (unless the Servicer is Willis) and other Persons performing similar services or advising WEST and the Subsidiaries (the "*Service Providers*") and with their Representatives, and (ii) after such consultation, if any, as the Administrative Agent deems necessary under the circumstances, to act on behalf of WEST or such Subsidiary with regard to any and all matters requiring any action on the part of the Administrative Agent under the Servicing Agreement. (ii) assisting in evaluating the performance and compliance of each Service Provider against its obligations under the relevant agreement or such standards as are established pursuant to subsection 2.03(b)(i) above; and

(iii) implementing any other request by WEST and the Subsidiaries to evaluate the performance of the Service Providers under the relevant agreements with WEST and the Subsidiaries, which shall be at the expense of WEST and the Subsidiaries, to the extent services are required that are materially greater in scope than those being provided pursuant to the express terms of this Agreement.

(b) to the extent required by Applicable Law or by judicial or administrative process, but in the event of proposed disclosure, the Administrative Agent shall use reasonable efforts to protect information in which WEST and the Subsidiaries have an interest to the maximum extent achievable; and

(c) to the extent that the information:

It is also expressly understood that any actions taken on behalf of WEST or any Subsidiary by the Administrative Agent shall be taken as agent for WEST or such Subsidiary, either naming WEST or the relevant Subsidiary, or naming the Administrative Agent as agent for an undisclosed principal. Neither WEST nor any Subsidiary shall hold itself out as a partner of the Administrative Agent, and the Administrative Agent will not hold itself out as a partner of WEST or any Subsidiary.

THIS ASSET TRANSFER AND LIQUIDATION AGREEMENT, dated as of September 14, 2012 (this "*Agreement*"), is entered into by and between WILLIS LEASE FINANCE CORPORATION ("*Willis*"), a Delaware corporation, and WILLIS ENGINE SECURITIZATION TRUST ("*WEST*"), a Delaware statutory trust.

W I T N E S S E T H:

WHEREAS, WEST has adopted a plan of liquidation, pursuant to which WEST wishes (a) to sell to Willis the WEST Acquisition Membership Interest for the consideration and on the terms and conditions set forth in this Agreement and to use the proceeds to redeem all of its issued and outstanding Notes and (b) subject to the completion of such redemptions, to liquidate by distributing all of its other assets to Willis, as the sole holder of the beneficial interests in WEST, in complete liquidation of WEST;

WHEREAS, pursuant to the Engine Transfer Agreement, WEST Engine Acquisition LLC ("*WEST Acquisition*"), a Delaware limited liability company wholly owned by WEST, and Engine Trusts beneficially owned by WEST Acquisition (the "*New Engine Trusts*") have agreed to acquire the Aircraft Engines described in Schedule 1 to the Engine Transfer Agreement, as amended from time to time as provided in the Engine Transfer Agreement (the "*Engines*") and the related Engine Assets from the Engine Trusts (the "*Old Engine Trusts*") that, as of the date hereof, own the Engines and the related Engine Assets for the benefit of WEST's wholly-owned subsidiary WEST Engine Funding LLC ("*WEST Funding*");

WHEREAS, it is a condition to the sale of WEST Acquisition to Willis that WEST Acquisition and the New Engine Trusts have acquired all or substantially all of the Engines and the related Engine Assets;

WHEREAS, Willis separately intends to sell, transfer and contribute the WEST Acquisition Membership Interest to New WEST, which will make a cash payment to Willis (the "*New WEST Cash Payment*") for the WEST Acquisition Membership Interest, the amount of which will be based in part on the number of Engines and related Engine Assets that have been acquired by New Engine Trusts owned by WEST Acquisition on the date of such sale, transfer and contribution;

WHEREAS, after the transfer of the WEST Acquisition Membership Interest to Willis and the redemption of all of the issued and outstanding Notes of WEST, WEST will liquidate by transferring WEST Funding and all of its other remaining assets to Willis, subject to Willis assuming all outstanding liabilities of WEST and its Subsidiaries, other than WEST Acquisition and the New Engine Trusts;

(b) The sale, transfer and assignment of each Engine and the related Engine Assets contemplated by the Engine Transfer Agreement will take place on a date (the "*Delivery Date*" for such Engine) agreed by WEST Funding and WEST Acquisition, which may agree to postpone the Delivery Date for any Engine and the related Engine Assets after it is established pursuant to the preceding sentence but not to a date after the end of the Transfer Period.

The representations and warranties of WEST contained in this Agreement, and all statements contained in this Agreement, the Exhibits to this Agreement, and any certificate, or report or other document delivered pursuant to this Agreement or in connection with the transactions contemplated by this Agreement (collectively, the "*Transfer Documents*"), shall survive the Closing Date.

Section 6.02. Indemnification by WEST. WEST hereby agrees to indemnify and hold harmless Willis, its Affiliates (other than WEST and its Subsidiaries other than WEST Acquisition and the New Engine Trusts) and their successors and assigns, and the trustees and agents of Willis, its Affiliates (other than WEST and its Subsidiaries other than WEST Acquisition and the New Engine Trusts) and their successors and assigns (each a "*WEST Indemnified Party*") for any and all Liabilities, losses, damages, claims, costs and expenses, interest, awards, judgments and penalties (including, without limitation, attorneys' and consultants' fees and expenses) actually suffered or incurred by them (including, without limitation, any of the foregoing arising from any Action brought or otherwise initiated by any of them) (hereinafter a "*Loss*"), arising out of or resulting from or relating to:

(ii) the breach of any covenant or agreement by WEST contained in the Transfer Documents;

(iii) Liabilities of WEST Acquisition and the New Engine Trusts arising from or relating to the ownership or actions or inactions of WEST Acquisition and the New Engine Trusts or the conduct of their respective businesses prior to the Closing Date; or

(iv) any and all Losses suffered or incurred by Willis, WEST Funding or the New Engine Trusts by reason of or in connection with any claim or cause of action of any third party to the extent arising out of any action, inaction, event, condition, liability or obligation of WEST, WEST Funding, WEST Acquisition, the Old Engine Trusts or the New Engine Trusts occurring or existing prior to the Closing Date or, in the case of any Engine and related Engine Assets transferred after the Closing Date, the related Delivery Date.

To the extent that the undertakings of WEST set forth in this Section 6.02 may be unenforceable, WEST shall contribute the maximum amount that it is permitted to contribute under Applicable Law to the payment and satisfaction of any such Losses.

Section 6.03. Indemnification by Willis. Willis hereby agrees to indemnify and hold harmless WEST, its Affiliates (other than WEST Acquisition and the New Engine Trusts) and their successors and assigns, and the trustees and agents of WEST, its Affiliates (other than WEST Acquisition and the New Engine Trusts) and their successors and assigns (each a "*Willis Indemnified Party*") for any Loss arising out of or resulting from:

(i) the breach or inaccuracy of any representation or warranty made by Willis contained in the Transfer Documents;

(ii) the breach of any covenant or agreement by Willis contained in the Transfer Documents;

(iv) any and all Losses suffered or incurred by WEST, WEST Funding, WEST Acquisition, the Old Engine Trusts and the New Engine Trusts by reason of or in connection with any claim or cause of action of any third party to the extent arising out of any action, inaction, event, condition, liability or obligation of WEST Acquisition or the New Engine Trusts occurring or existing on and after the Closing Date and on or prior to the second anniversary of the Closing Date.

To the extent that undertakings of Willis set forth in this Section 6.03 may be unenforceable, Willis shall contribute the maximum amount that it is permitted to contribute under Applicable Law to the payment and satisfaction of all Losses incurred by WEST.

Section 6.04. Notice, Etc. A WEST Indemnified Party or a Willis Indemnified Party (each, an "*Indemnified Party*") shall give WEST or Willis, respectively, (each, the applicable "*Indemnifying Party*") notice of any matter which an Indemnified Party has determined has given or could give rise to a right of indemnification under this Agreement, within 60 days of such determination, stating the amount of the Loss, if known, and method of computation thereof, and containing a reference to the provisions of this Agreement in respect of which such right of indemnification is claimed or arises; *provided*, however, that the failure to provide such notice shall not release such Indemnifying Party from any of its obligations under this Article VI except to the extent such Indemnifying Party is materially prejudiced by such failure and shall not relieve such Indemnifying Party from any other obligation or Liability that it may have to any Indemnified Party otherwise than under this Article VI. The obligations and Liabilities of any Indemnifying Party under this Article VI with respect to Losses arising from claims of any third party which are subject to the indemnification provided for in this Article VI ("*Third Party Claims*") shall be governed by and contingent upon the following additional terms and conditions: if an Indemnified Party shall receive notice of any Third Party Claim, the Indemnified Party shall give the applicable Indemnifying Party notice of such Third Party Claim within 30 days of the receipt by the Indemnified Party of such notice; *provided, however*, that the failure to provide such notice shall not release such Indemnifying Party from any of its obligations under this Article VI except to the extent such Indemnifying Party is materially prejudiced by such failure and shall not relieve such Indemnifying Party from any other obligation or Liability that it may have to any Indemnified Party otherwise than under this Article VI. If any Indemnifying Party acknowledges in writing its obligation to indemnify the Indemnified Party hereunder against any Losses that may result from such Third Party Claim, then such Indemnifying Party shall be entitled to assume and control the defense of such Third Party Claim at its expense and through counsel of its choice if it gives notice of its intention to do so to the Indemnified Party within five days of the receipt of such notice from the Indemnified Party; *provided*, *however,* that if there exists or is reasonably likely to exist a conflict of interest that would make it inappropriate in the judgment of the Indemnified Party, in its sole and absolute discretion, for the same counsel to represent both the Indemnified Party and the Indemnifying Party, then the Indemnified Party shall be entitled to retain its own counsel, in each jurisdiction for which the Indemnified Party determines counsel is required, at the expense of the Indemnifying Party.

In the event any Indemnifying Party exercises the right to undertake any such defense against any such Third Party Claim as provided above, the Indemnified Party shall cooperate with such Indemnifying Party in such defense and make available to such Indemnifying Party, at the Indemnifying Party's expense, all witnesses, pertinent records, materials and information in the Indemnified Party's possession or under the Indemnified Party's control relating thereto as is reasonably required by such Indemnifying Party. Similarly, in the event the Indemnified Party is, directly or indirectly, conducting the defense against any such Third Party Claim, the Indemnifying Party shall cooperate with the Indemnified Party in such defense and make available to the Indemnified Party, at such Indemnifying Party's expense, all such witnesses, records, materials and information in such Indemnifying Party's possession or under such Indemnifying Party's control relating thereto as is reasonably required by the Indemnified Party. No such Third Party Claim may be settled by the Indemnifying Party without the prior written consent of the Indemnified Party.

Section 6.05. Limits on Indemnification. Notwithstanding anything to the contrary contained in this Agreement, the maximum amount of indemnifiable Losses which may be recovered from an Indemnifying Party arising out of or resulting from the causes enumerated in this Article VI shall be an amount equal to the Cash Portion of the WEST Acquisition Purchase Price.

Any such extension or waiver shall be valid only if set forth in an instrument in writing signed by the party to be bound thereby. Any waiver of any term or condition shall not be construed as a waiver of any subsequent breach or a subsequent waiver of the same term or condition, or a waiver of any other term or condition, of this Agreement. The failure of either party to assert any of its rights hereunder shall not constitute a waiver of any of such rights. Notwithstanding anything to the contrary in this Article VII, no such extension or waiver by WEST shall be valid unless consented to by the Indenture Trustee (unless the lien of the Indenture has been irrevocably satisfied and discharged in full).

ARTICLE VI

INDEMNIFICATION

Section 6.01. Indemnification by Willis. Willis hereby agrees to indemnify and hold harmless WEST, its Affiliates and their successors and assigns, and the trustees and agents of WEST, its Affiliates and their successors and assigns (each an "*Indemnified Party*") for any and all Liabilities, losses, damages, claims, costs and expenses, interest, awards, judgments and penalties (including, without limitation, attorneys' and consultants' fees and expenses) actually suffered or incurred by them (including, without limitation, any of the foregoing arising from any Action brought or otherwise initiated by any of them) (hereinafter a "*Loss*"), arising out of or resulting from or relating to:

(i) the breach or inaccuracy of any representation or warranty made by Willis, WEST Acquisition, Facility Acquisition or WEST Funding contained in the Transfer Documents;

(ii) the breach of any covenant or agreement by Willis contained in the Transfer Documents;

(iii) Liabilities of WEST Acquisition, Facility Acquisition and the New Engine Trusts arising from or relating to the ownership or actions or inactions of WEST Acquisition, Facility Acquisition, WEST Funding, the Old Engine Trusts or the New Engine Trusts or the conduct of their respective businesses prior to the Closing Date; or

(iv) any and all Losses suffered or incurred by WEST, WEST Funding, WEST Acquisition, Facility Acquisition, the Old Engine Trusts and the New Engine Trusts by reason of or in connection with any claim or cause of action of any third party to the extent arising out of any action, inaction, event, condition, liability or obligation of WEST Acquisition, Facility Acquisition, WEST Funding, the Old Engine Trusts or the New Engine Trusts occurring or existing prior to the Closing Date or, in the case of any Remaining Engine and related Engine Assets transferred after the Closing Date, the related Delivery Date.

To the extent that undertakings of Willis set forth in this Section 6.02 may be unenforceable, Willis shall contribute the maximum amount that it is permitted to contribute under Applicable Law to the payment and satisfaction of all Losses incurred by WEST.

Section 6.02. Notice, Etc. An Indemnified Party shall give Willis (the "*Indemnifying Party*") notice of any matter which an Indemnified Party has determined has given or could give rise to a right of indemnification under this Agreement, within 60 days of such determination, stating the amount of the Loss, if known, and method of computation thereof, and containing a reference to the provisions of this Agreement in respect of which such right of indemnification is claimed or arises; *provided*, however, that the failure to provide such notice shall not release the Indemnifying Party from any of its obligations under this Article VI except to the extent the Indemnifying Party is materially prejudiced by such failure and shall not relieve the Indemnifying Party from any other obligation or Liability that it may have to any Indemnified Party otherwise than under this Article VI. The obligations and Liabilities of the Indemnifying Party under this Article VI with respect to Losses arising from claims of any third party which are subject to the indemnification provided for in this Article VI ("*Third Party Claims*") shall be governed by and contingent upon the following additional terms and conditions: if an Indemnified Party shall receive notice of any Third Party Claim, the Indemnified Party shall give the Indemnifying Party notice of such Third Party Claim within 30 days of the receipt by the Indemnified Party of such notice; *provided, however*, that the failure to provide such notice shall not release the Indemnifying Party from any of its obligations under this Article VI except to the extent the Indemnifying Party is materially prejudiced by such failure and shall not relieve the Indemnifying Party from any other obligation or Liability that it may have to any Indemnified Party otherwise than under this Article VI. If the Indemnifying Party acknowledges in writing its obligation to indemnify the Indemnified Party hereunder against any Losses that may result from such Third Party Claim, then the Indemnifying Party shall be entitled to assume and control the defense of such Third Party Claim at its expense and through counsel of its choice if it gives notice of its intention to do so to the Indemnified Party within five days of the receipt of such notice from the Indemnified Party; *provided*, *however,* that if there exists or is reasonably likely to exist a conflict of interest that would make it inappropriate in the judgment of the Indemnified Party, in its sole and absolute discretion, for the same counsel to represent both the Indemnified Party and the Indemnifying Party, then the Indemnified Party shall be entitled to retain its own counsel, in each jurisdiction for which the Indemnified Party determines counsel is required, at the expense of the Indemnifying Party.

In the event the Indemnifying Party exercises the right to undertake any such defense against any such Third Party Claim as provided above, the Indemnified Party shall cooperate with the Indemnifying Party in such defense and make available to the Indemnifying Party, at the Indemnifying Party's expense, all witnesses, pertinent records, materials and information in the Indemnified Party's possession or under the Indemnified Party's control relating thereto as is reasonably required by such Indemnifying Party. Similarly, in the event the Indemnified Party is, directly or indirectly, conducting the defense against any such Third Party Claim, the Indemnifying Party shall cooperate with the Indemnified Party in such defense and make available to the Indemnified Party, at such Indemnifying Party's expense, all such witnesses, records, materials and information in the Indemnifying Party's possession or under the Indemnifying Party's control relating thereto as is reasonably required by the Indemnified Party. No such Third Party Claim may be settled by the Indemnifying Party without the prior written consent of the Indemnified Party.

Any such extension or waiver shall be valid only if set forth in an instrument in writing signed by the party to be bound thereby. Any waiver of any term or condition shall not be construed as a waiver of any subsequent breach or a subsequent waiver of the same term or condition, or a waiver of any other term or condition, of this Agreement. The failure of any party to assert any of its rights hereunder shall not constitute a waiver of any of such rights. Notwithstanding anything to the contrary in this Article VII, no such extension or waiver by WEST shall be valid unless consented to by the Indenture Trustee (unless the lien of the Indenture has been irrevocably satisfied and discharged in full).

Section 7.02. Waiver by Willis. Willis may (a) extend the time for the performance of any of the obligations or other acts of WEST, (b) waive any inaccuracies in the representations and warranties of WEST contained herein or in any document delivered by WEST or (c) waive compliance with any of the agreements or conditions of WEST contained herein. Any such extension or waiver shall be valid only if set forth in an instrument in writing signed by the party to be bound thereby. Any waiver of any term or condition shall not be construed as a waiver of any subsequent breach or a subsequent waiver of the same term or condition, or a waiver of any other term or condition, of this Agreement. The failure of any party to assert any of its rights hereunder shall not constitute a waiver of any of such rights.

All actions and proceedings arising out of or relating to this Agreement shall be heard and determined in any New York state or federal court sitting in the City of New York.

Section 8.10. Waiver of Jury Trial. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

Supplemental information:

The difference between average common shares outstanding to calculate basic and assuming full dilution is due to options outstanding under the 1996 Stock Options/Stock Issuance Plan and restricted stock issued under the 2007 Stock Incentive Plan.

The calculation of diluted earnings per share for the three months ended September 30, 2012 excluded from the denominator zero options and zero restricted stock awards granted to employees and directors because their effect would have been anti-dilutive. The calculation of diluted earnings per share for the three months ended September 30, 2011 excludes from the denominator zero options and zero restricted stock awards granted to employees and directors because their effect would have been anti-dilutive.

The calculation of diluted earnings per share for the nine months ended September 30, 2012 excluded from the denominator zero options and 132 restricted stock awards granted to employees and directors because their effect would have been anti-dilutive. The calculation of diluted earnings per share for the nine months ended September 30, 2011 excludes from the denominator zero options and zero restricted stock awards granted to employees and directors because their effect would have been anti-dilutive.
